

ROAR BACK FROM THE PANDEMIC

(Take Your Own Notes)

It appears the worst is over. Everyone seems to be emerging from 15 months of enforced isolation and precautions. Now the question is, how will your Lions Club come roaring back? The focus shouldn't be on getting back to "normal" – set your sights on coming back better and stronger than you were, because of what we have learned through this time.

What HAVE we learned?

We have (potentially) learned some new ways to communicate

We Have Learned Some New Ways to Serve

We Have Learned Some New Ways to Fundraise

We Learned That We Are Better Together

Freeconferencecall.com

You can get a phone number to have folks call into, dial in a passcode, and be able to listen in (essentially, it is a party line). For \$4 a month, you can get a dedicated number. A phone number that is just for your use and that doesn't require a passcode.

These calls can be recorded and the recording made available as an mp3 file that you can send to someone attached to an email (or posted to a website if you have the expertise). It is a way of boosting your communications.

Trivia Questions:

The Tri-Village Lions have been trying their hand at three trivia questions a day since March 22, 2020. Each day, they get three trivia questions and the answers to the previous day's trivia questions (see sample below). If you would like copies of the files of trivia questions that you can cut and paste into whatever use you have for them, just write to lionjjarrow@gmail.com

Here are a couple of samples:
