RE: International Relations

DG Joe,

The International Relations Committee funds three organizations. They are VOSH, SVOSH, and AMIGOS. VOSH is a group led by optometrists and surgeons who travel to foreign countries to provide services such as glasses and cataract surgeries. SVOSH is similar, but it is set up for the help of licensed professionals and those in school. Again, they travel out of the county. The third organization is AMIGOS. It is a student group that travels out of the country. It is not medically related, but to develop friendships with students from other countries. They also develop and work on a local project,

Last year, the Clubs of our district donated \$1,500. My goal this year will be to collect between \$2,000 to \$2,500. Letters will be sent to all Clubs with information about where the funds go. We typically meet in November of each year and make our yearly donations.

Respectfully Submitted,

PDG Jeff Hatfield
