Big Check Presentation

Representatives of the MN Lions Childhood Cancer Foundation present a symbolic “big check” to Dr. Kim Sadak and Dr. Luci Turcotte. The \$100,000 raised by Minnesota Lions was matched, dollar for dollar, by the University of Minnesota Foundation and the Children’s Cancer Research Fund to make \$300,000 donated to the University of Minnesota Masonic Children’s Hospital to fund research and services for survivors of childhood cancer. Presenting the check on behalf of the Foundation were President Jeannine McDonald, Secretary Linda Albrecht, Director Bob Knutson and Treasurer Tom McCarthy.

One of the innovative programs being funded by the Lions is a smart phone app to keep in touch with survivors as they leave the hospital program and move on with their lives. Dr. Karim Sadak, Director, Childhood Cancer Survivor Program at the Masonic Children’s Hospital, has stated, "Funds from the Minnesota Lions Childhood Cancer Foundation have made it possible to create a way through mobile health to never let childhood cancer survivors slip through the cracks of the healthcare system."

Be proud, Minnesota Lions!!! Be very proud!

(And, yes, we are all smiling!!!)

5M3 District Governor

~David Janssen~

Greetings Lions of 5M3

Things are a little different with the Virus going on. Lions activities are happening at a slower pace but there are some fundraisers taking place. Jackson Lions held two Pork Chop drive thru meals. They served about 350 people at both events. Good job by the Jackson Lions!

The first planning meeting for the Mid-Winter Convention has been held, with different ways to hold the Convention. The first was, do we hold a normal convention like we have in the past? Second, do we plan a one-day event with some of things that need to happen? The third choice would be to do a virtual business meeting only. There would be some technical issues that would have to be addressed with that. Discussion was held and it looks like maybe a 1-day convention is being planned. This is how it looks so far; Cabinet meeting would take place on Friday evening. Saturday morning would start out with tying Cancer Blankets first and the memorial service would be at 10:30. Next the International Director Billy Blankenship would be speaking at our noon luncheon. The 5M3 business meeting would take place about 2:00 pm that afternoon. Discussion was held about maybe having a couple Lions Speakers talk on their programs on Saturday morning. At this time, the Saturday Banquet is not being held and nothing will happen on Sunday. All this is starting to come together and nothing is etched in stone. Any ideas for the convention, please let the planning committee know. It might be different, but we still be able to get together.

The second cabinet meeting will take place in the first week of November. Zone Chairs can have a Zone meeting after that. Let's see if we can get some meetings in before Christmas. Zone meetings are an important part of the LIONS Program. It keeps the District Governor and Zone Chairs informed about how the clubs are doing. Zone Chairs are very important to the clubs and to the District. So let's get those Zone Meetings in. PDG Don would like to speak about the NAMI Program and how it is working at the Zone meeting and 1VDG Gordon Mulder would like to talk about LCIF at those meetings also.

RLLI, Regional Lions Leadership Institute is being held on March 18-21 2021 in Detroit Lakes at the Holiday Inn. We are looking for Lions from our District to improve their Leadership skills and other learning opportunities. 5M3 can take 6 members to this great Leadership Institute. 5M3 hasn't sent anyone to this for the last couple of years. If interested in this let DG David know. We will get you registered.

Still looking for a 2 Vice District Governor. It would nice if someone would step forward to fill this position. If interested, contact DG David at (507-236-2480). You'll meet a number of Lions members and really see how the Multiple District works.

We are planning to do a Guiding Lion training in the district. The question is how we will do it. It will be determined by the amount of interested members who want to take the training. This will take place in a couple of spots in the district or it could be a Go-meeting format like officers training. If interested, let DG David or GLT Wayne know.

Lions Club International has come up with a plan for payment of dues. Flexible payments and no clubs will be suspended or cancelled through December 31,2020. Charter fees and end entrance will be waived until Dec. 31 2020.

KidSight screening is taking place again in the district. There are some new guide lines that will need to be followed. For more information contact KidSight Chairperson Cindy LaBrie and she will answer your questions.

Have a good week. Ask someone to be LION.

1st Vice District Governor

~Gordon Mulder~

From the desk of 1VDG Gordon Mulder: a look back, a look forward.

Looking back, training is what comes to mind. Because that is what happened at the end of last week. Thursday and Friday, two full days of review and new topics. From speaking and listening, to calendars—what is coming up, to COG-council of governors, E-books—electronic books on all positions, to LLC—Lions Learning Center—to learn about anything and everything dealing with Lions, and of course NAMI, and LCIF. Someone likened it to drinking from a fire hose.

Looking ahead, there are a few club visits with the DG Dave Janssen that I will attend and a few electronic meetings.

I would like to thank the individuals and the clubs that have contributed to LCIF. The need is great, and with the reports of hurricanes and wild fires in this country I am sure that Lions will be there to help pick up, clean up, and rebuild.

This time of dealing with Covid 19 sure has changed how we deal with everyday goings on, to meetings, to normal fund raising. But it has not changed that people and towns still need to be helped. 'Normal' has changed, and so we Lions have to change right along with it to have a new way of getting done what needs to be done.

We can't/shouldn't live in fear, but we can be careful and still get out and about to get done what needs to be done. Providing help to those who need a little boost or hand-up.

Remember, it is a good day to be a Lion. Serve with pride, with the pride!

Lion Gordon Mulder

**Lions Clubs International
FOUNDATION**

Welcome to this month's edition of my report from can-do-canines. I hope this finds you all in good health. The covid 19 pandemic has been really causing problems with things at CDC. We have 190 dogs and puppies currently in volunteer home while 5 of our prisons are closed. At this time, we have 350 active working teams who are currently receiving continuous follow-up and support from us. We will be holding a virtual graduation on the 24th of October. You can join the graduation by going to <http://graduation.can-do-canines.org/>. Please feel free to check it out. We will be graduating 18 teams for this fall graduation. We have another 26 dogs that are in for final training at our facility that will be ready for our winter graduation which will be held in February of 2021. Give to the Max Day will be held on November 19, 2020. We would appreciate any donations that you can provide. You can get more information about this event by going to (givemn.org/candocanines) This month we are going to talk about Halle and Binx.

Halle has been managing Type 1 diabetes for 23 years, after being diagnosed at just 4 years old. She has dealt with hypoglycemic episodes when her blood sugar level plummets, but she is unable to feel it happening until that "low" endangers her life.

Binx, a 3-year-old yellow Labrador Retriever, has become confident in realizing what Halle needs. He embraces his sense of smell to the extent that he can identify chemical changes in Halle's body before she notices them or her equipment detects them.

Until next month this is your CDC chair Lion Galen Engholm

HAVE YOU FILED YOUR FEDERAL TAX FORM (990-N) FOR 2020?

Lions: **PLEASE** remember that all **Lions Clubs**, that have annual gross receipts less than \$50,000 MUST file the E-Postcard. Please note that this is an IRS requirement. This has to be filed online, and for most clubs it must be filed before **November 15** of this year (there are a few Lion Clubs that have a calendar year as their fiscal year and your club must file each year by May 15).

To file, the easiest way to do it is to go to the following website: <http://epostcard.form990.org>. Once you are at the site, you need to have the following:

Employer Identification Number (EIN), also known as a Taxpayer identification Number (TIN). Your secretary should have this, or you can get it for your club on the LCI website, www.mylci.org, then pull up your club; it will have the number listed. This is a nine digit number.

3. Any other names the organization uses.
4. Name and address of the principal officer.

6. Confirmation that the organization's annual gross receipts are \$50,000 or less.
7. If applicable, a statement that the organization has terminated or is terminating (going out of business).
8. When you enter the site, it will ask for a User Name. Hopefully you wrote it down from the previous year. If not, you can create a new one.

You MUST complete this every year. If you miss for 3 years, your club loses its tax exempt status and you must pay a reinstatement fee to get re-registered. Avoid the pain, make sure that this is done at the latest by November 15 of each year, but do it early in case there is some glitch that needs to be dealt with.

KNOW THE FACTS

DIABETES

Diabetes can lead to serious diseases affecting the heart and blood vessels, eyes, kidneys, nerves and teeth.

In most high-income countries, diabetes is a leading cause of cardiovascular disease, blindness, kidney failure, and lower limb amputation.

It is expected to affect 629 million adults by 2045.

NAMI REPORT

Happy Fall to all Lions of 5M3. Hopefully by now you all recognize that the NAMI designation / program is all about MEMBERSHIP and it starts at the Club level. I want you to know that I am here to help you in meeting your membership goals. If you have questions or want me to visit with your Club members, please give me a call (507-841-4917). Membership starts with Club Leadership at the local level. Good Club Leadership will drive membership. In addition, service projects by your clubs will help you to increase your membership. How? You have to make it a priority to show your communities what you do, "We Serve", and make it known to them by photos, newspaper articles, radio, or any other media outlets you have available. Tell your story about how you serve your communities. It also does not hurt to let your community know that you are looking for members to help you serve. Membership nights are another way to invite people to join you as you serve your communities. Ok, right now it is a little harder to meet due to COVID concerns, but some clubs are starting to meet again by practicing good social distancing and wearing masks. You may have to make some changes on how you get together, but it can be done. What I am encouraging you to do is not to give up on your service projects, keep doing them, your community needs your help. In visiting with clubs over the past six months I keep hearing that most of your club fund raising projects have been cancelled or postponed during this health crisis. I know that my club suffered the same issues. What we did do this fall was sponsor two "drive thru" pork chop feeds at our local park. We grilled chops with the fixings, then asked the public to drive thru and pick up their meals. It was a tremendous success, lots of great comments, and we served over 400 chops at both events. It takes some thinking about how you do things, but you can still make a difference. Club leaders, make sure that you continue to move your club forward even during this challenging time, never give up. To all of you, I hope you can enjoy this fall season, to our farmer members, be careful during harvest. Be safe, be positive, and remember, "WE SERVE".
