

NWLERC District 19 I Cabinet Report August 31, 2024

I am beginning my 8th year as our District Director for the Northwest Lions Eyeglass Recycling Center in Lacey, Washington. This job is very rewarding and I am pleased to serve.

The goal of LERC is to provide used eyeglasses to people in developing countries around the world.

You can help with this goal in three ways:

1. Collect used eyeglasses.
2. Deliver them to the recycling satellite in Moses Lake or Wenatchee or to LERC at 9013 Mullen Rd. SE, Lacey, WA.
3. Make a financial donation to LERC to help offset the cost of sorting, cleaning and packing the eyeglasses.

I thank each of you for your support with this project. You are helping to “Change Lives One Pair of Eyeglasses at a Time”.

If you mention the following joke at the Cabinet Meeting in Tonasket I will buy your lunch: “People say I look better without glasses.....But I just can’t see it!”

PD@ Patti Sparks, LERC Director
