ALERT Report

11/10/2021

Governor Joe:

I was not able to attend the last ALERT State Committee meeting due to other obligations but it was brought up that with ALERT being about education and helping at the District Level only that the State Committee isn't needed. This report was given at the recent COG meeting.

The Committee is voting on disbanding the State Committee – this will STILL be a District Office, and a MUCH needed one. It's just not needed at the State Level.

I would like to print 100 copies of the brochure that was originally developed by the previous ALERT Committee under Lion Mark Raifeld, tailored to our District. We can distribute through the Zone Chairs to all the clubs throughout our District.

Respectfully submitted,

PDG Jackie Miller
