2018 – 2019 CLUB VISITATION PROGRAMME

As is our policy the DG will cover 50% of the club visitation programme with the remaining 50% shared between the First Vice District Governor and the Second Vice District Governor. This is a very intense programme and we aim to have different personnel than in previous years visit. Because of the logistics of our large geographical area this is not always possible. Likewise we try to get consecutive meetings when larger travel distances are involved.

The visiting member will be in contact with the clubs as soon as possible. However if the date allocated to you does not suit please contact them as soon as possible. As the address will only be 20 minutes in length we are comfortable for the meeting date to be a tea or business meeting where most members are present. Preferably, there will be no other guest speaker that same evening. The Club is expected to pay the cost of the meal for the DG/FVDG/SVDG and their partner or driver.

"Be of good cheer. Do not think of today's failures, but of the success that may come tomorrow. You have set yourself a difficult task, but you will succeed if you persevere, and you will find a joy in overcoming obstacles." Helen Keller

District Governor Helen - District Bulletin August

As District Governor I am enjoying visiting and speaking to clubs. Your hospitality is appreciated. I am forever amazed at the amount of service Lions members are doing for the benefit of others in our communities. In order to meet the growing needs we need more volunteers to help us and more members. Please continue to ASK ONE to join our membership to help us achieve our goals. We also need to retain our membership, as currently at 1295, we are etching closer to the danger number of 1250 members required to keep our District secure. We all have a responsibility for this.

Club Excellence Awards – if your club qualifies for this award for the 2017-2018 year please complete the 2017-2018 CLUB EXCELLENCE AWARD APPLICATION (available to download from the Lions Clubs International website) fill in and email to IPDG Peter Gamble by 27 August at the latest. If in doubt your Zone Chair can help you. The criteria is listed on the form.

Plunket Lottery – grateful thanks to the 35 clubs in the District who took on the challenge of selling tickets. Only 43,000 tickets out of 100,000 were sold. Congratulations to Malvern Club who sold 470 tickets, the 6th highest of any club in NZ. On number of tickets sold alone District 202E was third with a total of 5657 tickets. The return to clubs will be finalised after the accounts are reviewed but it is likely to be in the 92 cents to 96 cents per ticket range. The winning ticket was from Picton. My thanks to VDG John Whyte who was our District Coordinator for the project.

You can be assured that at risk children throughout New Zealand will benefit from your service.

MyLCI access – with the changeover of officers within the clubs some have been experiencing difficulties accessing the site. The different officer positions have access to different levels. If you are having issues please contact either John Benefield 202e.lcif@lionsclubs.org.nz in his position as District webmaster or myself. You need to know your individual membership number in order to register. Only one officer, the secretary, has the access that allows them to add/delete/edit member details and input service activities. If your secretary is going to be away at the end of the month please record NO CHANGES for the month and catch up later.

Directory – 3 copies of the directory were recently mailed to club secretaries. Contact details for clubs and meetings is downloaded from the MyLCI site hence the importance of keeping your information up to date. If you wish to advise of changes please email District Bulletin Editor Julie Syme 202e.editor@lionsclubs.org.nz

Club Development and Orientation Days – thank you to the 115 members across the District who took part in these workshops. It was heartening for the facilitators to have increased numbers this year to deliver to. My thanks to Paul O'Connor who has led this training so efficiently and with passion for the past 5 years.

Lloyd Morgan Lions Clubs Charitable Trust (LMLCCT)

Had our first meeting in Wellington for the Trust. Lucie Armstrong Chairmanship ended and we are now in the Hands of PDG Keith Kenderdine. The trust is going along well, we have had our first application for this year from Christchurch Pegasus. All clubs will receive a letter in the near future, and I will endeavour to keep you up to date with successful applications either a loan or grant. Please contact me with any question to do with the Trust, my email is as in directory or barrysc42@gmail.com.

Our target for this year is 100 % of clubs in 202E. All clubs are asked to support the trust by a donation of \$10.00 a head, which allows us to build the balance so we can use the interest for loans or grants. At present we have a district of 48 clubs, 4 Lioness Clubs, 4 Leo Clubs. I look forward to your applications

WHAT TO EAT FOR BREAKFAST IF YOU HAVE DIABETES

Taken from a website www.verywellhealth.com

Eating breakfast, especially if you have diabetes, or are trying to lose weight is important. But, deciding on what to eat can be tricky. Should you eat low-fat, low-carbohydrate, a meal replacement? Having a plan can help you to save time and prevent you from making an unfavourable choice.

Studies have shown that eating a larger, higher fat and higher protein breakfast may actually help to reduce blood sugars and weight. The likely reason is that these types of breakfast choices are lower in carbohydrate. Some people with diabetes experience higher blood sugars in the morning because the liver breaks down sugar overnight and the cells can also be a bit more resistant to insulin at this time.

Also, studies have shown that blood sugars tend to rise after breakfast meals, two times higher than after lunch. High post prandial (after meal) blood sugars can result in carbohydrate cravings because, instead of using sugar for fuel, it is remaining in the blood stream and the body thinks it needs to eat sugar (or carbohydrates) to fuel itself. Another study found that healthy adults who consumed a standard 50 g carbohydrate (for example, 3/4 cup cereal with 1 cup milk and a 1/2 banana) meal had their highest peak glucose (sugar) after breakfast, lowest after lunch, and moderate after dinner.

Perhaps this is a good reason to try a lower carbohydrate breakfast. It's worth a shot. So, ditch the bagels, cereal, muffins, and pancakes, and try one of these best breakfast picks.

Nutty Berry Smoothie Berries are a low glycemic index fruit that are packed with nutrition. Add filling protein and healthy fat and you are sure to feel full and satisfied hours later. As a bonus, add some kale or spinach for added vitamins and nutrition.

My Presidential Theme – We Serve

Accomplished people from around the world have led our great association in it's over 100-year history. While each international president brings a unique perspective and expertise to Lions Clubs International, there has (and always will be) a single constant that unites all Lions: service. With this as a guide, each president is committed to helping clubs increase their service, and as a result, their impact on our local and global communities.

My Presidential Message – Beyond the Horizon

There's a world of service yet to be reached, even by Lions. During International President Gudrun Yngvadottir's year at the helm of Lions International, we'll reach within our district, clubs and selves to reach levels of humanitarian good the world has never known.

My Presidential Focus – Harnessing the Power of 1.4 Million Lions

International President Yngvadottir's programs and initiatives will focus around four key elements of Lions International that are important to moving the association forward.

- 1) Moving membership forward
- 2) Increasing leadership development
- 3) Promoting the fellowship of Lions
- 4) Sharing our stories

Friday – We would like to offer Lions, partners and families the opportunity to learn more about the history of our town and to enjoy hearing about the diverse populations that made up the Coast as well as to give you the opportunity to support a number of restoration projects. You can do one or more or none – your choice.

1. Historic Town Tour: Three tours on offer – 12:30, 1:30pm and 3:30pm. Meet at the Carnegie Building on Hamilton Street. Fundraiser for Carnegie Building restoration.

2. Westland Industrial Heritage Park Tour – Meet at Industrial Road at the Airport complex - Three tours on offer – 12:30, 1:30pm and 3:30pm. Fundraiser for the joint Lions/RSA/Westland Industrial Park World War One

ambulance restoration project.

3. Regent Theatre Art Deco and Cinema History tour. Three tours on offer – 12:30, 1:30pm and 3:30pm. Meet in the Reynolds room of the Regent Theatre – near the registration desk. Fundraiser for the Regent Theatre.

Friday Evening Convention Opening – 7.00pm start:

To be held at the Regent Theatre and will include the flag ceremony and entertainment. A light supper will be served at the conclusion of the proceedings.

Saturday AGM Business Session – 8.30am start:

The District 202E AGM is open to all Lions at no cost.

Registration for this function includes only the cost of morning tea and lunch. Morning tea will be served at 10.15am prior to the partner's tours leaving at 10.30am. Lunch is also included in the tour packages.

Partners Tours Departing at 10.30am: Saturday Partners tours – we have 2 options for you.

Saturday Option A – the Historic Seddon Trail. This will also start at the Carnegie Building and your guide will then take you on a tour of the various memorials with specific links to Seddon. Richard John Seddon (22 June 1845 – 10 June 1906) was a British-born New Zealand statesman who served as the 15th Premier (Prime Minister) of New Zealand from 1893 until his death in office in 1906. In office for thirteen years, Seddon is to date the country's longest-serving head of government. Sometimes derisively known as "King Dick" for his autocratic style, he has nonetheless been lauded as one of the greatest, most influential and widest-known politicians in New Zealand history. The tour will include information around his gold mining and publican days. Footwear – ensure you

are wearing comfortable shoes. We can also accommodate the less able with 2 off road wheelchairs available. Please make us aware of any disabilities with your registration form so we can assist you. Wet or fine – so bring wet weather gear please. Minimum numbers 10

Saturday Option B – This is slightly more energetic and expensive as you will need to pay entry to the tree top walkway (included in the tour price). We have negotiated a 30% reduction in the entry fee. Leaves from the Regent Theatre. You will be transported to the tree top walkway and then taken to Hokitika Gorge to discover the new walkway. Wet or fine – so bring wet weather gear please. Minimum numbers 10.

Saturday dance – “Wear your Wild” – 6.30pm, Boys Brigade Hall, 6 Dalton Street, Hokitika – A three course meal and late supper is included in the price of the dance. A cash bar will be available, no BYO please as our special licence does not permit BYO. Come in costume if you wish. Our theme is ‘Wear your Wild’ - let your imagination run wild. Wildfoods is Hokitika’s premiere festival. 2019 is our 30th Anniversary and promises to be bigger and better. Part of the festival is the feral fashion parade – our dinner theme allows you to prepare your costume in advance! See Wildfoods.co.nz

Sunday Rededication Service 24 March– 9am:

The rededication service will be at the Regent Theatre and will include handing over of the flags to the Rangiora Lions Club. This will be followed by brunch at the same venue from 10.30am onwards.

Sunday – Tour of the Stafford Cemetery Restoration project. This tour is free of charge, but you will need your own transport. We will also need to know numbers in case we need to arrange a shuttle from the road parking area to the cemetery as parking is very limited. This is a project that Hokitika Lions started in 2017 and has slowly progressed with restoration of grave sites, headstones and removal of invasive vegetation. This would be of interest to anyone involved in or considering a memorial restoration project – or if you’d like to know more about the country’s history including a few notes on gravestone symbolism – what the roses, angels and broken flowers actually mean. If wet, bring an umbrella and decent walking shoes are a must wet or dry.

7 - 9 September 2018 Diabetes Takes Centre Stage in Service

World Diabetes Day 14th November 2018

Diabetes is our new global service focus and a key addition to the Centennial Service Challenge. Consider hosting awareness campaigns, screening programs and helping expand treatment to stop this devastating disease. Your club has one more year to serve in honour of the Lions Centennial. Make a difference in your community by planning a diabetes project today, and be sure to report it on MyLCI.

Diabetes is one of the fastest-growing diseases in the world, currently affecting 425 million people of all races, income levels and ages. As Lions, we're dedicated to fighting the diabetes epidemic to improve lives, strengthen families, and revitalize communities.

Childhood Cancer Overview

Children are a gift to the world, yet every two minutes a child is diagnosed with cancer and less than half of the world's children have access to effective care. Children who survive cancer are often left with debilitating effects that can impact their physical development and ability to learn. That's why Lions and Leos are answering the call to children and families who need us most. We are working

to give children with cancer a second chance at life.

SPECIAL OLYMPICS

LCIF and Special Olympics began a partnership in 2001 to provide free vision screenings at select Special Olympics sporting events worldwide.

This collaborative effort has screened more than 370,000 athletes and prescription eyewear has been provided to 161,000 of these athletes and LCIF has awarded over US\$23 million in grant funding. As well as eyesight problems it was found that hearing was also an issue and this is now a major part of the health

assessment. On Saturday the 21st July, PDG Peter Gamble, attended a 50th birthday party for Special Olympics. Dr Jeanine Doherty was presented with the Golisano Health Leadership Award by Member of Parliament Ruth Dyson on behalf of Special Olympics New Zealand.

As the recipient of this award Jeanine is now in the running for a global Special Olympics Golisano Health Leadership Award, for the Asia-Pacific region. See this story [here](#) for more details.
