

Report for the District Cabinet from VDG Michael Livingstone

All is good and am waiting for the roads to get better.

I will be contacting the clubs in the Caribou and One Club in the South Okanagan. The visits will be finished by the D Conference on April 28, 29. hopefully.

The training is going well I think I have Zoom eyes, it seems that all I do is watch zoom meetings, however the alternative of extensive traveling is prevented.

The visits that I have made have been interesting and I get a chance to see and hear of what projects are being done by the clubs of our District.

I am looking forward to the District Conference however it will come with some changes and that is a bit scary, however the redistricting is continuing and all is going as it should. It appears that all is well and there are no major hiccups in the process.

When everything is said and done, we are all members of Lions International and our mandate to our communities, country and world will not change. We just have to think what our community and our country and our World would be if the Lions of Lions International were not serving around the world. And we are a truly an International District.

Where there is a need there is a Lion.

WE SERVE

Sincerely YIL Michael Livingstone
