

Journey for Service

Journey for Service, is a journey by car to visit every Lions Club in District 5M2 to collect funds for Lions projects that are picked by the District Governor.

The journey is usually held in early April. It is a three day, on time road trip. At least we strive to be on time, spend a few minutes and move on to the next stop.

The District Governor and I look forward to seeing every Lion during the journey.

If there is any changes to your contacts from the list sent out, please contact me.
