District 13 OH5 GLT Report

Governor Carl and District Cabinet,

At the COG meeting, I was disappointed that the Governors did not approve a state-wide ELLI for this year. Instead, they want District specific ELLI. While we'll definitely be able to do that here in OH5, it's a big concern for me as MD13 GLT for some Districts, as I know it won't happen in them. But we will definitely have it here in OH5. I just need to know what time of year you would all like to have this happen?

Zone meetings have been going well. I'd like to do Zone Chair training this year on June 14th at the State Office.

I'd like to know when you want to have the Guiding Lion Training? I am thinking we could also do this in June. Maybe right after the Zone Training? Or would you like it in August/September to get ready for when clubs start to get back together in September?

As you know Learn to Roar, our Leadership Training will take place on June 13th, at Tolles Career and Technical Center. I'm a bit behind on the program due to my campaign but I'll be getting to work on it next week and get everything out and we'll get it in the Pride Report. There's a good suggestion to have the officer trainings recorded that we could use instead of doing the mini training sessions and I'd like to try that if I can get some help with those recordings. Depends if I can get the resources to do it.

So far I haven't gotten anything from anyone on the District GLT Contest but I hear Lions are working on it so we'll see. I'm having issues with the pin person getting my pins so I'm hoping he comes through!

I'm still available to visit any club who would like me to visit and talk about any training they would like and talk about LCI. They can contact me at pdgjackie@gmail.com or 614-530-1861.

Yours in Lionism,

GLT PDG Jackie
