"The only time you should look back is to see how far you have come"

Sitting here thinking about what to say and what message to share with you all this month I cannot help but look back on a very busy but very rewarding September. I have made visits to several of our 14-P Clubs and each one has been a voyage of discovery – discovery of new Lions bursting with ideas, discovery of encouraging projects, discovery of how many of our Leos are busy planning new projects to engage in or work on to expand their impact in our schools – with one quarter of our Lions Year already behind us I am looking forward to where I have yet to travel. I am continually encouraged by the work being done by Lions in our DistrictThank you seems not enough.

So what does October have in store.....more Clubs to visit for sure BUT we are expanding our **Training Programs** to help us create more hands to work on the growing needs in our communities and enable us to share our stories with others to encourage them to join us in Lionism.

I have heard and also felt the issues some of us have experienced with our new Service Reporting system **MyLion** and sadly that has impacting heavily on our Activity reporting this yearso we felt it was time to bring in the Expert to help us.....

- **Multiple District Global Service Coordinator - PDG Tom Gregg, will join us on Monday October 14th 2019 to offer hands on Training at the Trinity Church in Boyertown – we are hoping to provide two sessions to accommodate all of our Lions - timings will be confirmed on the Flyer being sent to your Club Officers in the next day so – please make your reservations as soon as possible.**
- **Saturday November 23rd 2019 we are offering Guiding Lion Training – A Save the Date is included in this edition.**

October is also:

- **Lions Vision Awareness Month** – World Sight Day is October 11: White Cane Safety Day is October 15 and United Nations Day is October 24.
- **Red Ribbon Week** is celebrated during October each year – an alcohol, tobacco and other drug and violence awareness campaign and something we should perhaps be aware of in light of the recent alarming rise of “vaping issues in young children”.

We have a number of other program in store in the coming months – our Elder Abuse Symposium saw its first planning meeting this month and we are exploring partnership opportunities for a Prevention Workshop involving both Lions and Leos – we are well known as **Knights of the Blind** but I firmly believe it is time for us to become further committed as **Knights of Prevention**.

In closing I hope you all are able to enjoy this glorious time of year - *“It must be October, the trees are falling away and showing their true colors.”* and PDG Steve and I *“wish you a night full of frights and a bag full of delights as we finish out the month with Halloween”*

In service and friendship DG Marilyn

From the 1st Vice District Governor Art Pecht

How can the District HELP your club?

I am sure you have heard of the Bing Miller Foundation. This foundation is here to help clubs when they feel that a project is too large or too expensive. Yes your club must contribute to the cause, but then you can apply for a grant from the foundation. They have a great video presentation, for your club. The members of the board are willing to come to your club to present the program.. You can go to the web site <https://e-district.org/sites/14p/index.php> to see board of directors and you can contact them for the program. Most of their phone numbers and email are in the digital directory that was sent out earlier in the year or you may contact me. Also on the page is a grant application.

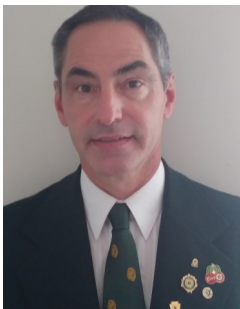

This past September The Lions Eye Bank Of Delaware Valley (LEBDV) held its annual sight day at Citizen Bank Park. This was a great day of fun and fellowship between the Eye Bank staff, trustees, cornea recipients and donor families and Lions. For \$30, you received a ticket to the game and a tailgate that is second to none. We had about 100 people that took part in this event. Next year we hope the Phillies do their part and win the game. Please try to attend this event next year I am sure you will enjoy it. The Eye Bank also puts programs on for clubs. Here is their web address <https://lebdv.org/>. Please contact Jerilyn Giardina and she will take care of everything else.

Greetings Fellow Lions,

When October rolls around, Normally you would read about folks enjoying the changing of the leaves, chilly air and all that. Frankly I'm looking forward to that also. But as I'm writing this ...it's a balmy 85 degrees.

You just can't count on the weather but one thing is for sure. Our Lions year 2019-2020 has completed its first quarter. How are you doing? Have you made strides in your reporting using MYLion? Are your M & A reports up to date on My LCI? Reporting and sharing your club activities are vital in advancing our cause as the #1 service organization in the world. If your club GAT (Global Action Team) team is struggling with this task, we feel your pain. That is why your District GAT team is planning a training session this month. Please look for advertisement in this issue of Lion Eyes.

Just a note of Thanks to the Hamburg Lions Club for your hospitality on September 6. I enjoyed my visit very much. Good Luck with your new meeting location.

Until next month and maybe cooler air, continue to be the best LION you can be. Ask not what your club can do for you but what you can do for your club.

In Service, 2VDG Gary Glh40@comcast.net

Global Action Team,

Good Afternoon,

There is a new tool for helping clubs to understand how to report past activities. It is a PDF entitled "MyLion, How to Report and Celebrate Service."

I have attached the file to this e-mail. Please share with your clubs. It is nearing time to report Septembers activities and we don't want a repeat of August's dismal (21%) reporting numbers.

District GST Leaders don't forget that your report to me is due by October 5th.

Yours in Service

PDG Tom Gregg

MD-14 GST Coordinator

DISTRICT 14P GLOBAL MEMBERSHIP TEAM COORDINATOR

The end of September marks the end of the first quarter of our Lions year 2019-2020. I know many of you look to the District Leadership for help in this vital area of membership growth.

Here is something to think about. Do we need a master plan to increase membership? If every Lion in our District look in the mirror and ask, "why did you become a Lion?" Does this not light a fire to ask one to join our ranks? To increase our presence in the community? The feeling of helping your neighbor in need? To know you left a better world because of your contribution? Would you like to help support other agencies in your area who are trying to improve the community? Would you like to meet more people to share your interests?

It was 1 year ago when I was assigned to assist the *Parkesburg Lions Club* as a Guiding Lion. Prior to my first visit, I never been to Parkesburg, PA in my life. What was I going to do to help their situation? All I could do was support them in rebuilding their club. I suggested they "sound the alarm" and "spread the word" to the movers and shakers of their town. To let people know what an asset Lions are to the community. Knock on the Mayors front door, speak to borough council, visit schools and employers. Here it is....one year later and Parkesburg is thriving. There was no magic wand or potion. They did it through hard work and because they cared.

If you would like to see a master plan. Go to the Membership Growth Event Toolbox @lionsclubs.org

2VDG Gary, GMT Coordinator District 14P

During September, I visited five of our District 14P Lions Clubs and I have more scheduled. I want to visit all of our Lions Clubs to talk about our Lions Clubs International Foundation which is now over 50 years old and has given out over 1 billion dollars in grants.

I have not yet received a report for September, but here is an update from August. As I said in last month's *Lion Eyes*, our District 14P goal for this year is \$56,281 which is up significantly from what our clubs contributed in 2018-2019, but up a much less amount from what we contributed two years ago. Breaking this amount down into a monthly figure, our goal for August was \$2814 and the actual amount we donated was \$2696. So we were \$118 behind the monthly goal.

At a presentation by Past International President Joe Preston to the State Council of Governors in August, all Lions are being asked to do three things.

1. You can donate. Lions are LCIF's biggest supporters and provide the vast majority of contributions. Your donations sustain LCIF and make our work possible, whether that is close to home or continents away. All our service is important. All our donations are important.
2. You can advocate. Lions are better than anyone at telling our story and sharing the message and impact of our work.
3. You can volunteer. Lions implement projects our Foundation funds, either in part or in full. Your service then enables us to achieve our program goals. More importantly, our service helps those who need support and compassion, often in their darkest hours.

Although as said in point 1 above, Lions are LCIF's biggest supporters, this generally comes from our clubs and Melvin Jones Fellowships. Only 6% of our Lions Clubs members contribute individually to LCIF. All of us are being asked to contribute at least \$100 per year for the next three years. You can donate by mailing a check to Lions Clubs International Foundation, Department 4547, Carol Stream IL 60122-4547 or by using the "Donate" button on the LCIF webpage. A \$100 donation (\$2 per week) from only half of our District 14P membership would get us to our annual goal this year.

Thank you for your support of LCIF and I look forward to visiting your Lions Club to talk more about "our foundation".

Why service reporting matters

Discover what can happen when you share your impact

Captivate and connect.

From a single pair of eyeglasses to a brand-new hospital for a large city, reporting shines a light on how—and where—local clubs are making a difference across the world. Clear, relevant service data ensures people in need know exactly where to go for help.

Increase global awareness.

Service data helps people understand the needs of communities around the world. Global-minded Lions identify opportunities and lead their local communities into action.

Pave the way to partnership.

Service reports provide tangible evidence to prospective partners of Lions International's global engagement and impact. These relationships strengthen the organization and yield benefits at the local level.

Uncover the next big idea.

Because service activities are scalable, one small service project can become the next signature initiative of the organization: but only if it is reported and promoted by Lions!

Enhance our support.

Service data—along with peer-to-peer sharing and feedback from Lions—enables Lions International to identify best practices that can be shared globally.

Build a brighter future.

Measurement leads to insight, which in turn sharpens our focus. Setting higher—and more reachable—goals each year both unifies and mobilizes the organization toward growth.

Increase our membership.

People want to participate in real, visible change. Service reporting allows Lions clubs to continually engage their communities, tell their story more effectively, and ultimately grow their member base.

Leverage our foundation.

Service reports show how Lions and Leos around the world are using funds from Lions Clubs International Foundation grants to serve their communities. This visibility encourages Lions to think creatively about their own projects and apply for LCIF grants themselves.

Recognize and reward.

When Lions report service, they become eligible for a number of service awards. From Centennial Service Challenge patches to Leo Awards, rewards recognize the hard work of Lions and motivate them to continue striving for excellence.

Go report your service!

Submit and track your impact through MyLion at lionsclubs.org.

As we start our second century of service, we are investing in the future of Lions Clubs—our Leos. Our Leo Club Program started here in the United States almost sixty years ago and today continues to flourish with more than 7,000+ clubs worldwide, 175,000 Leos in 145 countries. Just last year, Leo Clubs completed 24,038 projects. These clubs have served many people, and they are not stopping anytime soon.

We have united to encourage and inspire our Leos to be the great change we need for Lions' continued success. Our vision is to empower and further educate our Leos in areas of leadership and community engagement/development. With that said, Leo advocates gathered to form the USA/Canada Leo Leadership Forum. This Forum is the first of its kind in our Constitutional Area. A Forum organized for Leos by Leos.

From all over the United States, Canada, and Multiple District 60 "Islands of the Caribbean" and other affiliated territories, our Leos share a common set of values. They serve with enthusiasm, constantly striving to make positive, sustainable change to our communities. They inspire their peers and share their talents with those in need. They make an impact on our Lions and reinvigorate our lifetime commitment to serve in this organization. These values give our Leos the power to make a profound impact, and with "LIONS" on their side there can be no limit.

Our Leo Leadership Forum will provide Leos with various workshops in leadership, public speaking, community development, etc. These workshops will be developed by experts in the subject and co-facilitated by Leo leaders. At the completion of the Leo Leadership Forum, our Leos will receive their High School Degree. Moreover, we will offer fun activities so Leos can inspire and learn from each other and later bring home their newfound knowledge and share it with their clubs. This forum aims to make a demonstrated commitment to our Leos, who we believe are the future of Lions.

We hope you may consider donating any amount to our Foundation. Your generous donation will help our Foundation forward our mission of better supporting our Leos through our annual Leo Leadership Forum. As a sign of our appreciation, all donors will be recognized with a club patch or forum pin.

IF YOU ARE NOT DOING HAVING FUN YOU ARE DOING IT WRONG

By Daniel Marney Elkins

Zone Chair & Charter President of the Bellefonte Lions Club, Delaware

While it is impossible to truly manage the personal politics of an all-volunteer organization that has as many subdivisions as LCI, it is possible to remember one simple thing that will make a difference....

If you are not having fun, you are doing it wrong.

When old business, power struggles, personal conflicts take over and we forget the pure joy of service, that's when our association begins to die.

A wise Indian Lion that I know once told me the secret to Lionism. I have followed his advice every day of my life.

He said, "Service is Celebration."

Find the joy in helping others and realize that in doing so, we are celebrating life itself.

My first DG Glenn Williams taught me another secret.

If your meetings are filled with laughter then your club will prosper and grow.

Being a Lion should be fun. It should be filled with amazing experiences of fellowship and uplifting moments of knowing that we are making the world a better place with our actions.

If your club has forgotten that service is celebration, then the goal is to find ways to rediscover it.

How? Table all club business next meeting and just do something fun together. It doesn't matter what it is, take a survey and find out what people like to do. Bowling, movie night, line dancing, attending a concert, or just sitting around spending time getting to know each other over a meal. Remove the power structure of officers and head tables and sit as equals and celebrate each other's existence. Don't sit at the same table with the same people you always have. Switch it up, break the cliques. Have fun and remember why we became Lions.

It wasn't to sit in meetings. It wasn't to write checks. It wasn't to have a title. It was to become part of a fellowship that helps make a difference through service.

Remember our roots and have a good time while doing it and I guarantee you will see less people leaving Lions.

News & Updates

October 2019

On September 21st KidSight held its annual board meeting at which time the Board of Trustees and Officers were elected. We would like to welcome our new member to the board, Nelson Moeller of the Exeter Township Lions Club. Nelson was an essential part in preparing the KidSight Trailer for screening.

On September 13th KidSight 14P went international. Lions John and Kimberly McGrath, members of the Amity Township Lions Club accompanied a United Methodist Medical Mission Team to the regions of Medellin and Concordia, Columbia South America. With them was a 14P KidSight Spot Camera to screen children and adults for vision problems. They were able to screen over 200 children and 400 adults and provide them with glasses from the New Jersey Recycling Center. The technology of **Spot Camera** enabled the mission to fit more people with glasses.

We would like to thank the Clubs of 14P who have financially supported the KidSight Program over the years. A **Big Thanks** to Central Berks, Blandon, Spring Township, PBM, Amity Lioness, Mohnton/Cumru, Reading Pagoda, Coventry, Shartlesville, Hamburg, Honey Brooks, Eagle Glenmore, Elverson Morgantown, Amity Township, and Exeter Township. We were able to purchase a **New Spot Camera and Printer** in September with the above donations and a generous donation of \$3500 from the Amity Township Lions Club.

We're winding up our first spring and summer screening with the use of our **KidSight Trailer**. While it had very positive response from our clubs who participated, we did have a few situations that need improvement. The first was a transportation of the trailer to the screening site. We need more volunteers to transport the trailer to the screening sites. The only requirements are to have a full-size pickup truck with a 2-inch ball hitch (we can provide the 2-inch ball). The second is we need help to find screening opportunities for next year. Now's the time to start planning for next year's screening opportunities, so please contact us at peshober@ptd.net.

Help KidSight save the sight of our children
