

MD 19 D Cabinet Meeting
August 21, 2022

CARE
Cooperative for Assistance and Relief Everywhere
MD 19 has partnered with CARE since 1958

I do not have anything new to report with regards to the CARE project in Haiti. Each selected project is of a 2 year duration and since our Lions year doesn't align with CARE's the 2020-2022 project in Haiti will continue for the remainder of the year.

MD 19 has pledged \$80,000 to address hunger and education in rural Haiti, once again we encourage all Lions clubs to support this worthwhile project.

If you want to see more information regarding MD19's partnership with CARE
