# OH5 Pride Report

*District Governor Jason Gray*

**Stronger  
Together**

Happy Spring!

Well kind of, I

guess it depends on what day you are looking at! The great news is that things are starting to look much brighter. As the flowers start to grow and as we get closer and closer to the end of all the COVID issues, I would encourage you and your clubs to evaluate what you learned from this last year. It was truly an unprecedented time and hopefully we have learned wonderful things about our families, our friends, our communities, and our clubs. We may have learned minor things, such as keeping more updated contact information for members, so they can more easily be contacted when something out of the normal happened. It may be more significant things, such as changing how fundraisers are held. Many clubs in our district were able to hold their fundraisers in new and exciting ways. Can we use those ideas to grow in new ways even when we are back to "normal?" I truly think we can and encourage you to do so. I think that if we look deep enough, we will be able to find lessons from this past year that will allow us to grow our friendships, our clubs and our communities.

Thank you for everything you do!

DG Jason

**Check out the attached "Conference Edition" newsletter accompanying this post to learn more about our District OH5 Celebration (May 15, 2021), the MD-13 Statewide Convention (May 22-23, 2021) and the virtual LCI Conference (June 25-29, 2021). We hope you will consider attending all three!!!**

## BREAKING NEWS, REMINDERS, AND CALLS FOR SERVICE

### Announcement to Lions Clubs Regarding Pilot Dogs Executive Director Search

As many Ohio Lions know, for over 70 years Pilot Dogs has provided high-quality canine guides to persons in need. Pilot Dogs' current Executive Director Jay Gray has spent years forming a strong foundation for the organization—and enhancing the lives of thousands of individuals in the process.

Now, as Jay looks to his retirement this summer, the organization's Board celebrates his dedicated service (and years of outreach to the Ohio Lions Clubs), and looks forward to building upon his legacy. To that end, the Board has begun the search for

a new Executive Director. A search committee comprised of current and former Board members has been assembled. And Benefactor Group, a Columbus-based firm with a national reputation for nonprofit executive searches, has been retained to facilitate the process.

Selecting the next Executive Director of Pilot Dogs is an important chapter in the history of this beloved organization. The Board is committed to this important task and extends its gratitude to the Lions who have been generous supporters and dedicated volunteers to Pilot Dogs over the past decades. Lions who are interested in the search process, or the position of Executive Director, should visit the Benefactor Group website at <http://bit.ly/pilotdogsprofile> or contact Ron Guisinger ([ron@benefactorgroup.com](mailto:ron@benefactorgroup.com))

#### A Reminder from 1VDG Joe Jackson

Many clubs limit their membership by not inviting women; often the reason for not asking spouses to be members is: "one of our members said they will quit the club!" So the dilemma is double the size of your current club or lose a member with no vision. Easy answer, right?

We can also increase club size by looking for members with other interests such as SIERRA Club, Special Olympics, Diversity Issues, and School Programs (LEO Clubs). School groups can also be invited including non-public schools and home schooling families. In addition, there are several Career Centers in OH-5; perhaps a call to a High School Director would be appropriate.

#### Get Ready to Serve

Happy Easter, folks. Several members of my club have helped in service with the Tri Village club, while the Hilliard club is helping with our Bunny Candy handout. We are The Lions *overall* and think having joint service opportunities with clubs is a good way to aid in arranging service opportunities, especially now with many clubs silent. Need help? Reach Out.

We have clubs, it seems, being silent. Are we reaching out to members to see how we can be of help. With many clubs not having meetings of any kind, can we maybe have a Buddy list to call and check up on members. I would be glad to help.

I am looking forward to the LCI convention. It is affordable to many being virtual and what a time to meld with the world of LIONS.

Ben Dawson  
District GST Coordinator

## OUR CONTINUING MISSION AS KNIGHTS OF THE BLIND

### From the Sight and Hearing Committee

If your club has already made donations to any of the sight and hearing agencies and haven't let us know, please send me an email and let me know your club made a donation, to which organization, and for how much so we can keep our records up to date. Send to [pdgjackie@gmail.com](mailto:pdgjackie@gmail.com).

The Sight & Hearing Foundation is working very hard with the State of Ohio to get them to accept our PlusOptix (preferred by the Foundation) and Spot machines for use in vision screenings in Ohio Schools. Currently, the State only allows the very antiquated manual process of screenings kids in the public schools and/or using the SureSight machine which only screens one eye at a time. The SureSight machines are obsolete and not being manufactured any longer. To that end, OH5 is requesting a club come forward that would be willing to help with a study being conducted through OSU on the benefits of treating far-sighted children at an early age – Kindergarten. This will get us closer to getting the State of Ohio to approve one or both of the PlusOptix and Spot machines. A club is needed that is willing to call schools in Franklin County and find one that is willing to allow us to do vision screenings. Someone from the State of Ohio will join you for the screenings to observe how it's done. You will be using our District PlusOptix screener and using the PASS2 Assessment along with general observation of students for these screenings. I will have Lion Lilane Fox contact whichever club is willing to assist us and provide you will more information re: these screenings. Anything we can do to get the State of Ohio to allow us to use updated technology for screening school children!! Please reach out and contact me ASAP if your club is willing to assist in this study. My email is above and my phone number is 614-530-1861.

Please keep our sight and hearing organizations in mind: Sight & Hearing Committee, Pilot Dogs, VoiceCorps, Newsreel, Paws with a Cause, PBO (Prevent Blindness Ohio), OH5 Eye Care Fund. Please let us know if you have any questions or need any assistance with sight and hearing. If we don't have the answer, we'll find it for you!

### Enhanced Vision Has Low Vision Equipment

In this issue of our newsletter, we'd like to introduce Beverly Watkins of Enhanced Vision. Beverly has dedicated over 19+ years of her career to helping individuals with low vision and blindness to remain independent. She provides no-cost consultations to determine a person's remaining vision as well as their specific needs and goals. This evaluation process helps narrow down which low vision aids and electronic magnifiers might be the best fit for them. Her extensive background working in the vocational rehabilitation field has given her the necessary experience and understanding that there is no "one size fits all" solution, which is why she offers a very diverse line of low vision adaptive solutions to choose from. Some of these solutions are small and portable, slightly larger than the size of a cell phone, while others may be larger and stationary. Here are just a few of the many ways that these solutions can help: Reading your mail, books, prescriptions, recipes, menus in a restaurant, help with grooming, viewing objects at a distance, seeing loved ones, watching television and performing hobbies.

## **Ohio Lions Foundation Awards \$3000 Helen Keller Scholarship**

We are pleased to inform you that we have selected the recipient of the 2021-2022 Ohio Lions Foundation/Helen Keller scholarship award. One applicant stood out from the rest as being an outstanding student and exhibiting financial need. This year's recipient of \$3,000 is Alex Mitov.

Alex is a freshman, Computer Science major from Bowling Green, OH. He graduated from Bowling Green High School with a 3.895 GPA and also received a Certificate of Completion from the Information Technologies Academy at Penta Career Center. He first attended BGSU in the spring of 2019 as a high school student taking College Credit Plus classes. He was then admitted as a degree-seeking student in the fall of 2020. He currently has a perfect 4.0 GPA.

Alex has Leber's congenital amaurosis which is responsible for his vision loss. He is completely blind with very little light perception. Consequently, he uses academic accommodations to successfully complete his coursework. He is approved for: extended time for exams and quizzes (time-and-a-half) exams in audio format or read aloud, scribe for exams, computer for exams, recording of class lectures and discussion, alternative formatted texts/classroom materials, assistance with completing scantrons, and use of his personal Braille note taker device.

In his free time, Alex enjoys watching Netflix and participating in RallyCap Sports.

Our staff have been impressed by our interactions with Alex. He is very tech savvy and is a wonderful self-advocate. He is an outstanding role model to all of our students with disabilities.

On behalf of BGSU and Accessibility Services, thank you so much for your continued financial support of our students with visual impairments.

### **From Scholarship Award Winner, Alex Mitov**

Dear Ohio Lions Foundation,

I am writing to thank you for the \$3000 worth of scholarship funds that I recently won. I am a first-year student pursuing a B.S. in Computer Science. This funding will be extremely valuable in helping me pay for necessary educational expenses such as tuition, books, and other fees. I intend to use the knowledge I learn along the way to help others wherever and however I can, having a great time as I go. I am very passionate about working with computers, financial literacy, and being a blessing to those around me. A \$3000 investment now will return a great deal of value to the community in the future, and I am grateful and excited to be part of this journey. Again, thank you for funding this scholarship and selecting me as the winner.

Sincerely,

Alex Mitov

# Voicecorps

*Voicecorps reading service provides news and information to people with blindness and other disabilities; presents to local clubs, too.*

Voicecorps reading service was established in Columbus, Ohio in 1975 to serve people living with blindness or vision impairment and who have difficulty reading due to chronic disability or medical conditions. Voicecorps audio broadcasts serve to keep listeners informed and aware of daily events, news and information.

The reading service provides special radios that contain its signal at no charge to listeners. One flip of the on button and an individual can hear the latest news read aloud from The Columbus Dispatch, Delaware Gazette, central Ohio weekly neighborhood newspapers and all types of magazines such as Time, Newsweek, Columbus Monthly, TV Guide and other popular periodicals and books. Voicecorps is also available on Amazon Alexa Dot and Echo smart speakers, or streaming from its website.

## ***Voicecorps Ambassadors can present to your Lions Club***

Voicecorps enjoys sharing its history and mission with community groups and service clubs by having its team of Voicecorps Ambassadors present at virtual, Zoom meetings during the pandemic. Lions Clubs in central Ohio seeking to invite a Voicecorps Ambassador to present at a virtual club meeting can get on the schedule by contacting Shari Veleba, Voicecorps Marketing Coordinator, at [sveleba@voicecorps.org](mailto:sveleba@voicecorps.org), or by calling Voicecorps and leaving a message at (614) 274-7650 Ext. 17. Voicecorps is currently not sending Ambassadors to in-person meetings, but that will change when COVID-19 conditions improve.

Prior to the pandemic, volunteers completed their reading at Voicecorps studios, located on Columbus' West Side. But during the pandemic, Voicecorps trained its volunteer readers to conduct their "live" and taped readings using technology from the comfort of their own homes.

Help Voicecorps find "the next person in need" by asking yourself and your friends and family, "Who do you know who needs Voicecorps?" For more information, visit [www.voicecorps.org](http://www.voicecorps.org).

Dear Friend of the Sunbury Lions Club,

It is once again time to begin preparations for our **4<sup>th</sup> annual Reverse Raffle** fundraiser. Due to the current COVID-19 pandemic, we feel it would be in everyone's best interest to hold the event online via Facebook Live instead of meeting in person. This year's event will be held **Saturday, April 24, 2021 at 6:00 PM**. The Sunbury Lions Club appreciates your past support of our club and hope that you will be able to support us again with this year's Reverse Raffle. The purchase of a ticket entitles you a chance to win one of **20 cash prizes totaling \$7,650.00**, with the top prize being **\$5,000.00**. As in previous years, we will limit our ticket sales to 300 tickets. Tickets typically sell out quickly so we encourage you to purchase your tickets early. Prizes may be modified if all tickets are not sold. You do not need to have access to Facebook in order to win.

Tickets for the 2021 Reverse Raffle are available for \$50.00 by returning the enclosed form in the self-addressed envelope. **Tickets purchased before March 24, 2021** are eligible to win one of **three Early Bird tickets** worth **\$50.00** each. After the Early Bird tickets are drawn, those tickets will be returned to the hopper for the regular drawings.

This event is the main fundraiser for our club as it raises fund to support Honor Flight – Columbus, the Ohio Fallen Heroes Memorial in Sunbury, and other organizations in Central Ohio that promote health and well-being for sight related causes including guide dogs for the blind, eye tests and glasses for the less fortunate in the Big Walnut school district, as well as supporting camp sessions for individuals with disabilities and health concerns.

If you supply us with your email address, we will email a list of winners at the end of the event.

The Lions International motto is **WE SERVE!** We ask you to help us serve by participating in our annual Reverse Raffle.

Thank you!
