

Eye Glass Collection – KEMPTVILLE

Kemptonville Lions Vision Care team remains active.

We have not been able to Process Glasses for a number of months now but hope to soon restart.

Our Recycling Centre is housed in a Local Church and subject to the Covid-19 restriction around public access to that Facility.

We continue to accept Used Glasses donations and have been storing in our Warehouse until that restart happens.

All efforts to Sort out Broken and Damaged Glasses before donating would be very appreciated.

As well, any Glasses Cases can be disposed of as we do not use them due to the high cost to ship processed Glasses to Vision Clinic locations.
