For almost four decades the Lions Multiple District 5M Hearing Foundation has fostered a partnership with the University of Minnesota. Lions of District 5M have raised over \$7 million dollars in funds for equipment, capital improvements and research projects together and have established the following:

Lions 5M International Hearing Center

The International Hearing Center sees a wide range of patients for ear, nose, and throat problems

Lions Children's Hearing Center

Children can be seen by all of the following specialists in one location with a single phone call:

- Pediatric otolaryngology
- Pediatric audiology
- Pediatric infectious disease
- Genetics
- Habilitative audiology
- Speech-language pathology
- Deaf and hard-of-hearing advocacy
- Other specialty medical services as needed

More than a clinic, the Lion's Children's Hearing Center is an educational resource for families and a research facility for hearing professionals worldwide.

Lions Voice Clinic

The Lions Voice Clinic was established to:

- evaluate and treat voice disorders*
- research all aspects of voice use*
- educate individuals about the human voice*
- provide a full range of state of the art voice care*
- specialize in treating singers, actors, and other professional voice users*

Lions Affordable Hearing Aid Project

The Hearing Foundation collects used hearing aids. These used hearing aids are sold to hearing manufacturers who use them for their repair service. Those funds, along with negotiated rates from manufacturers, audiologists and hearing aid dispensers, are used to purchase hearing aids at greatly reduced prices and provided to individuals who have a hearing loss and limited financial resources find hearing aids at a price that is affordable to them

Lions Hearing Research Fellowship Award

The Lions Multiple District 5M Hearing Foundation expresses its gratitude and honors individuals through the Lions Hearing Research Fellowship Award.
