ANSWER THE CHALLENGE?

Fellow Lions

I hope that everyone had a wonderful Holiday Season and that your New Year will be happy, healthy and prosperous.

Amazingly we are already half way through this Lionistic year but we have accomplished so much. I am thrilled by how many clubs are already **"Answering The Challenge"**. Many clubs are working towards or even achieved a **"Mile Of Pennies"** and have sponsored **"Dining For Dollar\$"** events and some have accepted the **"Bank Challenge"**.

I am asking **EVERY** Lions, Leo and Lioness Club to participate in the **"Pennies For Sight Project"**. Besides raising much needed funds for critical eye research Pennies For Sight is a **NO COST** way to raise funds. **It is also a unique and iconoclastic MLERF fundraising campaign.**

I also hope that clubs will plan to sponsor **"Dining For Dollar\$"** events. Many clubs have already had very successful fundraisers.

The **\$33 Personal Pledge Campaign** has been continued and many Lions have very generously showed their personal support for MLERF and received their **NEW "President's Pin"**. I am really looking forward to the Mid-Winter Conferences and hope that I get to pin many more Lions.

I can't thank the Lions, Leos and Lioness of our MD33 enough for your wonderful support of MLERF, not just for this year but for all past years. I know how much **YOUR** support means to the research institutions. I hope to share a few examples with you at the MW Conferences.

I plan to visit many more clubs in the second half of this year and hope that your club will invite me to visit so I can personally thank as many Lions as possible for your extraordinary accomplishments on behalf of MLERF.

Yours In Lionism
Randy

SUCCESS STORIES

“ANSWERING THE CHALLENGE”

SINCE 1952

Have you wondered how **Massachusetts Lions Eye Research Fund, Inc's** funds are used by our research partners? Now you can know. This year we have produced “**SUCCESS STORIES**”. The publication contains numerous articles provided by the 6 major eye research institutions. The articles tell many stories about the achievements which were possible **ONLY** because they were originally funded by **MLERF** funds. This is not a complete list but a representative sample of the institution's accomplishments over the years. The “**SUCCESS STORIES**” would not be possible without **YOUR** support of **MLERF**. “**SUCCESS STORIES**” are printed in this year's **MLERF Directory**. They are available on the **MLERFI.ORG** web site. You can request a print copy of the booklet by e-mail to rpinch5663@yahoo.com.
COPIES WILL BE AVAILABLE AT MLERF TABLE AT EACH MID-WINTER CONFERENCE

PENNIES DO ADD UP!

Pennies For Sight has been a “signature” fundraising activity of **Massachusetts Lions Eye Research Fund, Inc.** for many years. This easy no cost way of raising critically important funds for eye research and symbolized by our **MLERF Canisters** has raised hundreds of thousands of dollars. In 2013-2014, nearly **\$60,000** was raised – this year our goal is **\$100,000**. Lions Clubs have found many ways to support the **Pennies For Sight Campaign** including filling Beer Kegs, Large Water Jugs, holding Canning Drives and more. Our **\$33 Personal Donation Campaign** is included in Pennies For Sight. This year we are promoting the **“Mile Of Pennies Challenge”**. Most importantly we are asking **EVERY** Lions, Leo and Lioness Club to support the Pennies For Sight Program in whatever way is best for your club. Of course if every club could answer the **“Mile Of Pennies Challenge”** it would mean we would raise more than **\$225,000** in pennies – **PENNIES DO ADD UP.**

INTERESTING INFORMATION ABOUT PENNIES

- #1 - The average penny lasts 25 years!
- #2 - Pennies were the very first coins minted in the United States. In March 1793, the mint distributed 11,178 copper cents. (The amount of copper and zinc in the penny has changed significantly through the years.)
- #3 - There have been 11 different designs featured on the penny.
- #4 - The Lincoln penny was first minted and circulated in 1909, the 100th anniversary of his birth.
- #5 - Lincoln faces to the right, while all other portraits on coins face to the left. This was not done on purpose — it was simply the choice of the coin designer.
- #6 - In a coin toss, I always choose tails. Here’s why. (...although the U.S. Mint disputes this theory) If you toss a penny 10,000 times, it will not be heads 5000 times, but more like 4950. The heads picture weighs more, so it ends up on the bottom.
- #7 - The penny was the first U.S. coin to have the motto “IN GOD WE TRUST”
- #8 - Lincoln pennies made from 1909 to 1958 were designed by Victor D. Brenner. His initials V.D.B. were on a limited quantity of the 1909 pennies making it one of the most sought after pennies by collectors.
- #9 - Approximately 30 million pennies per day (1,040 pennies every second) are produced. Each year, the U.S. Mint produces more than 13 billion pennies.
- #10 - Over two-thirds of all coins produced by the U.S. Mint are pennies. Actually the penny is the most widely used denomination currently in circulation and it remains profitable to make. Each penny costs .93 of a cent to make, but the Mint collects one cent for it. The profit goes to help fund the operation of the Mint and to help pay the public debt.

“It’s worth every penny.”

A recent poll by Opinion Research Corporation found that more than 70% of Americans support keeping the penny in circulation. (NOTE: elimination of the penny might lead to higher prices, since prices would then be rounded to the nearest 5 cents.)

HOW MANY PENNIES FILL A 5 GALLON BUCKET?

At the 2nd 33N District Advisory, Dino Vasile (2nd from right) the newest member of the Woburn Host Lions Club presented MLERF President Randy Pinch (middle) with 3-5 gallon buckets filled with pennies and more. Even though Dino had not even been officially inducted as a Lion he contributed all the change he had been saving for YEARS to support the MLERF Pennies For Sight campaign. Dino owns and operates 2 Vending Stands at Hanscom Military Base. Dino is also a member of the Renegades Beep Baseball Team. Dino's Dog Guide Bartlett is pictured here guarding their donation.

Woburn Host Club President Lew Best is 1st on the left and Lion Brian Doherty is 1st on the right. Lion Mike Gmitter, (2nd from left) a pennies "expert" and Chairperson of the Lynn Wyoma Lions Club's Pennies For Sight Campaign volunteered to process the coin and come up with a total.

So how many pennies are in the 3 buckets? Using a combination of formulas and actual counting it was determined that there was over 300 pounds of coins and other "miscellaneous objects" and the final total was \$755.29.

On a humorous note also included in the coins were: 3 dozen marbles, safety pins, subway tokens, Chuck E Cheese type tokens, broken glass, wrappers, paper clips, and 1 house key.

Dino's generous personal donation is greatly appreciated and will almost complete at least one mile in the Woburn Host Lions Clubs' "Mile Of Pennies Challenge".

“DINING FOR DOLLAR\$” SUCCESS STORIES

If your club has sponsored a successful **Dining For Dollar\$** Event and would like to share your story please send the information and pictures to me at rpinch5663@yahoo.com.

The **Lynn Shoe City Lions** of District 33N held a very successful “**Dining For Dollar\$**” event at the Lazy Dog Sports Bar in Lynn, Mass.

The event was held on a Sunday afternoon/evening in November.

The Lazy Dog is owned by a local business person who annually allows the Shoe City Lions to host the event. While he offers 10%

and not 15 or 20% on meals he does include **all** bar sales and **no coupons** are required. The club really builds the proceeds from the event by having a great raffle and a 50/50 drawing. Both of these are open to all customers of the restaurant. This year’s event raised almost **\$1000.00** including the Lazy Dog’s donation, the Raffle and the 50/50 Drawing.

They provide a wonderful way to honor a fellow Lion or loved one and the donations are added to total MLERF donations.

BANK CHALLENGE

We think it is pretty safe to say that all of our clubs have a partner that handles our funds – your **BANK!** Many of our banking partners are supportive of our local fundraising efforts. However, if you have not asked your local bank for a donation for other events or projects we encourage every club to ask for a donation to **MLERF.**

Many of our clubs have members who are bank employees or officers and are willing to help with an appeal for funds. Generally it is not a good idea to seek funds from a bank's "foundation" because they target specific community causes. Foundations generally do not give to other foundations or funds.

If you believe it is appropriate **PLEASE** ask your local bank for a donation to **MLERF.** Talk to the branch manager or the person with whom you may already have had contact. If you need a sample letter of introduction we can provide that. In fact a copy was included in your directory package. If you need our help – please ask. If you need numbers for their tax filings we can provide those because MLERF is a 501 (C) 3 and the bank can also benefit from their donation to MLERF.
