## DISTRICT GOVERNOR JACQUIE TRIPP

尊嚴 *Dignity*

調和 *Harmony*

仁心 *Humanity*

Dr. Yamada's theme is general, yet specific. It is simple, yet complex. It is timely today, and relevant throughout all time. The words and characters stand for great meaning. What do they inspire in me, in you, and in Lions? The definitions make it clear that all people are worthy of esteem and respect. We are in relationship with the human race. All of them. We are charged with living in peace, without conflict. We are to be humane to all, especially children and the elderly. We are to perform kind acts, and give gifts out of generosity.

My thoughts turn to the revered Mother Teresa. "We think sometimes that poverty is only being hungry, naked and homeless. The poverty of being unwanted, unloved and uncared for is the greatest poverty." This is our mission, to serve all kinds of poverty with dignity and respect. Whether rich or

*(Continued Next Column)*

poor, everyone deserves respect and to live with dignity. We can accomplish this individually, as a club, a district, a multiple district and as Lions Clubs International. Just think if today over 1.4 million people went out into the world and smiled just one smile! "Let us always meet each other with a smile, for the smile is the beginning of love." Mother Teresa. Start with everyday encounters. Smile, Greet, Hold open the door. Be kind to our fellow Lions. Participate in club service. Be generous with time and material goods. "Three things in human life are important; the first is to be kind, the second is to be kind, the third is to be kind." Mother Teresa.

If you are struggling to find meaning in Dr. Yamada's theme, turn to your inner voice, turn to your heart, turn to your instincts. Reach out, and make this world a better place with dignity, harmony and humanity.

### WHAT YOU SHOULD KNOW FOR 2015-2016

- Communications between officers, region and zone chairs will transpire around the fifth of the month by email.
- I will be listening to your activities and any issues you are experiencing in clubs. Please be prompt in responding.

*(Continued Next Page)*

- **Membership Goals - Add 22 new members per quarter and one club per quarter. If we have over 1400 members, and we each Ask One, we certainly can gain 88 by the end of the year. We finished with +27 this year. Dr. Yamada has charged us with tripling membership this year. So,  $27 \times 3 = 81$ . We can do it!**
- **Business Partnerships - Strike up a conversation with businesses you deal with each day to get a pulse on the community needs. Present them with a decal to show they are partnering with Lions.**
- ***One Word* - a book by Jon Gordon describes how using one word will help us to focus our goals and attitudes daily and throughout the year. Send your word to District Governor Jacquie to complete a Wordle - a graphic collection of all of our words. We will publish it.**
- **Traveling Trophies - Most attendance per club at a cabinet meeting. There will be one trophy for clubs with 20 or more members and one for clubs with less than 20 members.**
- **Announcements will be posted on a bulletin board at District Meetings. Use your phone to take a picture of them. Post on Facebook and District 35-O website. Use our newsletter. Send items to Donna Waag for Social Media, and Donna Norton for our newsletter. Donna Waag:

- **Official Visits - At this time I am hoping to work side by side with you at a club service project! We can get to know each other and serve at the same time. I prefer weekends if at all possible. Several clubs have already booked their visit. Don't forget celebrations, holiday events, and fundraisers.**

**Fellow Lions,**

**Do you remember this one of Whitney's? "*I believe that children are our future, teach them well and let them see the way, show them all the beauty they possess inside, give them a sense of pride*" The same pride we have as Lions.**

**President Yamada, in introducing us to his**

theme “Dignity, Harmony, Humanity” has a Children's Dignity Week, August 30 to September 5, as part of the Centennial Service Challenge. Please try and do a project for or with kids. For some clubs it will be easy as they have ongoing projects and they can just add a little pizzazz. For some just finished with their school supplies project, it may be a bit harder. But there is help. Go to the [LCI website](#) and get info on this challenge. There are 25 suggestions on types of activities you can undertake. Surely one will be a fit for your club. Do it now and begin the planning. *“Let the children's laughter remind us how we used to be. No matter what they take from me, they can't take away my Dignity.”* Together we can make a difference!

**2nd VDG IRVING "TITO" NAVARRO**  
*Club Member's Satisfaction Through Recognition For Volunteering.*

Volunteers are worth their weight in gold. They share their time and talents without any compensation, so it's crucial to acknowledge their contributions and let them know they are

valued. Thanking them can go a long way toward accomplishing our goals, so it's worth taking the time to show our appreciation for their labor.

During our district's executive training meeting, Lion Gregg Evans-GLT brought out a point in his training to the District of great importance. It was about the essentiality to tell your volunteers that you

*(Continued Next Column)*

are grateful for their commitment to our cause and that a lot of our organization's success depends on them. So I ask of all those in the position to do so, to please always point out to your club members why their efforts are so important. During your club membership meetings, highlight how volunteering contributes to our organization, how our mission and goals are directly served by their efforts. Saying what you are thinking is not always easy to do. There may be endless thoughts running through your head and many things you want to convey to your volunteers. But you will want to recognize your club members in public, perhaps during a recognition event, where a great majority of your club members will be in attendance.

Another point brought out during the discussion, was to include a written thank you card and even thank outstanding volunteers personally. Although sometimes we do not see the rewards of doing this, it goes a long way in recognizing your members work. I can attest how gratifying it has been for me to receive a thank you note directly from the person that heads a project and acknowledges my efforts.

Always keep in mind that volunteers are not the same as employees. They can choose to stay or walk away at any time without any real loss to themselves, and that's one reason why it's so important to show your appreciation. They are critical to the success of any organization, so make sure you take time out of your day to thank them, and remind them of how special they really are!

Finally, by all means appreciate your club members hard work since they are the

*(Continued Next Page)*

backbone of our organization and do a lot without expecting anything in return, they deserve to be recognized in a special way. And when you think their labor has been extensive, submit them for an award that recognizes their efforts, or nominate them for greater responsibilities or positions within your club.

## Cabinet Secretary Donna Norton

well, it is no secret that the best thing about secrets is secretly telling someone your secret, thereby adding another secret to your secret collection of secrets, secretly.

Hello Lions,

It's a funny "Sponge Bob" quote but do you know there are some very clever *secret collectors* among us! <Gasp> That's right! Right here in our own District 35-O!

They are busy Lions doing things in their community. Good things! Things they spends hours doing but take for granted as just part of their day-to-day activities.

Things like taking food to a "shut-in", mowing grass for a neighbor with a broken leg, grocery shopping for a friend who can't drive to the store, picking-up trash at a park just because it's there, driving a neighbor to an appointment or to the pharmacy to pick up medication, etc.

Why do I call them "*secret collectors*"? Because they do these things and keep them a secret! I venture to say that in each of our clubs, at minimum, one member did something that falls under our "We Serve" motto last month. While not part of an official club project these activities count. BUT...only 19 out of our 59 clubs reported service activity. That can't be accurate.

(Continued Next Column)

Secretaries, please ask your President for approval to put "We Serve" on your meeting agendas. Take a few minutes to collect this miscellaneous "service activity" from your members and report it in MyLCI. **Note: Service Activity Reports can only be submitted online (MyLCI site). Paper report forms are no longer being accepted by LCI.**

Every hour and every person served counts towards the Centennial Service Challenge goal of serving 100 million people by June 2018. Please don't keep activities a secret!

## International President 2015/2016 Dr. Jitsuhiro Yamada

No Translation Required: WE SERVE

皆さんの国際会長を務めることを、大変光栄に思っています。

These Japanese words mean "I am honored to serve as international president."

素晴らしい奉仕の1年となることを楽しみにしています。

That means "I look forward to a year of great service."

So how do Lions in Japan say "We Serve"?

Well, it's "We Serve." Our motto is not translated. Lions throughout the world proudly proclaim "We Serve." The universality of our motto underscores that

(Continued Next Page)

despite language and cultural differences we Lions share a common purpose. And although I am the 99th international president, each of my predecessors having had their own priorities and approaches, international presidents have shared a common commitment to service. So I hope my year as president is like any other as Lions continue to serve with tremendous enthusiasm and impact. Yet I also hope to make a difference in how we serve. *My theme is Bringing Dignity to Others Through Humanitarian Service.* That's something that has been inherent in Lions' service since Melvin Jones first gathered Lions together. But by intentionally focusing on my theme and keeping it in the forefront we can be sure to maintain and even improve our commitment to service.

As a doctor, I have always been dedicated to healing and to do so while treating patients in a dignified manner. A good doctor not only treats illness but pays attention to the entire person—their worries, their concerns, their struggles. If you had asked me after many years as a doctor if I treated the whole person, I would have said, "Of course." But it took a serious illness for me to re-evaluate my approach as a doctor. Likewise, as Lions we are dedicated to service, but reassessing our approach and focusing on the dignity of others in all we do will take our service to a new level.

I ask each of you this year especially to bring dignity to children. Through a project or program I ask you to make their lives better. Working together, 1.4 million Lions can help the next generation prosper and secure good health, find opportunity and achieve happiness.

*Dr. Jitsuhiro Yamada*

**From: PCC Bill Ringelstein

**Lions,**

**I have discovered changes in the Solicitation and Licensing process with the Dept. of Agriculture. Notice regarding filing or renewal of Florida Solicitation Contributions license:**

**Every Florida Lions Club needs to be licensed to solicit contributions; the license is free, but the penalties are large. This is especially true if you do Candy Day or White Cane Day using someone else's facility like Wal-Mart or supermarkets. Considerable time can be saved by filing online with the Dept. of Ag. at [this link](http://www.freshfromflorida.com/Divisions-Offices/Consumer-Services/Business-Services/Online-Registration). (<http://www.freshfromflorida.com/Divisions-Offices/Consumer-Services/Business-Services/Online-Registration>)**

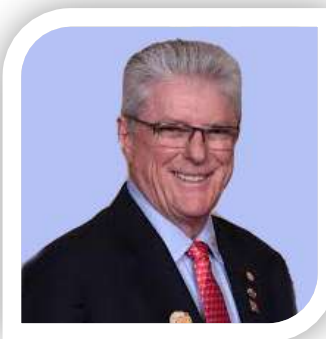

**This will take you to the home page, click on "Solicitation of Contributions" and from there to the log in or register (if you are a new user) screen. It is a simple process, but if you use 990N e-postcard to file your Federal Income Tax, there is an extra step when it comes to reporting income and expenditures. You need to file a financial report; use the link "Department's Financial Report Form". Select that bullet when you get to that screen and enter the financial data. If you file 990EZ, send a copy of Schedule O which is a part of 990EZ. You can save your work along the way and there is help at 1-800-435-7352 in Tallahassee.**

# Traveling Trophies

District Governor Jacquie has officially kicked off the "TRAVELING TROPHY" for attendance at District Meetings. There are two trophies. One for clubs with 20 or more members. The other for clubs with less than 20 members.

The club with the best District Meeting attendance, in each size group, will take home a trophy! The trophy must be returned at the next District Meeting. Dear U.S. Lion,

We are pleased to share that **Lions Clubs International is extending the *Involve a U.S. Veteran* pilot program through June 30, 2016.** This program waives the charter or entrance fee for U.S. Veterans joining a Lions club in the United States.

Eligible veterans include retired U.S. military personnel or honorably-discharged members of the Air Force, Army, Coast Guard Services, Marines, National Guard, Navy or Reserves. Those currently serving

in the National Guard or Reserves are also eligible. Lions Clubs International will provide an entrance fee waiver of \$25 (\$30 for charter members) to qualified U.S. veterans that join a local Lions club.

Veterans have made so many great contributions and sacrificed so much to serve our country. As service members return home from serving in the military, let's offer them an opportunity to get involved in their communities.

Visit the *Involve a U.S. Veteran* web page to download a fact sheet, promotional flyer, certification form and a sample press release.
