The First Cabinet/Members Meeting of 2023-2024 was held in Winnemucca on August 25-27 . The Winnemucca Host Lions club hosted a wonderful event. Lions and Leos both worked hard to make sure everything went smoothly. Lions showed their generosity by passing the hat to raise over \$1,000 to help the family of a local child stricken with tragic childhood illness. We Serve.

DG Adam Hopkins also started a new tradition for our Members Meetings. At the beginning of the weekend, he posted a board where members could buy 1 of 100 entries in a drawing to raise \$1,000 for a Melvin Jones Fellowship. At the Saturday evening dinner the winner was drawn. Congratulations to Cabinet Secretary Lion Judi Temple of the Las Vegas Breakfasters for winning this great honor. Be sure to attend the next Meeting November 3-5 in Beatty, NV for your chance to win.

One of the weekends themes went back to LIONS as an acronym. The original intent for the letters were L-Liberty, I-Intelligence, O-Our, N-Nations, S-Safety. This sentiment or message dates back to the 1920's, when the country had just gone through the horror of the first world war. DG Adam Hopkins, throughout the weekend urged each of us to think of what each of those letters might mean to us. His suggestion is L-Leadership, I-Inspiration, O-Organizing, N-Needs, S-Service. Whatever it means to you or your club can inspire new service to the community and new growth of your club.

PCC Irving Confino inducted this years officers with a Computer Theme: all parts must work together with no breakdowns in communication.

24 of the District's 47 Clubs were represented at the Meeting. The state of the District is good, according to 1st VDG Babs Cronin. As of this meeting, D46 had 1,134 members. An net gain of 3. 8 clubs gained members overall. 18 clubs had not paid International dues. If you need help, contact the District treasurer.

PID Jack Epperson reported that the District 46 Foundation was healthy, with \$75,000 on account. Any club can request emergency funds immediately when need is great.

Constitution and By-Laws Chair PDG Sharlene Lewis-McGinnis reported that some changes have been made in the International Constitution. All members of the Global Action Team and LCIF Coordinators can vote. The committee will update D46 C&B to reflect this..

Budget and Finance reported that 6 members met at the meeting and voted to approve the 2023-2024 budget as presented. By PDG Rex Velasquez.

PDG Bill Newyear, Convention Management Chair, reported that the 2025 convention will be held in Fallon, NV. In 2024 it will be in Virginia City May 16-18.

PDG Rex Velasquez reported that our goal for contributions to LCIF of \$21,143 was well exceeded. The District raised \$38,446 for the Lions year. Congratulations Lions of D46. Well Done!

Global Action Team reports:

Global Leadership Coordinator PDG Sharlene Lewis-McGinnis will be offering training online every last Sunday of the month. So be sure to watch your emails for those notifications and share them with your club members. Membership will grow if leaders learn: How to Learn, How to Show, How to Grow, How to Lead.

Global Membership Coordinator PDG Cliff Cooper urged Membership Chairs of the clubs to Build a team, have a mission, get a plan (through service) and with all that Build Success. When we have more members we can provide more service to the Communities we serve. Lions International's newest program, **Mission 1.5**, is an initiative to grow membership worldwide to 1.5 million members. We can invite new members, charter new clubs and share the opportunity of the mission of Lions. We Serve. For more on Mission 1.5 click [here](#).

Global Service Team Coordinator PCC Tim Rubald commended the clubs on the service they do. However, if it's not reported, it didn't happen. So please report your service hours.

Global Extension Team Coordinator PCC Irving Confino is in a new position. Lion Irving is the leader to go to when you are ready to charter new clubs. Click [here](#) for more on GET.

PDG Rex Velasquez announced that Lion Steve Morgan will be a new VP of the Student Speaker Foundation. Continued support by the clubs through awarding plaques and pins can keep the foundation viable for years to come. Lion Tasha Thatcher, Contest chair, announced the current years topic: *"What risk does A.I. pose to the future of American culture."* An interesting topic to be sure. Get your schools on board; let's see what today's students have to say about this timely subject.

A Message from 2023-2024 District Governor Adam Hopkins

I was recently asked to sum up my message to the District and to give my outlook on life and Lions. It is not easy to sum up a feeling, something that lives inside of you, but I will certainly give it a go.

While I believe that being a good human being is of utmost importance, what makes us truly good, is our willingness to give of ourselves and to serve others. I have always gravitated toward jobs or professions where people or at least their needs were the cornerstone. I am a teacher, I worked with the mentally ill, I was in the US. Air force, I was in Law Enforcement for a very long time, I trained others to save or enhance the lives of others and now I am a Lion.

Each of these required me to give my time and effort. They also required me to dig deep inside to find the real purpose of what I was doing. Every new endeavor took on a deeper meaning when I found purpose in the service. However, it wasn't until I became a Lion was the need, the requirement, the spoken task, to SERVE. Service to others is not just a stop along the way, it is the destination for a Lion. Everything we do is to further and deepen our service to others. It may not require you to put your life on the line or defend the nation, but it requires us, to find the real reason why we are serving. Simply identifying a purpose increases the impact!

My theme for Lions year 2023/2024 is "Service with Purpose." At every club visitation I do, I describe what finding your real purpose in life is. It does not require a person to have an "out of body" experience, it simply requires reflection on everyday tasks, giving each task a "Why". Knowing "What" to do is the easy part, we are very good at service. Knowing "Why" or the outcome of your service, gives meaning to your actions. I encourage every member of Lions to spend less time on the "What" and more time on the "Why". Doing this will allow you to be a better Lion, but if done in other areas of your life, it makes you a better "You" in whatever life has brought your way. While finding your own purpose is important, we can further our service by helping others find their purpose in Lions and in life. Do this by giving them a voice in your clubs activities, saying yes, when you may otherwise say no. Give others a chance to have the satisfaction of "Service with Purpose."

Remember the two most action packed, influential words, "What if?" If your club embraces "What if?", your impact will increase beyond your wildest dreams. If you practice "What if?" in your personal life, the richness will surpass anything you could imagine for yourself. Remember, "If your dreams don't scare the hell out of you, they aren't big enough!"

Each letter of the name LIONS, has a meaning. Take a few moments and assign your own meaning to each letter, making LIONS personal to your own life.

I am so humbled and proud to be leading this organization, alongside the best people I have ever known. This year promises to be the best we have ever had. Look around you and see the potential I see in every Lion in the District. You are incredible! You show it every day and you are an inspiration to me!

We are changing the world as International President Dr. Patti Hill has asked. You are serving with purpose as I have asked. Let's continue showing our communities and the world, what District 46 Lions are capable of!

Lions throughout the world help others everyday in thousands of ways . Lions making a difference is often about seeing and helping others in times of disaster and need. Those stories are not always known.

Allow me the chance to share this one. My wife, Lion Jean works with this couple whose apartment building was destroyed by fire. They luckily escaped though not with out injuries or loss. They lost all of their possessions and their pets. Jean brought their story to our club and we as a club made a decision to help them with a financial gift. They were overwhelmed and so very thankful for our club's generosity and by our our club's caring.

As Lions, we care and share our gifts and talents. Sometimes we see results firsthand, but more often we don't, yet the impact of Lions worldwide is and has been enormous and life changing.

by Club President Lion Don Fitzgerald via Facebook

I think this is what Lions is all about. Sometimes we need to remember what makes us want to serve.

DG Adam took time for a guided tour by Lion Chuck Stout, of Camp Lamoille (Home of Camp Dat-So-La-Le), by while in Elko. Here are some pictures of the camp and surrounding areas. There are a few pictures of the rest of the canyon to show the beauty of the area! While not a complete list, here are some of the improvements made and those that are pending:

2. Outdoor kitchen inside the Pavillion.
3. Irrigation system added.
4. New electrical and water system
5. Multiple RV sites with power and water
6. Spots for at least 5 new cabins(pre-fab sheds)
7. New metal rooves on 2 cabins
8. New metal storage containers
9. Fire break cut
10. Male and female bathrooms completely remodeled
11. Power added to Pavillion
12. Spaces added for dy camping

This is probably not a complete list of all improvements, but the camp looks great!

Lions Code of Ethics

TO SHOW *my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.*

TO SEEK *success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts on my part.*

TO REMEMBER *that in building up my business it is not necessary to tear down another's; to be loyal to my clients or customers and true to myself.*

WHENEVER *a doubt arises as to the right or ethics of my position or action towards others, to resolve such doubt against myself.*

TO HOLD *friendship as an end and not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.*

ALWAYS *to bear in mind my obligations as a citizen to my nation, my state and my community, and to give them my unswerving loyalty in word, act and deed. To give them freely of my time, labor, and means.*

TO AID *others by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.*

TO BE CAREFUL *with my criticism and liberal with my praise; to build up and not destroy.*

Our Story

1917 The Beginning // Chicago business leader Melvin Jones asked a simple and world-changing question – what if people made a commitment to improving their communities? More than a century later, Lions Clubs International is the largest service club organization in the world, with more than 1.4 million members in 48,000 clubs acting on the same simple idea – when Lions come together for the good of humanity, there’s nothing we can’t achieve.

1920 Going International // Just three years after our founding, Lions became international when we established the first club in Canada. Mexico followed in 1927. In the 1950s and 1960s, international growth accelerated, with new clubs in Europe, Asia and Africa.

1925 Saving Sight // Helen Keller addressed the Lions Clubs International Convention in Cedar Point, Ohio, USA, and challenged Lions to become “knights of the blind.” Since then, we have worked tirelessly to aid those who are blind or visually impaired.

1945 Uniting Nations // We were one of the first nongovernmental organizations invited to assist in the drafting of the United Nations Charter. We host an annual Lions Day with the United Nations to continue our partnership and identify global solutions to the challenges facing humanity.

1957 Organizing Youth Programs // We started the Leo program to provide the youth of the world with an opportunity to serve and lead with Lions. There are approximately 180,000 Leos and 7,200 Leo clubs in more than 140 countries worldwide.

1968 Establishing Our Foundation // Lions Clubs International Foundation (LCIF) assists Lions with global and large-scale humanitarian projects. Through our global Foundation, Lions have received more than US\$1 billion in grants to help meet the needs of their local and global communities.

1990 Launching SightFirst // Through the support of LCIF, Lions are restoring sight and preventing blindness on a global scale with the SightFirst program. Launched in 1990, Lions have raised more than US\$351 million for this initiative that targets the major causes of blindness.

2017 Celebrating Our Centennial // Lions celebrate a century of service by serving more than 250 million people around the world through a special Centennial Service Challenge.

2018 Rallying Around Global Causes // Lions unite to support the global causes of vision, hunger, the environment, childhood cancer and our new global focus, diabetes. LCIF launches *Campaign 100: LCIF Empowering Service* to raise US\$300 million to increase the service impact of Lions around the world.

2020 Responding to COVID-19 // Lions found innovative ways to safely serve their communities during this global health crisis. Our global Foundation, LCIF, donated millions of dollars in emergency grant funds, providing critical supplies and equipment to hospitals, medical clinics and emergency management systems, including front-line health care workers and first responders.
