

## MD1 – Building Trustees

The Building trustees met on October 23<sup>rd</sup> at the State Office.

Orkin has taken care of the bug problem and has left bait boxes out.

The sidewalk, close to SWEA has crumbled and will need repaired. Committee member will discuss with a Grove City Evening member regarding the repair.

The security system has finally been updated by the security company. The cost is approximately \$45/month.

The parking lot needs resurfaced; Lion Ralph will do the crack filling with Ohio Lions paying for the materials (approx. \$300-400). We need 3 bids, but no one is responding to our request for bids.

The property taxes will be going up on the building. We have budgeted for that. The appraised value of the building has increased, as has all commercial property in Grove City (25% increase in GC). The building listing was changed by PCC Dave Risen as Ohio Lions Inc.

The water bill was higher than normal.

Looking to keep the same snowplow company for this winter as last.

The committee voted to replace blinds for the SWEA on 7 windows. The committee voted to spend \$450 on blinds and up to \$300 on installation.

Our next meeting is scheduled for January 29<sup>th</sup> at 7pm via Zoom.
