December 2017

Subject: Annual Lions Cavalcade Campout, Parade and BBQ

Lion President and Lions All,

We extend an invitation to any club that would like to host this event to contact the MDC Lions Cavalcade for Diabetes Awareness Chairperson or your District Lions Cavalcade Chairperson for more details and let us know what year you would be interested in. We currently require a host club for 2020 and beyond. We would encourage those clubs who have hosted in the past to consider doing it again.

Diabetes awareness is a top priority for Lions Clubs International, the world's largest service organization. The need for diabetes information in our communities is greater than ever. We would like to join your Lions Club in 2020 or beyond as they host a Lions Cavalcade for Diabetes Awareness event.

The 2018 event will be in Millet, AB. on June 1-3, 2018. The weekend consists of a MDC Lions Cavalcade for Diabetes Awareness Committee meeting on Friday at 7:00 PM, silent auction on Sat from 10 AM to 4 PM, Diabetes Awareness presentation by Diabetes Canada 10:30 AM to 11:30 AM, Parade from 2 PM to 3 PM, Parade of Green and speeches from 3 PM to 4 PM, BBQ supper at 5:00 PM.

Enclosed please find our MDC Lions Cavalcade for Diabetes Awareness Newsletter containing information about our committee and what its purpose is, see the enclosed newsletter for information re the per capita donation awards being offered to each District this Lionistic year. Also enclosed is an information sheet about T.D.R.P (Travelling Diabetes Resource Program).

To those who have supported the project in the past we say thank you and look forward to your continued support. For those who haven't had an opportunity to support us yet we hope you will find some funds in your budget that can be directed to Lions Cavalcade for Diabetes Awareness to help Diabetes Canada continue to operate the T.D.R.P. program now and in the future.

Thank you in advance for any and all donations, which can be made at the Lions Cavalcade Event Parade of Green or mailed to our Treasurer, Lion Bryant Ducheminsky, 2 Chilcotin Way West, Lethbridge, AB, T1K 7L8

Promoting awareness, prevention and control of diabetes powerful, focused and committed

What is Strides: Lions for Diabetes Awareness?

Strides is a friendly, positive and active community event that enables Lions clubs or districts to take action and raise awareness about diabetes prevention and control. The Strides program incorporates enjoyable physical activity through a community walk, run, bicycle ride, dance or other healthy exercise.

Strides Mission

The mission of Strides: Lions for Diabetes Awareness is to empower Lions to join the fight against diabetes and implement Strides community events.

The Need

Diabetes is increasing worldwide. Over 360 million people have diabetes. By 2030, the International Diabetes Federation (IDF) estimates that over 550 million worldwide will have the disease. It is deadly and debilitating; every 8 seconds, someone in the world dies from the complications of diabetes. Diabetic retinopathy is a leading cause of blindness.

Strides Objectives

- Heighten Lions' interest in diabetes awareness
- Empower Lions to take action and join the fight against diabetes
- Generate community involvement in a Strides event
- Promote a healthy lifestyle through enjoyable exercise/movement activities
- Enable Lions to implement Strides events with ease and confidence
- Convey a sense of optimism and Lions' community support for those affected by diabetes
- Prevent vision loss through greater awareness of diabetes and diabetic retinopathy
- Increase Lions' visibility within the community
