

ALERT South Report

District I Cabinet meeting 3-15-25

Wenatchee, WA

I have moved the ALERT funds at WAFd Bank in Leavenworth from a checking account to a CD. We were getting inactivity charges to the account from, which were reducing the balance. The CD has a balance of \$4,838.43, for 7 months, and will earn an annual return of 4.25%. If the money is needed for an emergency, we would lose the interest, but can still get the funds when needed.
