District Governor's Message

Where have all the Leaders gone? The very nature of our organization demands that we have leaders and at the District level and above, leaders are restricted to one year positions.

At the club level, serving two years in the same position ensures that the officer will gain more knowledge and become familiar with the requirements of that position, but serving more than 3 consecutive years limits the ability of other members becoming eligible to run for other positions at the Zone and District level.

If you are an active officer in your club, please consider moving up and moving on. The wisdom you have acquired is meant to be shared with others and the need for active and participating Zone Chairs and Vice-District Governors is great. Lack of eligible leaders is slowly eroding our district and is making it very difficult for the current officers to meet the requirements of their positions. Having Zone Chairs and Vice-District Governors waiting in the wings to step up will allow the current District Governor and 1st Vice-District Governor along with other district officers (GLT, GMT, and GST for example) to make definitive and successful long-term goals that will establish a pattern of growth and learning.

Leadership is not about titles, positions, or flowcharts.

**It is about one life influencing another
Leadership is about making a difference.**

1st VDG Peggy Harriman

What makes businesses, organizations, educators, children, parents and individuals successful? It's setting goals, big or small, that are measurable with steps to meet those goals. From something on a large scale such as a business that wants to increase sales by 10 percent by the end of 2019, to a little girl who wants to buy a new Barbie by the end of the month, to a club that wants to increase its membership by the end of the year, thoughtful goals with steps and actions make them a reality. District Governor Frank Bega recently unveiled the district goals during a Cabinet retreat and had them posted on the MD19 E website at <http://www8.lionsclubs.org/reports/DGGoals/2019-2020/District%2019%20E.pdf>.

I want to encourage the district's clubs' leadership to view those goals, and then do its best to develop their own goals, goals that enhance your club and helps District Governor Frank Bega meet the District goals to make it the best district it can be. As mentioned last month, this can be done by using the **Blue Print for a Strong Club** at <https://temp.lionsclubs.org/EN/pdfs/DA-STPBG.pdf>.

DISTRICT 19E ADMINISTRATION ASSISTANT

I am PDG Harry Lippincott. Some of you may know me and others may not. As we begin this year under the guidance of District Governor Frank Bega, he has asked me to serve in the position of District Administration Assistant. The district has never used the position, however, Lions Club International (LCI) has made the position available to districts. Today many individuals are very busy with families, work, etc., and when they volunteer they face many challenges.

District Governors are mainly charged with assuring Lions Club in their district are following the Lions Clubs international Construction & By-Laws for club operation. Primarily the requirements are to assure the timely filing of Monthly Membership Reports (MMR), file information regarding club activities in service and fundraising, timely payment of dues, and, annual club officer elections.

The four areas noted are where I will be assisting DG Frank. In areas where the district does not have Zone Chairpersons I will be contacting those clubs regarding the reports and dues payments as necessary. Where there are Zone Chairperson it will be their responsibility to contact the clubs for those purposes. Any Zone Chairperson can request assistance.

The lack of Zone Chairpersons presents a real challenge for the district in assuring the clubs are in compliance with their purposes as member club of Loins Club International. DG Frank's desire to continue the excellent service the clubs provide in their communities is a reason I have agreed to step forward and take on the Administration Assistant position. Basically, an overview is: approximately the 25th of each month I will checking that the MMR's have been filed. If the reports have not been filed I will be contacting the Club President to ask the reports be filed. (Club President has overall responsibility for actions of the club).

For years we have encouraged Club Secretaries to file by the 25th of the month. We asked this for the main reasons of: if put off till the last day one's computer may experience issues, their internet connection may become disabled, the LCI site may have issues and many other reasons. The 25th of the month allows for time to resolve any issue that may arise and the clubs report can be submitted on time. Actually, I would encourage clubs to adopt the MMR report filing immediately after the 1st meeting of the month. Most clubs are well aware of monthly membership status by that time. A report can always be updated prior to month end.

Possibly the major rationale behind the LCI requirement that Lions Clubs provide timely reports for membership and service has not been adequately conveyed to Club Leadership. The membership numbers and types of community service are extremely important for LCI when they are discussing other national/international organizations what LCI does worldwide. The measles eradication program comes immediately to mind with our LCI organization working with the Gates Institute. Another is working together with the Carter (President Jimmy Carter) Foundation. This is where we as Lions come into play by reporting our membership numbers and how we serve. It tells the world that as Lions "WE SERVE."

I look forward to working with the clubs and their leaders during DG Frank's year. I know each of you want the district to be successful. Please feel free to email me or call at 509-443-0570.

Respectfully,
Lion Harry Lippincott
District 19E Administration Assistant
PDG District 19E 2017-2018
hlippin1@comcast.net

RETENTION

We all realize it is important to keep our members and to work with them to make them want to remain a Lion. I am including some information that might help you understand the importance of maintaining your membership level.

LCI By-Laws state that we must have at least 1,250 members and at least 35 clubs in the district while we have 48 clubs we are becoming very short on members.

Additionally we must have at least 4 clubs in each zone and we are close to falling below that number. If we fall below this it could mean our district could be redistricted. While the final decision would not necessarily affect our district this year, it could be detrimental to our district in the future.

We as Lions do so much for our communities and it is imperative that we all work together to keep our membership strong and our district healthy.

Marge Bega
Retention Chair

DIABETES

Don't Fall into Diabetes....

The end of summer is here and fall is coming fast, but let's not let that be the end of our efforts to improve diabetes awareness. As people return from the summer vacation season and many get ready for the start of the school year, let us all be sure to keep an eye on each other and our health. Pre-diabetes is a warning to each person that they are at risk for becoming diabetic and this warning must be taken seriously. Remember that seasons change, but diabetes it is always a threat for many and a reality for many more.

Be sure to keep the following in mind:

5th annual Strides Walk for Diabetes Awareness on September 19 at the 2019 USA/Canada Leadership Forum

The Diabetes Symposium September 19 at the 2019 USA/Canada Leadership Forum

November is Diabetes Awareness Month

If you would like a Diabetes Awareness presentation at your club meeting, please contact me at the following email: lion.doug.callahan@gmail.com

Let's not lose another Lion, friend, or neighbor to diabetes!

Lion Doug Callahan--- District 19E Diabetes Awareness Chair

Looking back over the 2018-2019 year at Leader Dogs for the Blind, they had a very successful year. Over 291 people who are blind, visually impaired or Deaf-Blind have trained through the Guide Dog Training, Orientation & Mobility Training and Summer Experience Camp—all at no cost to our clients!

This could not have been done without the support of Lions, Lionesses and Leos across the United States and Canada. The [Lions July newsletter](#) highlighted the grass roots beginning to their growth as an internationally recognized leader in the service platform. What three Lions can do!

UPDATE ON LDB CLIENT Ben, who lives in Rathdrum, has been accepted by Leader Dogs. He left for Rochester Hills on Sunday, August 8th, for seven days of White Cane training. When he returns, he has a month to become proficient with the cane. Then we take a video and send to LDB. If they accept his mobility with a cane he will then be scheduled for his dog and classes.

PZC Lonnie Morse, 19-E Chairman
Leader Dogs for the Blind
lionlonnie@gmail.com

MyLion is Your Tool for Reporting Service... Club officers, just when you think you've got online reporting figured out, Lions Clubs International (LCI) changes things. The latest change is the requirement that service reporting be done through MyLion instead of MyLCI. It's a change, but it doesn't have to keep clubs from reporting the good works they do in their community.

Recently, Past District Governor Harry Lippincott sent an email out to club presidents and secretaries which included a link to a Youtube video by LCI that explains how any member can create an event that they are planning to implement. That link is: <https://www.youtube.com/watch?v=npuTGERBctE>. I have watched that video and have successfully created an upcoming environment project – an adopt-a-county road litter pick. I just followed the instructions the video provided and "voila" my club now has an event ready to report when completed.

There is a second video (<https://www.youtube.com/watch?v=kP3498MrHxE>) that explains how to report an activity that has been completed. Although any club member can create a future event, only the club secretary, president or designated Club Service Chairperson (CSC) can create a past event or modify an event that was created in advance to complete the reporting to LCI.

So here's a way to make sure that your club is reporting the many projects it is completing. Rather than expecting the secretary to do all the reporting work, see if there is another member of the club that is computer savvy and see if they would be willing to serve as the CSC. The club secretary would just need to edit the club officer information in MyLCI to designate that member to the CSC position and the baton for reporting will have been passed.

Currently, only the following seven clubs have designated a **CSC: Bonners Ferry, Chewelah Valley, Coeur d'Alene, Davenport, North Pend Oreille Valley, Pinehurst Kingston and Spokane Central**. If your club has designated a CSC, but is not included in this list, please have your secretary check to see that it was properly reported.

If your club has not already done so, please consider identifying a CSC. **I challenge all clubs in our District to have a CSC reported by the end of September.** Once they are designated in the MyLCI database, I will be able to work with them to get them up to speed with project reporting.

I thank you in advance to completing this important step!

PDG Kim Di Rienz..... District Global Service Team Coordinator

Vision Facts

LERC

- **253 million** people are blind or have moderate to severe distance vision impairment
- **1.1 billion** have near-vision impairment simply because they don't have a pair of glasses
- **>75%** of all blindness and MSVI is avoidable
- **89%** of people with visual impairment live in developing countries

SightFirst

- Launched in 1990
- Helped 30 million people improve or restore their vision
- Investing US \$415 million to extend services to even more people throughout the world
- US \$6 is the average cost to help restore a person's vision or prevent blindness.

Below is a listing of where they have gone. (April – July)

Tanzania -- 438 pair, **Dominican Republic** -- 240 pair, 300 suns, **Nigeria** -- 684 pair, **Malawi** -- 710 pair, **Marshall Islands** -- 684 pair, **USA – Seattle** -- 87 pair, **Bolivia** -- 684 pair, 300 suns, **Antigua** -- 1441 pair, 425 suns, **Bolivia** -- 558 Suns, **Jamaica** -- **784 pair, 637 suns**, **Antigua** -- 1016 pair, 425 suns, 250+cases, **Bolivia** --1048 pair, **Antigua** -- 300 pair, **USA** -- 175 Plano Frames.

Thank you for your continued donation of glasses....Joy Otis

"Looking for the Lion in Everyone"

Presidents, LCIF Coordinators

Most of you recently received an email from PIP Yamada (included below) giving you the exciting news about a change to the model club program. Starting this year the Per Member Average (PMA) was lowered from \$750.00 to \$500.00. I want to explain just what this means so we all have a better understanding.

Should your club elect to become a model club on say September 1st, then your membership total on that day is the base figure. Now lets say your membership is 30 members on 9/1, then we would multiply 30 times \$500.00 and arrive at \$15,000. That would be your goal to donate to LCIF by 6/30/2022. Model clubs are given an additional year to achieve that target. Originally this was a three-year program but some changes have occurred. The \$\$\$\$ your club donated in 2017-2018 are included; donations from 2017-2019, 2019-2020, 2020-2021 and 2021-2022 are all included for Model Clubs. If a club donated \$2,000 in 2017-2018, \$3,000 2018-2019 they have 5K already in the bank. If said club has a membership of 25 members their goal is \$12,500. This leaves \$7,500 needed the last 3 years.

Where does the money come from??? Club Budget, special fundraiser, members, (we are all asked to donate \$100.00 a year or \$2.00 a week). Money also can come from outside Lions. Ask a friend, family member, a business that makes donations to different such causes. Any one of those can make a donation to your club for LCIF. Donations of \$1,000 would also earn that donator a Melvin Jones Fellowship, if desired. It happened last year, a non-member donated \$1,000. A club in District F had 5 members donate \$1,000 each. The important thing is to realize and understand the great things that are done with our donations. And never forget that any amount donated to LCIF, 100% goes out as a grant.

If you have any questions please let me hear from you. I can also provide you with past donations.

PDG Bob Yeoman
MD 19 LCIF Coordinator Dist. D,E, F
U.S. Clubs

Dear Club Leaders,

We're pleased to announce an exciting change to the Campaign 100 Model Club program. Effective in July 2019, the Model Club per-member average (PMA) is US\$500. This means more clubs can confidently commit to becoming Campaign 100: LCIF Empowering Service Model Clubs, ultimately empowering service to your community and Lions' efforts globally to help those who need us most.

To each club that committed to being a Model Club at the US\$750 level, we offer our sincerest thanks. Your extraordinary dedication is truly inspiring and exemplifies the tremendous power of Lions collectively striving toward a common goal. For your leadership, you'll forever be known as a VISIONARY Model Club.

Through the remainder of our campaign, Model Club levels and associated PMAs are:
Model Club - US\$500 / VISIONARY Model Club - US\$750 / 200% Model Club - US\$1,000
300% Model Club - US\$1,500 / 400% Model Club - US\$2,000 / 500% Model Club - US\$2,500
600% Model Club - US\$3,000 / PREMIER Model Club - US\$3,500+

We're excited and energized by this enhanced Model Club strategy, which was recently shared with Campaign 100 International Committee members, area leaders, and multiple district and district coordinators. If you have questions, please reach out to your area leader, your regional development manager, or to campaign100@lionsclubs.org. We also highly encourage you to visit and bookmark the Model Club Frequently Asked Questions page and to share it with your club members.

As always, we thank you for your participation and enthusiasm. Your club's donations to LCIF are critical to our campaign's success. More importantly, they help ensure you have resources needed to deliver hope and healing to hundreds of millions of people worldwide now and for generations to come.

In gratitude, PIP Dr. Jitsuhiro Yamada, and PIP J. Frank Moore III, Co-Chairpersons--Campaign 100

GMT

May I extend autumn greetings and warm wishes to all of our District E Lions Clubs. I know some of you have been on summer break but are still quite active and others stay busy year-round.

As the GMT chairperson this year again, I would very much like to be in contact with all club membership chairpersons in our district.

A goal would be to have each club have a membership gain of one person over losses and deaths that may occur. We would like to see each club membership chair submit a plan to accomplish this task, whether it is through open houses, event exposure, members just asking or any other way you come up with to see your club grow. These plans are not set in stone; they can be changed or altered to fit your circumstances of how you see your lion's year unveil. This would provide a map to our leadership to best see where to concentrate efforts of membership extension.

Some of our club numbers are still dropping and putting some zones in a transitional state. This means that we may have to rezone clubs. This process does cause some problems as to longer travel for zone chairs and zone meetings. Look for ways to increase your memberships and build stronger clubs. Your communities appreciate all the efforts that Lions Clubs provide, so stay proactive and continue to "Ask" so your memberships may grow.

PDG Brian Ross
GMT District E

ENVIRONMENT

Tis the Season for Completing Projects for the Environment

By PDG Kim Di Rienz, District Environment Chair

We are rapidly heading from Summer to Fall and with that will come a reduction in opportunities to complete environment projects in the field this calendar year. Daylight hours will decrease, temperatures will drop and weather will become more changeable. So, please, take some time now to plan and carry out a club project. The following clubs have already reported environment projects:

Creston Lions Club – Maintains the Club's highway viewpoint. Work includes garbage removal and cutting weeds.

Green Bluff Lions Club - Members collect recyclables in a neighborhood that doesn't have pick-up. Then they deliver them to a collection site.

NPOV Lions Club – Collecting and removal of litter from a section of County Road under Pend Oreille County's "Adopt a County Road" program.

Consider contacting your local parks department to schedule an end-of-season clean-up of trash. Or team up to pick litter from a roadside leading into or out of your community.

If you are unable to complete a project this Fall, start planning now for a new project for next Spring. Consider working with local youth to create a community garden which can provide fresh produce for elderly members of your community (Priest River Lions Club is already doing this and could probably provide some planning tips.) Work with local youth groups to plant trees next Spring or to clear local trails of fallen branches or other debris.

Put the challenge to your members to come up with a new environment project and help to make your community a better place.

Plenty of Time to Register

[The Countdown Begins for the USA/Canada Lions Leadership Forum... Are You Ready?](#)

Remarkable leaders get even better with continued education and information. That's why the USA/Canada Lions Leadership Forum was conceived. It's a mission of enhancing the individual leadership capabilities needed for growth within our organization and the art of working with your club or district as a leader in the mission of creating a better caring world that can do larger things in our communities, towns and cities.

The Forum's mission is to maximize your leadership skills with precise seminars that help you become a better leader. This year in Spokane, we have expanded within our 75+ seminars the addition of special guest seminar speakers from the business and education world in helping you communicate, organize and enhance your recognition as a leader in your community, town or city.

Register today: <https://lionsforum.org>

Forum September Newsletter: <https://lionsforum.org/newsletters1/>

THE IMPORTANCE OF MEMBER RECOGNITION

IPDG Lyndon Harriman

There are many reasons and methods to recognize members of our local Lions Clubs. Let's explore the acknowledgements and rewards we can bestow upon our members, while also examining the myriad reasons to do so.

First of all, we should know our member well enough to determine the appropriate reward to bestow upon them. Some members only want a quiet pat on the back and a job well done, and others want more formal recognition which could be an announcement at a club gathering, a certificate, a plaque, or a trophy presented formally at a Lions meeting. Very meaningful awards made by the Lions club could recognize long terms of faithful service and hard work, or they could emphasize a job well done directing a service project or fundraiser.

Two outstanding awards available to Lions Clubs are the Judge Brian Stevenson award and the Melvin Jones award. Each of these awards symbolizes the commitment a Lion has made to service to their community as well as the entire world. These awards demonstrate to the Lion that receives them how appreciative the club is for the effort they have expended. Further, award ceremonies let the visiting public know just how valuable we view our members.

As an example, the weekend of the 24 & 25 of August, First Vice District Governor Peggy Harriman and myself attended a BBQ hosted by Orlando Pecora and the Golden Lions Club to honor two long serving, outstanding members. The awards were a complete surprise to the recipients, who had no idea they were being recognized. Furthermore, the host, who arranged the ceremony, had no inkling he was also receiving a thank you gift for his work during my year as Governor. Orlando Pecora has been an outstanding leader both at the club level and the district level, having served as Zone Chair and as Leo advisor for District E for many years. He is a hands-on leader serving in every leadership position in the Golden Lions Club. I presented Lion Orland with a star engraved with his name, and a thank you for his service. I went on to award his wife, Lion Wendy Pecora, with a Melvin Jones for her many years of service, and leadership positions.

Lion David Clapperton, a member since 1992, was also awarded a Melvin Jones. Dave has been the club secretary for many, many years, and directed and coordinated the Rodeo Beer Garden, Bingos, and organized many public functions including weddings and parties.

All three members were amazed and ecstatic at receiving their awards. As a nice surprise, the upcoming Leo president and a Leo member both told me how meaningful it was to see a Lion be recognized for the valuable work they did for the community. A non-Lion guest indicated she is now considering joining the Lions Club in Golden, now that she knew the work and effort put forth by Lions was appreciated.

David Clapperton &
Wendy Pecora

IPDG Lyndon Harriman &
Orlando Pecora

Out and About in the District

Dog Guides get ready for their first day of school!

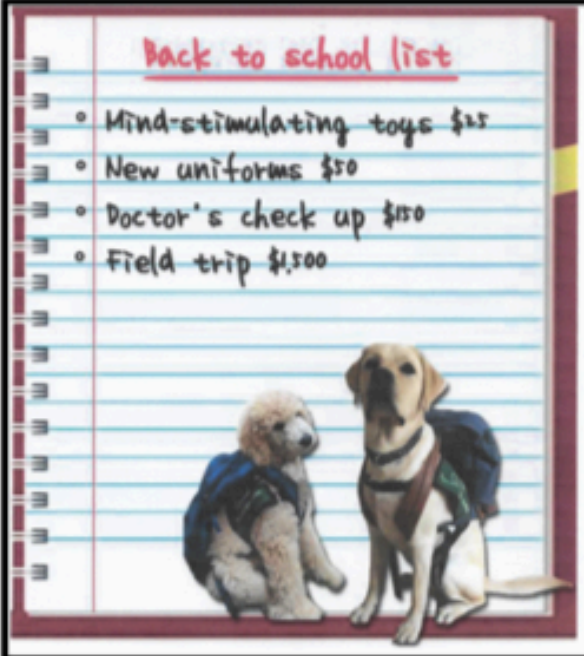

With summer coming to an end, Dog Guides are getting ready to start Dog Guide University and major in one of seven programs. Whether they've been practicing their loose leash walk or how to behave in stimulating environments, it's time for them to fill their lunch boxes with delicious treats, pick out a nice new collar for their first day and meet their instructors.

[You can help support Dog Guides](#) going back to school with everything they need to succeed by making a general donation or donating towards Dog Guides' back-to-school list.

We want to be sure students and their canine heroes have all the supplies needed to be successful Dog Guide teams!

Thank you for your continued support of Dog Guides. For more information go to:
Dogguides.com or call 1 800 768 3030.
PDG Glen Barry
Lion's Foundation of Canada Dog Guides

Back to school list

- Mind-stimulating toys \$25
- New uniforms \$50
- Doctor's check up \$150
- Field trip \$1,500
