

OH5 Eye Care Fund Advisory Committee

February 2020

Governor Jackie Miller,

The OH5 Eye Care Fund has received five (5) requests for assistance since the October Cabinet Meeting. I have talked to all five of the individuals. It was determined through the initial phone calls that three (3) of the individuals did not qualify for assistance. Applications were sent to the remaining two (2) individuals with one completed application to yet be received back. The remaining application was approved by both the OH5 Eye Care Fund Advisory committee and the Ohio Lions Foundation board. The checks were sent to the surgery facility and doctors.
