

I'm looking forward to attending as many Zone meetings as possible and the many club projects that will occur in August and September. It is really gratifying to see how many clubs are becoming more visible in their communities.

At the first Council of Governor's meeting we were brought up to date on LCIF's Campaign 100 and the Regional Lions Leadership Institute (RLLI). Both are very important to our clubs and communities. Funds from Campaign 100 help fund diabetes screenings, measles vaccinations and pediatric cancer patients. RLLI will help grow leaders within your club and what you learn can be used in all areas of your life.

Please remember the Week of Service October 10-17<sup>th</sup>.

Serve with Kindness!!
