

Report to Summer District 19-D Cabinet – 2021/2022
On-line Meeting
Global Action Team – GLT-D Coordinator
January 29, 2022, Lion PDG Bob Ayotte

Mid-winter seems to be the doldrums when it comes to encouraging new leaders to step forward. Leaders that are in place are now starting to feel the successes of their efforts with their Clubs, Zones and the District.

I have had very little contact from our District from anyone requiring any training or introduction to their MyLion Account and all its segments.

Training courses are available through the MyLion system and many various aspects are available.

I request Zone Chairs to encourage their Lions members to take these courses, some are self-help and personal growth and others deal specifically with Lions items.
