

**Report to Summer District 19-D Cabinet – 2021/2022,
On-line Meeting
Global Action Team – GLT-D Coordinator
August 7, 2021, Lion PDG Bob Ayotte**

What is the greatest hindrance to leadership? Doubt!

Doubt in ourselves and doubt in others.

We seem to think that we can't be a leader when we see the quality of the leaders around us. I have news for you. We were all the same many years ago. But with training and confidence, you see the leaders you can be.

"A great leader is someone who can encourage others to do better, to have confidence in their abilities and allow them to progress and do the job they volunteered or were asked to do".

We need to show potential leaders that we have confidence in their abilities, give them the tools, then let them do the job.

Training will be available on September 25th for new and old leaders through MD19. Manuals for all positions are also available on the MD19 website.
