

DS-1

ALERT Team

02-13-19

Debbie Horn

Governor Mike:

Our meeting was held on 02-09-19. All districts were represented except for OH-1 and OH-4.

The ALERT Program continues to generate some interest in pockets within some local clubs. District ALERT Chair Persons are out speaking to clubs and zone meetings. We have made some progress in what ALERT can bring to the community, however, Lions across MD 13 seem to have little knowledge of what it is and how Lions can get involved. In some districts actions that previously took place are still haunting the districts and are hindering the process of the program.

We are working on a new brochure that explains ALERT and how Lions can get involved. Hopefully this will help each district to get involved with ALERT and take us in a new direction.

Respectfully submitted,

Lion Debbie Horn
