

Cabinet Meeting  
Via Zoom  
February 11<sup>th</sup>, 2023  
Environment Report

DG Debbie, fellow cabinet members

Since our last meeting I have continued attending monthly meetings with other environment chairs in the Multiple District. These meetings are very informative; we share ideas and project info.

I continue to submit articles to the monthly DG Bulletin.

I am looking for a co-chair or replacement so we can have other views regarding the environment.

I have been asked to be a guest speaker at Kamloops Aberdeen Lions at the end of this month. It will be a pleasure to do this; I am so looking forward to it.

I am planning a presentation for our District Conference, hoping for a good turnout.

Respectively Submitted

PZC Angus Benedict

Environment Chair
