

First report District GST coordinator Lion Ben Dawson

Due to health issues mostly resolved now have not attended forums as wanted, would appreciate any aid that can be given to brought up to date.

I would like to communicate with clubs their ideas and implementation of service opportunities. I would like to bring forth collaboration of clubs in service to heighten our presence. These are very difficult times at present to move as quickly as we would like and overcome obstacles we may find in our way but together we can find ways.
