Lions of 25A

Well half the year is gone! Has your club accomplished it's goals? In visiting many clubs most have and then some have not. If one of your goals was to get a new member, there's always time for that. We have lost too many Lions due to passing away. These are Lions that have many years under their belt and are hard to replace. That's why it's important for ALL of us to think "Who is going to replace me?" Don't let it be up to someone else. It is your job! Just remember to ask someone and be ready to put Lions in a positive light.

Service activities need to be reported! PDG Patty Cooke is our district chair person. If you need help, ask her. She will be sending out a spreadsheet that may make it easier. If you don't receive it, contact her. There is no reason we shouldn't be at 100%. Remember there is help if you need it.

During my club visits, I ask how many people have read the governor's newsletter. Very few do. Others say that they don't get it. It is sent out to every club president and secretary. Please pass it along to all club members. There is nothing secret in it there so please either email it to other club members or take a printed copy to your next meeting.

Now is the time to be planning on attending the District Convention on March 16, 2019. We need a minimum of 150 to 200 in attendance to keep our ability to get an International Director each year. I personally like hearing what they have to say. If there's something coming down the international pipeline, we get to hear it from the horses mouth per se. If we have questions they are there to answer them to the best of their ability. I would hate to lose that. All we are asking for is 150 to 200 Lions to attend — that shouldn't be a problem. We have about 1300 members in the district. You do the math.

Our cabinet meeting is January 27 in Laporte at 1:00 PM. See the flyer in this newsletter. Please plan on attending. This is a way to learn what's going on in the District. Come and share your successes with other attendees. We would all like to hear them. I know I might steal one of them. If it works for you, why not at my club. So remember sharing is caring! Keep up all the good work district 25A is doing.

Yours in Lionism,

District Governor Dennis Brown

HAPPY NEW YEAR TO ALL 25A LIONS !

Each new year brings a feeling of rejuvenation, evaluation, and unbound optimism. The future looks bright for all of us at the beginning of a new year.

The future **IS** bright for all 25A Lions Clubs!

The future **IS** bright for all 25A Lions!

And it is in this way of thinking that I ask all club presidents, secretaries, and officers to examine your individual clubs during the first meeting in January!

Get together and discuss your club's present, as well as it's future. Are you doing all that you can, or is there more you could be doing — maybe more community service projects, and in the process, creating more community awareness of your club's presence and activities.

While engaging in this process of club self evaluation, write down all the positive aspects of YOUR club. And then enter the information into myLCI on the Lions Web Page. This is the same place you enter your membership information every month.

And Lions Clubs International has now created a new position – **Club Administrator** --- to help you in this task. Club-Secretaries can name an assistant to help get the reports entered into MYLCI. Yea! See instructions on how to do this below.

Please make the extra effort to enter your activities. List everything you are doing, from your club meetings to your activities — selling apples or popcorn, reading to preschoolers, building a ramp or handrail, etc.

This monthly report means a lot to your district! Not for the district to get involved with YOUR club events, but so that we know what you are doing. We may attend some of your events.....if we know what is happening —and when! I recently had a 25A Lion inquire about my club's "RENT-A-SANTA" program, and show a strong interest in that fundraiser.

Help your district 25A flourish, and continue to grow. Write those monthly activity reports, whether they are 2 lines , or 30 lines.....just let us know what YOUR club is doing.

Thanks, and again, HAPPY NEW YEAR.

It's all about people helping people helping people

IT's ALL ABOUT PEOPLE.

Once again, we find our District is losing more members than we bring in. We are again approaching the Lion Club International member of 1250 that will force us to lose our independence as a District and may require us to join with another District. As of December 31, we added 42 members but dropped 68 for a net loss of 26. We should all ask ourselves "Is my club relevant to the community and meeting the needs of its people? Is my club relevant to members and do they feel valued and proud to be members? "Are we preparing our club for the future or will it go out of business leaving people in need out in the cold?" ***"Will some blind and deaf child who needs help hear the awful words – "Sorry! there is no one here to help you – there was a Lions club here, but it went out of business!"***

Successful businesses stress the need to be relevant to both their customers and their people. They review and make changes to projects and programs based on assessments of customer needs. Successful businesses review their operations and survey their people to be sure they are proud to be part of the organization and ask for suggestions on how to improve operations. They ask their people to help develop goals and new ways to meet the needs of their customers.

Lions clubs need to do the same as businesses do. Clubs must be relevant to both its customers and its people. Our "customers" are the people WE SERVE. But how do we know our club and its programs are relevant to the community and the people? When asked that question many reply, "because people support the club fundraisers and, therefore, the club and its programs must be relevant to the community's needs". However, many clubs continue to do the same projects year after year without surveying their "customers" to see if programs are really meeting the community needs. Conducting a community needs assessment is one way to find out if a club's programs are relevant. An assessment can be as simple as visiting various community leaders – such as Fire and police chiefs, community leaders, and park department directors- explaining the club's programs and asking how a Lions Club might help meet their needs. Once the assessment is completed, clubs can look at the results, evaluate their projects, and make any necessary changes. A more formal Community Needs Assessment is available from LCI. Completing a community needs assessment will go a long way in getting new people interested in joining a Lions club as well as keeping members they have.

A club, and how it operates, must also be relevant to all its members. Successful business organizations know the importance of being relevant to their people. When people feel good about an organization and its programs, it tends to grow and become stronger. The same is true about Lions Clubs. When members feel valued, they feel proud to be Lions and work on projects and events. However, if the club operates in a manner that excludes their input, and the same people do the same thing over and over again, members begin to lose interest and feel they are no longer valued and are not making difference. Nearly 45% of Lions surveyed said the main reason they left was because they were not included in the group and felt they were not making a difference. Lions clubs need to review their operation and survey their members to be sure the club is relevant to its members. All clubs should conduct LCI's "How are Your Ratings" to get feedback from its members.

We need to care for each other with the same passion that we care for those we serve. All Lions need to be recognized by the peers for the work they do, no matter what that might be. We need to shake hands, and even hug each other so all lions know they are valued and part of the greatest service organization in the world. GMT Dick Silveira

Why Service Reporting Matters—Discover what can happen when you share you impact

Captivate and connect.

From a single pair of eyeglasses to a brand-new hospital for a large city, reporting shines a light on how—and where—local clubs are making a difference across the world. Clear, relevant service data ensures people in need know exactly where to go for help.

Increase global awareness.

Service data helps people understand the needs of communities around the world. Global-minded Lions identify opportunities and lead their local communities into action.

Uncover the next big idea.

Because service activities are scalable, one small service project can become the next signature initiative of the organization: but only if it is reported and promoted by Lions!

Increase our membership.

People want to participate in real, visible change. Service reporting allows Lions clubs to continually engage their communities, tell their story more effectively, and ultimately grow their member base.

These are just a few of the ways Service Reporting Matters and why we need to be reporting all our Service Activities. One of my goals as your GST is to help you, Lions of 25A, to report more of all the great ways you give back to your communities. So you will be getting reminder emails on the 20th of each month and a reminder phone call from 2VDG Allen before the end of the month.

It is easy—and now LCI has made it easier by creating a new club position—Club Administrator. Give one of your Lions the opportunity to help your club reporting for LCI. Instructions on adding them are on the Page 2 of the newsletter, or contact either your District Administrator, PDG Barbara Toosley, or GST, PDG Patty Cooke.

To enter your activities, you just need to know a few key facts: type of activity and how, Lion involved, people served, money raised, etc. Please see Page 11 for some pictures of the myLCI webpage.

I will be sending out a spreadsheet that you can use at your meetings to gather information about your projects. Then you can just use that information to enter your activities.

As challenges facing our world expand, so must our capacity to combat them. To build a future promising even greater service impact, Lions Clubs International Foundation (LCIF) – your foundation – proudly introduces **Campaign 100: LCIF Empowering Service.**

The most ambitious fundraising effort in LCIF's history, Campaign 100 will span three years and seek to raise US\$300 million by June 30, 2021. Campaign 100 will empower Lions to serve 200+ million people a year by: Increasing service impact, Fighting diabetes, Expanding global causes.

These are not things that any one Lion, club or district can do alone. But together, we can. Together, our work and personal financial gifts to our foundation will ensure a brighter future for the next 100 years – and beyond.

Reaching *Campaign 100's* capital goal of US\$300 million by June 30, 2021, will require participation from *all* Lions and clubs worldwide. Exciting individual and club recognition programs are in place to reward those who heed the call.

Please contact 25A LCIF Chair, PDG Patty Cooke, about more information on how a Lion can make an individual pledge or your club can increase its gifts to make this happen.
