THE BUZZ

("B" in the KNOW!)
September 7, 2015

The MD21 Mid-Year Leadership Conference is just around the corner –

have you registered yet? We have gone out of our way to make this event affordable to the Lions and to bring it down to the valley – located closer to the majority of the Lions. Why not come and attend some of the really interesting leadership sessions and of course we have lots of other fun things planned too – the big one is a huge Halloween Party on Saturday night complete with a procession of decorated golf carts! Now that's something to show up for now isn't it?!!

Here's a bright idea for you.....**FREE** Electronic Ads for the clubs! There are separate instructions for the clubs to submit an ad. Each club can submit no more than two ads – maybe you are supporting someone running for an office or maybe you want to recognize a member. Email ads to Lion Brian

Woloshin at lionbrianw@gmail.com Each ad will be in jpg or pdf format. Lion Brian will put together an electronic presentation that will run continuously throughout the day but not during the leadership sessions.

FREE ADS FOR CLUBS? NEW FOR THE MID-YEAR! - FREE ELECTRONIC ADVERTISING FOR CLUBS!!!

 We're trying something new – clubs will NOT pay to submit an ad for the Mid-Year Conference. There will be a program book but it will be made up of business ads. Please check out the ad form at the end of The BUZZ! and get businesses that you know to advertise for the Mid-Year.

This way we can keep the ads for the clubs FREE – saving your club's hard earned administrative money. We can only do this if you help us get business ads.

FACEBOOK FACEBOOK FACEBOOK

- Lion Richard Stevenson

Why do we have to keep hearing about Facebook all the time? We have been doing Lions work for 100 years without it, why do we need to change?

A recent article in the Green Valley News in Green Valley, AZ highlighted the fact that traditional service clubs are going away. Why? - because the model of these clubs is not relevant to people today. We can cling to our traditions internally, but to attract volunteers, clients and partners we must communicate with them in the manner that they communicate. Newspapers and telephones are not the communications vehicles of choice any more.

Facebook pages are free and reach big targeted audiences rapidly.

Our 21-B Vision Screening Facebook Page is a good example. Our postings on Facebook have reached a national audience including a notice in Lion Magazine, the LCI Facebook page, several postings in the LCI Kidsight Facebook page and the Plusoptix Facebook page, and the pages of the school districts where we screen and Lions Club's pages around the world. They have been seen by tens of thousands of people. We received a comment from a Lion in Atlanta yesterday complementing us on "putting Southern Arizona on the map for Vision Screening". The page reaches local Lions and highlights our impact in our community. It also gives us an internet vehicle that we can refer school health officials to for them to see what we are doing and with whom we are doing it, which is an essential part of a professional image. All for free. And keep in mind that we are not asking YOU to join Facebook; we are merely suggesting that your club have a page.

Lions are about Service, but it is also about sharing the success of that Service, then about encouraging others to participate in our Service so that our clubs continue on to the next generation. It is not useful to serve and keep it a secret. So when we approach your Club or your Project and ask how we can Serve you by getting the word out through Facebook, all you need is Lion in your club with a smart phone, pc or i-pad, a willingness to do a little work and have fun, and together we can achieve great results.

For more information contact Lion Richard Stevenson at ki6baq@me.com or message me at <https://www.facebook.com/pages/WE-SERVE-Lions-Clubs-of-District-21-B-Southern-AZ/1487382568194138>

IS YOUR CLUB READY FOR OUR SIGNATURE SERVICE PROJECT, VISION SCREENING?

Vision Screening is the most well-known service project that Lions do. It is a project that helps thousands of children in Arizona and almost any Lion can participate.

Individual Lions can join other Lions from multiple clubs or it can become your Club Project. With the new Kidsight program from LCI and the new technology, it is very easy to get started. It is a great project since it helps the children of Arizona by identifying those children that would benefit from professional eye care

and this opens the door to work with health professionals in providing exams and glasses to children in need.

So, how to get started? Have your club vision chairperson contact the 21-B Sight Conservation Chairperson, Lion Su-Lin Trepanitis, to discuss how to begin the process. This might be individual Lions joining a multi-club team, depending upon your location, or your club becoming trained borrowing or acquiring your own equipment. It is essential that Lions become properly trained in the screening process and in using the equipment in order to provide accurate screening. To see what other clubs are doing you can check out our 21-B Vision Screening page by clicking this link. We Serve

Where: Pima County Health Department, 3950 S Country Club Rd, Tucson, AZ 85714 (Room 1104)

What is DEEP?

Diabetes Empowerment Education Program (DEEP) is a licensed diabetes self-management education (DSME) curriculum developed by the University of Illinois, Chicago. DEEP was developed to provide communities with tools to better manage diabetes and is based on principles of empowerment and adult education. The purpose of this event is to train people to impart diabetes education to members of their community. Those who complete the three-day training will receive certification to conduct DSME classes in their community.

The DEEP curriculum is based on national diabetes care and DSME guidelines and recommendations. DEEP training stresses the development of skills and knowledge related to diabetes by using interactive group activities and adult-education methods. DEEP is designed as a six-week curriculum covering topics that include diabetes risk factors, complications, nutrition, physical activity, use of the glucose meter and medications, building partnerships with a diabetes healthcare team, psychosocial effects of illness, problem-solving strategies, and how to access community diabetes resources.

Who should attend a DEEP Train-the-Trainer training?

Staff members who work with people who have diabetes and conduct or plan to conduct DSME classes should attend.

Who will conduct the training?

The training will be conducted by DEEP Lead Trainers from HSAG. The training will be conducted in English, but the curriculum is also available in Spanish.

What is the cost?

There is no cost for the three-day training, but trainees must pay their travel, lodging, and food expenses.

How do I register?

Send your name, organization, address, email, and telephone number to Sandy Hudak, MS, RN, Health Information Technology Specialist, at shudak@hsag.com, and she will send you the registration form.
