### MYTH

Aged people cannot donate eyes; only young, healthy individuals make suitable donors.

### FACT

Anyone can be a potential donor regardless of age, race, or medical history. (When it comes to corneal tissue, everyone is a universal donor; your blood type does not even have to match.) Practically, anyone who is above one year of age can donate their eyes, and there is no upper age limit.

Eye donation is one of the most common forms of eye donation! It's so common that over two million people have had their vision restored after a corneal transplant since 1961. #RestoreSight #EBAA

### DID YOU KNOW?

Since 1961, over 2 million people have had their eyesight restored through corneal transplants.

### MYTH

Donating eyes for research doesn't restore sight to anyone.

### FACT

Donating eyes for research can potentially help thousands of people regain their sight, as research on glaucoma, retinal disease, eye complications of diabetes and other sight disorders helps to advance the discovery of the cause and effects of these conditions. This can then lead to new treatments and cures.

Hello Lions,  
Thank you for the great response to our district service project, "Help Tuck Them In." It is very sad to

know that the need is so great. But we are making a difference for our children with each bed that gets delivered. Thank you all so much!!

I love doing the club visits, and love seeing seeing all the projects and activities the clubs are doing. If

your club visit is not already scheduled, please contact me asap. My calendar is filling up.

We are planning our Mid-Winter convention, to be held February 16-18, 2024, at the Best Western in

Fairmont. We are offering an early bird discount. We welcome ideas and suggestions for our

convention. Please plan to join us, and bring along a friend or two! I love the Mid-Winter Convention, and look forward to it every year.

Please remember to invite our Foundations' Trustees to your club meetings. It is their job is to visit the clubs and update us on how our donations are being used.

1VDeb and I have come up with a fun "District Governor's Challenge". We hope your club will

participate. It's just a way to promote interacting with other clubs by working together, sharing ideas

and having fun. The challenge is in this newsletter. We hope all clubs will do the challenge and have a

good time while doing it. It is another way to promote Lions in our communities.

Stay safe this busy harvest season.

Thanks for all you do!

DG Patty

Looking forward to the start of the forum. Hopefully I can tell you all about it.

Wish I had time to write more, but I really don't have time right now.

## Greetings from the Global Service Desk

Welcome to the nice season of fall. The sun sets quicker every night, and cools off sooner. Just enjoy the nice fall weather.

Things are happening for the Lions of 5M3 and here are some of the things that are going. There are many benefits that are taking place, fly-in breakfast is happening, summer celebrations have taken place and fairs are about wrap up. It is nice to many members helping out on the projects that are taking place in 5M3.

Tracy Lions are working on the youth beds, and it seems to be going very well. They started this project in March and have delivered about 20 beds so far. Tracy Lions are putting together a booklet of instructions on how to make | these beds, along with details of the project. Tracy Lions will sell these kits to other Lions clubs that are willing to finish sanding, staining, and painting the beds. The motto for this project is "TUCK THEM IN ". Donations from business, such as mattress, bed sheets, cash donations would be appreciated. This will be a district wide service project. Any club that is interested in this project please call the Tracy Lions President Dennis Fultz (507 626-0281). Dennis has the information that you are looking for.

Service reporting is improving, and we have 14 clubs reporting this month. Last month was at 8 clubs reporting. That is great and maybe next month we could have close to 20 clubs reporting, which is terrific. Keep up the good work and thank you to the clubs that are reporting!

### BACK TO SCHOOL?

Make sure an eye exam is on your back-to-school checklist!

Do you have children going back to school? Make sure a comprehensive eye exam is on your back-to-school checklist! Healthy vision is correlated to success in the classroom and beyond! Because vision may change frequently during the school years, children should receive an eye examination every year.

# Responding to a need

According to [Johnson & Johnson Vision](#), Myopia, often called nearsightedness, is commonly understood as the inability to see far away objects clearly without glasses or contact lenses. It is, in fact, much more than that. Myopia is a chronic progressive disease where continued eye growth not only worsens distance vision, it also increases future risk of sight-threatening complications.

In 2002, Lions Clubs International Foundation (LCIF) and Johnson & Johnson Vision offered a solution, co-founding Sight For Kids (SFK). Today, SFK is known as the largest-known, school-based eye health program that mobilizes Lions and eye care professionals to provide comprehensive eye health services in low-income schools around the world.
