

AUGUST 19,2023

From 2VDG Carl Gass

As I tour various clubs in our District, I find Lions dedicated to the cause of providing service. Members of the clubs seem very respectful, willing to hear new thoughts, and ideas.

The Lions Clubs I have visited though many have a scaled back program for the summer, which is understandable, seem very engaged and productive in raising money, providing service and having a presence in their respectful communities.

The one thing I did not find to be considered important across the board was a push for membership.

This shall be my priority as I visit clubs in MD13-OH 5.
