

### Thoughts from Zone Chair Angus

Hello D10: Here we are in February already, Covid is still out there but the vaccine is on the way.

Is there an opportunity to help the physically challenged, the seniors living on their own or people with transportation issues that could use our assistance to get their shot at a vaccine location when it becomes available? Something to think about.

I want to thank all those who participated in the zone meeting via zoom. We had a good sharing of information and ideas. I'm looking forward to our next meeting via Zoom is on March 20th. If you have some suggestions for guest speakers let me know as soon as possible so we can make arrangements to have them attend.

This time of year we think about next year's executive. If you have not held a board position and you are asked, give it consideration. Your input is valuable to your club's welfare.

Have a safe month and stay strong.

Next cabinet meeting is April 10th via Zoom, anyone can attend but we need to know so we can send you the link.

ZC Angus

### Leadership Tip

#### Getting People to Accept Your Ideas

Do your homework. Be prepared to demonstrate how something like what you propose has worked in the past. Cite magazine or newspaper articles or technical reports that will help an objective, third party perspective to your proposal.

Be prepared to show the long term impact(s) your idea could have. Does it have good community service? Could it involve fundraising? Would it have community support? How many club members would be required?

Determine the best way to present your idea.

At a committee meeting, at a board meeting, at a general meeting.

Get key board members in your club to back your idea. If they approve your idea, show how the club would benefit, be truthful, but don't be shy about

### Membership

THE UNWRITTEN RESPONSIBILITY OF ALL LIONS  
Every Lion has an unwritten responsibility to bring one or more new members into their club.

Just remember, someone asked and invited you to be a Lion. You must do the same if the club is to grow and the community is to be served.

How do you get new members? "By asking." You talk to someone you know, or someone who has a responsible job or position, such as a manager or the owner of a business working or retired. Don't be afraid to ask the young.

You just don't give up when someone you ask says "No." Ask yourself, "Could I have said something different or been more friendly to him/her? What made him/her say "No"? Surprise him/her by saying that he or she is a service-minded individual who would make a good Lion.

Set some time aside, about 15 minutes a week, and talk to someone. But do it, remembering the old saying: "If it can happen, it will happen. So just keep asking and it will happen." You will get one or more, but first you must try before you can know success or failure.

**LCIF****Leveraging the Reach of Facebook**

Facebook fundraisers are easy ways Lions and non-Lions can support LCIF. Created in just three steps, these online fundraisers increase awareness of Lions, LCIF, and Campaign 100 while receiving donations. Connect with your club about this opportunity to support our campaign, service, and world in need through social media. Set a goal of having a certain percentage of club members create Facebook fundraisers. Every dollar helps.
