THE BUZZ

("B" in the KNOW!)
January 18, 2016

I was asked to print my speech that I was to give at the Melvin Jones Memorial Rededication on Saturday, January 9th. I ended up with a bad cold that I did not want to share so I did not attend. 1VDG Jim Whelan stood in for me and give my speech so for those who were not there, here it is:

LEGACY - IT MATTERS

*We already know the legacy of Melvin Jones
It's the reason why we are standing here today
It is the reason we come back here each
January
To honor our service to humanity with dignity
and honor.*

*And to strengthen our pride in a world full of
service opportunities.*

*What will your legacy be when your time is
done?
What will those continuing to serve say when
you're through?*

*Will others say you were a Lion that was
building up others to serve the needs of*

*others? Yes it matters how we treat each other
in service to others.*

*Each pair of eyeglasses you buy, each young
person you mentor, each meal you serve to
someone in need, and every tree you plant - IT
MATTERS.*

*We have a rich history of almost 100 years of
service and you have played a role in this.*

*It is not who serves more - it is who serves
when the need is known. It is about making a
difference - big or small - about serving others
to lighten a burden with no expectation in
return.*

*That is when you know you've served - when it
matters.*

Your legacy begins and ends with you.

*Make your legacy matter just as Melvin Jones
has done serving others no matter the need*

*As the next hundred years of service will indeed
inspire others to lead with the legacy you leave
behind.*

*IT MATTERS all that you do - yesterday, today,
and tomorrow.*

*Whether it be mentoring, leading, or doing - do
it all with the knowledge that it matters to those
you serve.*

*Making a difference in lives every day
worldwide is our legacy - we take pride serving
others with dignity every day.*

To the LIONS of 21B.....

It has been no secret since my announcement at last year's Mid-Year Leadership Conference that I desired to run for the office of International Director from MD21 at the upcoming 99th Convention in Japan.

The Road to that endorsement from the Multiple District, however, must go thru a sub-district before moving on to the MD level. That District must be a full district of 1,250 members plus and at least 35 clubs. For the last two years, District 21C under the leadership of GMT Ron Smith, has made tremendous strides in growing their membership from over 1,000 two years ago to over 1,150 now; however, the chances of reaching the goal of 1,250 by their District Convention on February 6th is nearly impossible.

Therefore, after meeting with the Leadership of 21B and the officers and members of the Gilbert Lions Club, I officially transferred my membership on January 11th, 2016, to the Gilbert Lions Club who then endorsed me to run at the upcoming 21B Convention on March 12th, and I will be seeking the support and endorsement of the Lions of 21B to allow me to move forward to the MD 21 Convention in May and then on to Japan.

For 35 years I have been a Lion in Arizona....yes, I belonged to various clubs in 21C, but I have always felt more importantly I was a Lion of MD21. As Lions we work together to continue to SERVE those in need, regardless of our club affiliation or our District affiliation.

So, I will be reaching out to the Lions of 21B to seek their support, and then look forward to representing all Lions of MD21 Arizona.

Thank you for your support and I look forward to seeing all of you in Tucson.

**SEE LETTER SENT TO ALL LIONS 1/13/2016
attached.**

2016 – Another trip around the sun and on January 9th Arizona Lions re-dedicated ourselves to the principles set down by our organization's founder. MD21 District Governors shared their thoughts about Melvin Jones' humble beginnings from the stark beauty of the Arizona Territory desert outpost and what his dedication to helping others became - our wonderful Lion Clubs International. The crisp, cold air on that Saturday punctuated what *can be possible* when likeminded people plot a course of helping and doing. 21-A DG Paul urged us to become our own Melvin Jones in service; 21-B DG Barb urged us to find our own legacies of service; and, 21-C DG Linda reminded us about one of the basic truths about service: *"You can't get very far until you start doing something for somebody else."*

"... until you start doing something for somebody else." Sometimes a question asked from a different voice can sink in. What ARE we doing for our communities? Yes, we are 43 unique clubs in 21-B but we are also part of the fabric of a recognized global philanthropy of 46,000+ clubs collectively filling unmet needs. Unmet needs – what is your club doing? We are limited only by our imagination to find ways to help in the four areas of concentration - Youth, Vision, Hunger and Environment. Just as we are personally proud of being Lions, we need to share our stories and renew our efforts to invite others to become part of our legacy, too.

There's a definite feeling of pride when Lions tell others about what we do and also how much fun we have together working on projects. We're also proud to ask what else a service club can do to meet an unmet need. What I appreciate most about being a Lion is the comradery based solely on mutual desire to give back – to help. Anyone can become a Lion – membership is not based upon political, religious identity nor fraternal/sorority affiliation. We are just about service.

Dust off, analyze and update your club's recruiting plan. The Centennial phrase of "where there's a need, there's a Lion" provides us a way to start a conversation with those we know who also want to give back to their communities. Because each Lion is part of the membership committee, that "M" word growth is very doable for each club. Wear your pin, share your enthusiasm, invite and solicit prospects to help with a club project and follow-up again and again. More hands equal more heart equals more service – Just Ask!

Lion Richard Stevenson has accepted the position of District Service Coordinator (DSC) a counterpart position with the GLT and GMT and as such joins my cabinet. He will be responsible for coordinating efforts for the district in cataloging and assessing the service activities of the 21-B clubs. LCI has four major service areas – Environment, vision, youth, and hunger – we need to make sure we serve in those areas especially with the centennial year approaching fast. Please welcome Lion Richard and work with him in assessing what we do for service for our organization.

WHY NOT ADD AN ENVIRONMENTAL PROJECT? - Lion Richard Stevenson, District 21-B Service Coordinator

A review of our service projects in 21-B revealed that we did fewer environmental projects than any of the four categories of service. And yet, when clubs discuss projects that allow them to work together as a team and have fun, many fondly recall environmental projects of the past that just

stopped happening. So, why not start one of these fun projects.

Our club recently took on this challenge and the results were great. First we went to the local public works department or our small community and asked what needed doing that we could handle. This could be a street, flower bed, park, playground, sidewalk or median. Three small parks were chosen for clean ups. We decided to do the project prior to our monthly Board meetings, since everyone would be there anyway. We just divided up responsibilities as to who should bring the donuts, the grabbers, the bags, etc., using email. There is a job for everyone. Then we did it.

Some lessons learned were that we chose a project that was manageable by our team, not too big. We made it light and fun. We discovered that this project gave us time to chat as a club, but outside of regular meeting time, which was an unexpected benefit. We brought our banners and took photos and we posted them on our webpage/Facebook page for all to see. Those who came to the Board Meeting but did not attend our clean up saw the excitement as we all walked in as a group having shared a fun experience.

Many clubs in the past did highway cleanups. I have heard many a Lion tell me that they used to do this and what great fun that had doing it. It may not be for every club, but, imagine for a moment if every club in 21-B did it and whenever a driver travelled on our rural roads they saw a Lions Club sign, what great advertising it would be. You can learn more about this at <http://azdot.gov/business/programs-and-partnerships/AdoptaHighway/overview>

Whatever the size or make up of your club, you can find a project to suit you. Three rules, make it fun, make it visible and make it happen.

ATTENTION 21-B secretaries:

Sad that we are STILL reminding our club secretaries to do this seven months into the Lions year but..... Don't forget the MMR is to be done on the first day of each and every month – it is the evening of the 4th day of the month and 22 club secretaries have not submitted their MMR. This will be a continuing effort year after year – so get it on your planner each month – just like an appointment.
