

Hearing Chair Report submitted to 19D Cabinet meeting via Zoom for Oct 30, 2021

Hello to DG Joyce and my fellow cabinet members.

Just after I left our recent zone meeting, some questions and discussions were had about hearing aids. The concern was that the BC Lions Hearing Foundation no longer does cheap hearing aids (according to Ken D3). He said they used to buy them for \$600 now they are \$1500.00.

I contacted the Foundation and received a response:

Refurbished hearing aids are still \$600.00. Information sheet is attached. If you are collecting used aids information is attached and we will reimburse you for the cost of shipping them to Island Deaf and Hearing.

**Lion Bob Jones, Treasurer
Lions of BC Hearing Conservation Society**

I am attaching the forms he sent for your information.

Thank you. See you all at the meeting.

J.A. Kembel
