DISTRICT 35 – O NEWSLETTER

Fellow Lions

I can't believe June is here. A year has passed by. It has been wonderful for me. Serving the great Lions in 35 O, the best Lions in the world. We have increased membership and I hope we can withstand the end of year drops. We also have to say goodbye to the Umatilla club which has decided to close due to member disinterest. I must admit at some very busy times I was wondering "What were you thinking." It was a good year for me and my only regret is that I was unable meet all the hardworking lions. **MEA culpa!** Lion Sabrina and I wish to thank you for meeting with us and are grateful for all the new friends we have made and hearing about the great work that you do. Keep it up and please report it on My LCI. We do have a brand-new bouncing Lions club. A campus club at UCF, sponsored by Oviedo Winter Springs LC, the Orlando Knights. Roar Lions Roar

We have just completed a successful MD convention (with a few minor hiccups) and elected our incoming District Executives as well as an endorsed candidate for an International Director. Congratulations PCC A. Geoff Wade. We had great guests in ID Howard Hudson and his partner Lynn. The District won the Luncheon Award. Congrats as well to DGE "Tito" Navarro and his team. The District is in very good hands. We stand ready to work with you.

All I would like to do now is quote a closing TV song for the grey beards "I'm so glad we had this time together, just to have a laugh and sing a song, seems we just got started and before you know it, comes the time to say "so long". 🌞

As we continue on our Lions' mission, please remember, "Plan with your brain, Serve with your heart" and continue to make a difference!

## Our Circle of Resources

One of my favorite suggestions for volunteer recruitment is also one of the simplest: start with the resources in closest proximity to your club. What untapped treasures might be across the street or on the next block?

Picture your Lion’s Club as the center of a bull's eye, with concentric circles around it. Now do the following. If you are in an urban area, walk out your front door with a clipboard and pen (take along a volunteer for company). If you are more rural, do this by driving. The point is to walk completely around the block (or drive in a tight circle) and write down everything you see: stores, businesses, parking lots, churches, apartment houses, schools, etc. A "Proximity Chart" worksheet for your use is on the next page.

It is vital to actually do this action physically, even if you feel reasonably sure that you know what is in your neighborhood. Why? Because you will soon discover that: 1) you tend to be aware only of the things that are present in the one direction that you take to work every day; 2) after a while you no longer see what you are looking at; and 3) some of the things you see may not be identifiable. An example of this last point is passing a company with the name "Mighty Corporation" emblazoned on a large sign. Do you know from that name what work this company does? Probably not.

After you have inventoried everything on your street, the two side streets, and the street in back of you, move on to a two-block radius and do the same. As time permits, keep going in widening concentric circles. If you are driving, keep taking right (or left!) turns and inventory a quarter-mile radius, then a half-mile radius, etc. Note that if your offices are in a high-rise building, your first task is to take the elevator to each floor and see who your neighbors are above and below you.

You may be skeptical about this recommendation, but I assure you that you will find a number of "neighbors" that you did not know you had. And this means potential resources (Lions).

With our current lionistic year almost over and a new in the horizon, I would like to remind all fellow lions, that district 35 O goals for the upcoming year have been posted on the international website. These may be reviewed by visiting: 2017-2018 District Goals webpage at <http://members.lionsclubs.org/EN/districts/district-governors/district-goals-odd.php> and selecting view/print from either the leadership or membership links.

Finally, on my behalf and my partner in service Lion Miriam, I would not like to close out this year without thanking all lions for your dedication, your service, and caring enough to continue serving our communities. Our charter would not continue to survive without all of your support, skill and resources.

## 2<sup>nd</sup> VDG Helene Thompson

Fellow Lions,

Last month many of us gathered in Orlando for the MD 35 Convention. It was a wonderful weekend full of fun, fellowship and learning. A highlight was the election of PCC A Geoffrey Wade to our endorsed MD candidate for International Director at the International Convention in Chicago. How very exciting for all of us to have a candidate. I hope I can spend some time supporting PCC Geoff in his campaign while there.

The other highlight, for me, was the receiving line. At the close of the business session, the council (outgoing and incoming) are introduced with their Partners in Service, then they form a line outside the meeting room. As Lions leave the meeting, they have the opportunity to go down the line and speak to each member of the council. I enjoyed the opportunity to speak with so many Lions from our Multiple District. It is such an honor to serve our organization and Lion Gini and I look forward to next year.

It has been a pleasure to serve with District Governor Steve and I would like to take this opportunity to thank him for his hard work and positive attitude.

A shout out to Council Chair Larry Hopkins: your service to our council is greatly appreciated, especially your insight and your humor.

And to District Governor Elect Tito and Second Vice District Governor Elect Greg I say: Let's get this party started!!

See you in Chicago!!

## Summer time is here!

As club's transition to the new set of Officers this year it is important to get a head start on your year. Recently a lot of clubs have had installations or have them scheduled within the next few weeks. Each year during installations club officers take an oath and at the end say "I will" or "I do". Each officer is read a set of fairly detailed duties but told there is a more detailed description available from Lions International.

*Installations go fast and sometimes*

*during our excitement we are not really listening.*

Please take time to review your **vow or obligations**. I have included a link to a simple installation. You have made a serious commitment to your club, community and yourself. The success of your club depends on you! I heard this at a Lions training. It is 10 simple words that will help get things done. **"If it is to be, it is up to me"**.

<http://www.lionsclubs.org/resources/EN/pdfs/le1.pdf>

In last month's District newsletter, in the GLT submission, there were links to the Club Management Resource Center. There, you will find detailed information on the running of your club, including officer training. It's going to be a great Lions year for your club. Get off to a great start *as Lions start our next Century of Service.*

## President's Message

Dear Lion,

It's hard to overstate the value of our Foundation. For nearly 50 years, Lions Clubs International Foundation (LCIF) has supported the life-changing work of Lions, serving some of the most vulnerable people and the neediest places on Earth.

LCIF will play a key role in supporting our new global service framework and reaching our LCI Forward goal of serving 200 million people per year by 2021. That kind of life-changing service requires the commitment that only Lions have. But it also requires funding. LCIF supports the work of Lions through grant funding so we can have a bigger impact, bringing long-term help to more people than ever before.

LCIF supports Lions, but how will you support LCIF? Every act of kindness and every dollar matters when you're investing in hope. Every dollar flows back into our communities through the effort of Lions. And each dollar is spent where it will have the most impact.

I encourage you to work with your club to make a donation to LCIF. Your support will make a real difference in the life of someone who needs it most, so please give today.

Very truly yours,

**Chancellor Bob Corlew**  
**Your International President**

## Meet Volunteer Alan

*Alan helps on campus in the Training Kennel.*

“I absolutely love dogs. I’ve had two golden retrievers in my life. First was Roscoe. I didn’t know anything about training dogs or working with dogs, and of course he was super spoiled. He had a really good life and then I missed him terribly after he was gone. I was asked one time what I wanted for a birthday present and I said ‘I need another golden.’ So, then Abbey came along. ‘Abbey’ was short for Abbey Road, the Beatles song. Abbey came into my life and we had a great time. And then she went.

I just can’t go through the departure again. I can’t do it. So, I can get all my dog love here.

Most people might think this would be insignificant. I’m volunteering in the Training Kennel and I have about ten minutes left before my shift ends, and I say, ‘Guys, what do you need me to do?’ and they say, ‘Well if you want to brush Goldie, he needs a brushing; he got dirty playing.’

So, Goldie comes over—a wonderful golden retriever, unlike my two golden retrievers which were the hellions of the neighborhood. Goldie sits down like the greatest golden, and I completely brush him. He’s clean. Everything’s great.

I come back a week later for my shift, and I say, ‘Hey, why don’t you give me Goldie and I’ll take him out for a stroll?’ And they say, ‘Well, Goldie’s gone.’

So, Goldie goes up to Walter Reed, which is now the Walter Reed National Military Medical Center, which is my old neighborhood—Maryland—where I’m from. So, Goldie is now a facility therapy dog up there and he gets commissioned and everything else.

And I realize something—I had hands on. Granted, I was only brushing Goldie. But knowing that you did something...you worked with this dog, and then you find out what its destiny became, and you say, ‘Well, I helped put him there.’ It was one small itty bitty tiny little thing amongst a myriad of things that people do around here, and there’s something about knowing you were part of it. Knowing I’m helping veterans, I mean, it’s awesome.”

Building Community. Enriching Lives.

They asked for items from a wish list that the Community Hope Center of Osceola County could use in their ministry of helping the homeless and less fortunate citizens of Osceola County. Of course, you Lions did not let them down. Cases of juice, water, crackers, cookies, cereal, socks, underwear, shirts, shoes, lotion, shampoo, toothpaste, hair brushes, tooth brushes and many more items arrived at the MD 35 convention.

*Partners in Service send their thanks for the donations.*

The Community Hope Center is a program-based project that impacts the low-income, poverty level, families and individuals living in and around Osceola County, Florida. The primary emphasis is on those living homeless or in motels and hotels along Osceola County's 192 Corridor. This program is used to restore dignity and self-sufficiency to those in need in our community through a holistic approach to case management, funds assistance, and life skills. The program is intended to provide gap services to clients that other agencies are not currently providing. The intent of the organization is to be a collaborative effort between local churches, social services agencies, Osceola County, the city governments, and community businesses. Our key partners include Community Presbyterian Church of Celebration, Osceola Council on Aging, Park Place Behavioral Health, Community Vision, Florida Hospital of Celebration, the city of Kissimmee, and Osceola County Human Services.

“Accreditation is a significant milestone in Conklin Center for the Blind’s ongoing process of seeking to employ best practices and deliver services that focus on positive outcomes for our consumers of blind and low vision services,” Center Executive Director Robert Kelly said.

Conklin Center for the Blind first received NAC accreditation in 1982, just three years after opening its doors for service in 1979.
