

MD5M Lions – Bring Your Glasses to Bemidji!

The Red Wing Lions Legacy Project is an eyeglass sculpture titled “Spectacles” to represent Lions being “Knights of the Blind” and to celebrate our 100-year anniversary of serving. At Red Wing’s grand unveiling on June 25th, we hope to have 100,000 pairs of glasses to celebrate being 100 year old.

The Council of Governors has approved our bringing the glasses collected at the MD5M convention to Red Wing for the celebration. We will recognize all MD5M Lions at this event and turn over the glasses to LERC for transporting to Wisconsin for distribution.

So bring your glasses to Bemidji and help us celebrate Lions being 100. You’re all invited to join us in Red Wing on June 25 for the celebration.
