ZONE THEME - FRIENDSHIP

When I think of friendship, the classic camp song comes to mind: Make new friends,
But keep the old,
One is silver,
And the other is gold.

We have struck gold in our zone! Our clubs are growing with members excited to join. Friendship takes work to maintain and those who sow the seeds reap endless rewards.

Lions Trek 2024-2025 – Ready to Launch!

Lions Trek purposes to support the Mission 1.5 membership growth goal, promote healthy lifestyles, encourage trail stewardship, involve the greater community, boost interclub fellowship, & have fun! Our clubs are in the process of selecting a designated Lions Trek mile, Trailhead signs are under development, the website is up and running, & commemorative pins are in the printing process. Bring your walking shoes to the September Zone Meeting to kick-off this event on the Sedro-Woolley Lions Trek Trail!

Past International President (PIP) Brian Sheehan impressed upon us, “Together We Can!”

Over the past month, I have met with the officers of each of our clubs to build relationships, chat, and learn how I can best serve our clubs. I encourage each of you to spend time visiting each other’s meetings, service projects, & fundraisers.

Invite the community to join you and sow the seeds of friendship.

We are stronger together. Build each other up as you go out and serve. Friendship is contagious. Continue to share, serve, and grow. “Give ‘Em Something to Talk About” (DG Beth James).

Friends of the Garden

The MD19 Memorial Garden is maintained by our service to keep up the grounds and only exists with our donations. As a Zone Friendship Challenge, I encourage us to donate \$1 per club member.

O6 ZONE MEETING #1

Date: Saturday September 14th, 2024
Time: 10am-Noon
Location: Sedro-Woolley Public Library, 110 West State Street, Sedro-Woolley, WA 98284
(Large Community Room)

CARE – Since 1958, MD19 Lions have partnered with CARE, a global humanitarian and philanthropic organization dedicated to improving impoverished populations in Latin America with a focus on education, health care, agriculture and water systems. Currently, CARE leverages biofuel technology - encouraging biofuel use in household cooking and heat sources to discourage deforestation in Honduras. The goal is to construct biodigesters, educate, train, and implement reforestation campaigns

Consider donating \$5 per club member or presenting an MD19 Lions Gordon F. Smith – CARE Fellowship award to any club member.

Lions Clubs International FOUNDATION

LCIF – Founded in 1968, LCIF is on a mission to “empower Lions clubs, volunteers, and partners to improve health and well-being, strengthen communities, and support those in need through humanitarian services and grants that impact lives globally, and encourage peace and international understanding.” These grants benefit eight Lions Global

Causes and our local communities in crisis (e.g., the Oso Landslide and Sumas Floods). Your donations in dollars and reported service hours influence the grant decision process. Consider donating \$10 per club member or presenting a Melvin Jones Fellowship award to recognize an individual club member for outstanding service.
