

2VDG

Report by Michael Livingstone GMT District D for the District Cabinet Meeting January 19, 2022 via zoom.

DG Joyce, VDG Debbie, fellow Lions

Fellow Lions

So far, this term has been quiet, with some busy times. I have been to visit some of the clubs in the North Okanagan. Some of the visit I had planned ended up being cancelled. I have delayed some meetings until February in the hope that it may be more convenient to have the visits then. However, I still have sufficient time to make up them and finish before the District Conference. I have found the visits to be interesting and a chance to meet with fellow Lions. One of the things that I am beginning to realise is that each club has unique projects to serve their community. These projects have over the years have made their communities a unique part of the Lion brand. What would our communities be if there was not a Lions Park or other Lions project that makes our communities a better place to live,

I read a report that a research group had put out a report, that said that If a senior asked their Doctor what is the one thing they can do to help to give them a long and satisfying life? The doctor would be advised to write out a prescription for their patient to volunteer, more.

Sincerely YIL Michael Livingstone 2VDG "D"
