

S2 - Sight and Hearing Committee Report

February 2026

As a result of efforts by several OH5 cabinet members, we now have a review committee for the OH5 Eye Care Fund.

Checks continue to be received for the general Sight and Hearing committee fund, as well as directed checks to Pilot Dogs, and VOICECorp.

The state government program OhioSEES appears to be making progress, but at a very slow pace. There appears to be much more confusion than clarity. I will share information as it unfolds.

Yours in Service,

PDG Dave Luttrell
