# Burtonsville Lions – We Serve

On June 18, the Lions installed community benches near the bus stops on Old Columbia Pike at Sandy Spring Bank and the Library. At the bank, the bus stop has no place to sit, while at the library it was just a board across two logs. These new benches will allow bus riders a place to sit while waiting for the bus. Thanks to Lions Anthony Gatewood, Larry Hairfield, Bill Schell, Brad Schell, Mike Shavatt, Bill Austin and Elizabeth Pugliese for helping with the install.

LA PLATA LIONS VISION SCREENING TEAM SCREENED 1026 CHILDREN

Members of the La Plata Lions Club vision screening team screened 1026 preschool children during the 2015-2016 club year. 222 children were referred to eye care professionals for further evaluation. Screening for the club year began in August, 2015 with the screening of 85 Charles County Head Start children. Then the team screened the children in Pre-K classes in the 22 elementary schools in Charles County, the F.B. Gwynn Center, and 7 private and church programs in the county.

The members of the vision screening committee are: Carolyn Rogers, chairman, Jordan Burick, Connie Burick, Jerry Batterton, Carol Batterton, Dale Bogdan, Jack Salyers and Sharon Bowie. Team members are proud to provide this free, volunteer service to young children as they begin their educational accomplishments. The school nurses in each program monitor the referred children for professional evaluation and treatment.

The La Plata Lions vision screening committee has worked with Mrs. Virginia Persinger and Mrs. Ramona Ritter, Charles County Vision and Hearing Technicians, since 2010 to provide vision screening to the Pre-K children in the Charles County Public Schools. After observing the use of the Plusoptix cameras at a community event, they requested the screening services when they perform annual vision assessments. The Plusoptix camera is a non-invasive camera that is used approximately 39" from the child. It detects vision disorders that may lead to Amblyopia (i.e. lazy eye). Amblyopia is a lifelong impairment that cannot be treated after early childhood - thus the screening of Pre-K aged children. Immediate and reliable results are printed out for referral to the eye-care-professional.

## Lions Camp Merrick

*Making Memories That Last A Lifetime!*

OUR MISSION: To promote the education, creative expression and social growth of youth with special needs. Lions Camp Merrick fosters friendships between children facing similar challenges and provides the community and Lions with opportunities for service, philanthropy and leadership.

### WEEKEND FOR VETERANS AND THEIR FAMILY AT LCM

This August the American Veteran Riders of Waldorf and LCM will work together to host a Veteran family program at camp. We are very excited to be part of this program and to share our beautiful facility with these brave soldiers who fought for our country. We will be providing many fun activities from the swimming pool, fishing, and climbing wall. Many local organizations are joining in to help out providing meals and assistance with supporting these families. We look forward to continue this program each year!

### SCOUTS HONOR

There is no question when these scouts come to LCM they are learning new skills and helping improve their community. The scouting program has a positive impact on our youth by teaching them to help others, to do your best, and to be true to god and our country. LCM will host several scout troops and each year some rent our facility others are here to assist our us by doing work around our facility. We see the tremendous amount of work that is possible thru these young men and positive adult mentors. This weekend they helped out by opening the pool, clearing trails, cleaning up fire circles, cleaning up program areas, cleaning cabins, and building steps. Thanks to all scouts for their efforts and hard work!
