District 13, OH5: GMT Coordinator

8-18-21

Governor Joe,

Thank you for appointing me again as the GMT Coordinator for District 13, OH5. We are coming off a very unusual year with membership down and several clubs that are no longer with us.

My main focus is to make sure that we help all of your clubs first and foremost to maintain the membership they currently have, and then to add new members.

My Short Term Goals are as follows:

1. We need to find out how many clubs have a membership chair.
  - a. Enlist the Zone Chairs to find out which of their clubs do not have one and then work to establish a membership chair for the club.
2. Make sure all clubs have the necessary membership resources i.e.; Membership quick guide, Club Membership Chairperson's Guide.
3. Set up meetings with Membership Chairs, via Zoom or in person to train and brain storm ideas for the clubs.
4. We then need to look at different ways to bring new members to our clubs

Based on experience I have had from the past, I feel it may be helpful to create a short survey that we can sent out to the Membership Chairs. It would be interesting to see how many know what the membership committee does, if they have ever had orientation, or how to develop a growth plan.

If the Zone Chairs would like to have a Zoom meeting with their Membership Chairs, I will be more than willing to be a part of that meeting. I can travel but it would be based on my work schedule.
