Message from District Governor Sandy Fife

MARCH Newsletter

Dear Lions and Leos of District 33S,

March is a long month with cold temperatures and long winter days as we wait patiently for the robins and crocuses to appear. Restrictions by the state are starting to relax and some clubs are starting to offer hybrid meeting. Many have had the opportunity to get the vaccine. We realize many Lions and friends still don't feel comfortable going out, waiting for their turn and may stay away from these social gatherings. The District events we will continue virtual until we are safe to travel. Please connect with your Lions and friends over the winter by sending a card, a phone call, or reach out on social media. I look forward to your spring events and visiting the Clubs that I have not been able to meet with, either by Zoom or in person.

MLERF SIGNATURE PROJECTS ~ PENNIES FOR SIGHT, JOURNEY FOR SIGHT AND MEMORIAL or IN HONOR CONTRIBUTIONS ~

How does your Club motivate members to contribute to these important projects?

~ The **Pennies for Sight Program** was created as another vehicle for Lions' clubs to generate funds for MLERF, literally one penny at a time. Lions clubs distribute penny canisters containing the MLERF logo at local businesses or other venues. Program motto: "Your change changes people's lives". Any Lions club that donates \$100.00 receives a Banner Patch. Once a club has received the banner patch, in any year in which they make another \$100.00 donation, they receive a rocker patch for that year. We have new canisters and labels for old canisters.

~ The **Journey to Sight Program** began after the 1982 Lions Clubs International Convention. It was an idea created by Lions Clubs International designed to enable Lions Clubs and Districts to raise funds for sight related activities and increase Club and District visibility and reputation in their communities. Massachusetts Lions Eye Research Fund, Inc. adopted "Journey to Sight" shortly after the 1982 International Convention and later changed the name to Journey for Sight. The first Journey for Sight Weekend was held in May of 1983. The initial idea was for all Clubs to hold a Journey for Sight project on the same weekend of May each year. The purpose of this project was to generate additional funds for MLERF over and above a Lions Club's usual annual donation. Today, Journey For Sight projects occur all year long throughout the five Lions Districts (Y-A-N-K-S).

~ **Memorial and In Honor of Contributions** ~ Envelopes are available for Clubs to give a memorial donation or in honor of an active member or organization. All donations are tax deductible as MLERF is a 501 © 3 organization. A donation to honor our first responders would mean so much to our communities.

Ideas for **Pennies Collections SPRING !!** ~ Canisters are available for members or for local business. See DG Sandy or PDG Roland Grenier. Clubs can work with business such as Dunkin Donuts and do a Pennies for Sight Drive one morning a month in the Spring!! .

How Clubs Can Empower Lions Service

Club support of Campaign 100 and Lions Clubs International Foundation (LCIF) – *your* foundation – increases our ability to change the world. How will your club help?

Encourage 100% Member Participation

Participation is key to our success! Inviting fellow members to make personal donations is one of the simplest and quickest ways you can raise significant funds for LCIF and Campaign 100.

Become a 100|100 Club – 100% Member Participation of at Least US\$100

Clubs in which 100% of members donate US\$100 per year or more receive special recognition as 100|100 Clubs.

Host a Fundraising Event

Fundraising events are a great way to bring many members of a club together – and have some fun! In addition, they're a wonderful opportunity to invite non-Lion members of the community to learn more about the great work of Lions and join clubs in supporting LCIF and Campaign 100.

Make a Gift from the Club Treasury

Many clubs reserve funds in their treasuries for charitable donations and contribute from those funds to LCIF. These contributions are a great way for club leadership to support LCIF on behalf of their members.

Invite Support from Local Businesses and Non-Lions

Many clubs already have good relationships with businesses and non-Lion individuals in their local communities. Inviting support from community members and groups outside of your club through an event or direct request is important to achieving our goals.

Become a Model Club – Raise the Equivalent of US\$500 per Member

Model Clubs are leading the way for Campaign 100. Encourage clubs in your area to set their sights higher and become examples for others. All funds raised from all sources between July 1, 2017 and June 30, 2022, count toward Model Club status. Access more information on Model Clubs by visiting the Resource Center on lionsclubs.org and then clicking on Campaign 100.

**Be
Recognized!**

Donations to Campaign 100 are eligible for Melvin Jones Fellow (MJF), Progressive MJF (PMJF), and Lions Share credits. Donations also count toward limited-edition Campaign 100 recognition and ongoing LCIF recognition such as 100% MJF, 100% PMJF, 100% Lions Share Participation, and per-member-average banner patches.

Thank You!

Many say the needs of the world are too great. More than 1.4 million Lions worldwide say, "We Serve." To each Lions club going boldly into a new era of service – an era where serving 100% is accomplished only when clubs both do *and* donate – thank you! The success of our campaign, association, foundation, and future starts at the club level, **today**. Together, we can.

Email campaign100@lionsclubs.org for campaign resources, additional information on recognition, or to be connected to your LCIF district coordinator.

TALES OF THE CAMPAIGN TRAIL UPDATE

February 2021

Have you received your vaccine yet? Neither have Karol and I but we remain eternally optimistic. On the call list at the local hospital, but no call yet. We all pray that the vaccines can let us return to Lions somewhat the way we used to be.

In the meantime, the campaign continues to be conducted from home! Zoom is the new buzz-word in Lions, as it is in our lives. Most clubs that are still meeting are meeting virtually, but probably with fewer meetings each month. We do continue To Serve our communities, albeit safely - and fully masked! As I read the various District newsletters, I am always amazed at the variety of new ways that Lions have found to continue serving.

Not to repeat myself, the big advantage in the Zoom world is that I can see more of you more often - even if it is in a 2 x 2 square on the computer screen, and on multiple pages. This month has been, and will continue to be the time of the virtual mid-winter conferences most weekends. And I get to not skip your district in favor of a second district as when we were all live together. I can go to Western Massachusetts and New Hampshire on the same day. The weekend before was a trip to the Cape. Then the weekend following the double date, I toured Northeast Massachusetts. The next couple of weekends are Greater Boston and western suburbs, followed by Central Massachusetts.

At MD 33S, visiting the Cape with Lion DG Sandy's clubs, we enjoyed lots of old friends, watched a shark attack Sandy, and were inspired by their LCI guest, Lion Dr. Jose Marrero, MD from Arecibo, PR, and his story of Lions serving in the aftermath of hurricanes. We also had the first report of MLERF of Lion Roland Grenier, PDG and president of MERLF, as he makes the rounds of the MD 33 mid-winters as well. As is often the case in

this Super district, the donations that day totalled over \$62,000! Way to go Lions!

In MD 33Y, I shared a few moments with the Lions of western Massachusetts and their LCI guest, our current ID from Connecticut, Lion Mark Lyon and Lion Lyn. DG Lion Jack (complete with the Dr. Suess's striped hat), and CST Jim ran an orderly and fun event. It was great to see so much fun. And the reports were good - some clubs are at a standstill in meeting, but 100% of first half dues had been paid and 75% of the second half dues already received. There is clearly strength in MD 33Y despite COVID.

Then I scooted back to NH for the 61st MD 44 State Mid-Winter Conference and their LCI guest, Lion Justin Faber, ID, from the "Thumb" of Lower Michigan. Having been introduced with Lion Karol before we ran to Massachusetts, we returned in time for various reports for CC Lion Steve, as well as the words of Lion Justin as he discussed LCI events and plans, as well as the USA/Canada Forum on which planning committee he is the US LCI representative. The discussion of the NH charity foundation was enlightening.

The MD 33N 61st Mid-Winter featured Lion Allan Hunt, ID, from Chilliwack, BC. The reports and the camaraderie were just amazing, as well as the sheer fun. There were five "horse" races that raised money for MLERF, and a "KAHOOT" live and interactive game which kept DG Lion Marcel's conference from even hinting at boredom! We can do this even in a pandemic.

I can hardly wait for the next few weekends after all this sharing and fun. But I also enjoy your cabinet and advisory meetings. The latest was Lion DG Denise's MD 33A meeting January 28. As usual, I gain so much from being your guest there. I learned of a unique virtual district fundraiser for MLERF. And MD33 GMT chair Lion Andy Porter, PDG, reported on an MD program that has saved 73 MD Lions as Lions by subsidizing dues discreetly. It is in meeting with you in your districts that I learn more clearly

what is working for you, and what has failed. This will help to know what I can promote as an International Director to make sure that LCI has the tools that you need TO SERVE your communities even after we control this virus.

Thank you all for stepping up, even if from your living room. I appreciate reading your newsletters and being with you in the ethersphere. I stand ready to go anywhere on the campaign trail - just invite me! Districts, clubs, events are welcome.

So Karol and I will see you again on the trail at some point - virtually if not in person. But optimism is raging rampant in me, I know we will be able to socialize in person with each other once again. I miss that social contact.

Endorsed Candidate for ID

Dear Lions,

You're Invited!!!

March 29th, 2020 ~ Zoom ~ Member Orientation 7:00 PM – 8:30 PM

District 33S will be holding a member orientation for Lions in our District who have joined over the past year or any Lion who wants to learn more about Lions.

We recognize the importance of new member orientation. The information presented during this orientation will provide a foundation for new members and help them understand how the clubs function, what their role will be and will give them the big picture of their District and the Association. We are hoping when new members are properly informed, they are more likely to feel comfortable with the club, become actively involved in club and district activities and remain in Lions for years. We want and Need You!!!

This orientation will include a big picture of our Association, Our District and Multiple District 33, and an Overview of how local clubs function. Come learn more about who Lions are, our history, our purposes, traditions, and our focus areas. Meet your District Officers and members of our Global Action Teams who will be there to answer any questions you may have.

We are hoping you join us on Monday, March 29th AT 7 PM. Invite your sponsors to share in the experience. Registration is not required. Presentation will be posted on our Website. For more information please call CST Nadene Martin at 508-822-4146 or e-mail nadem23@comcast.net.

Louis Braille

French inventor and teacher, Louis Braille, created this method in 1825. Braille was blind. While at school for the blind in Paris, he met Charles Barbier. Barbier had created a system for writing for the blind where sample messages coded in dots were imprinted on cardboard. In 1825, Braille started adapting this system to create the writing system we now know as Braille.

The dots under Louis Braille's name above are actually from the alphabet called Braille. Braille is a method widely used to read and write by people who are visually impaired. Each letter of the alphabet is represented by a different set of dots.

Hey, I've seen raised dots like these next to the buttons for floor numbers in the elevator, and under restroom signs. So that's Braille? Cool!

PROJECT IDEAS ENVIRONMENT

LEARN

- Tour a recycling and waste management facility with your club.

ACT // BEGINNER

- **Plant trees. Consult your local environment authorities to determine the type and number of trees needed, as well as the location for planting.**
- Meet on a monthly basis and clean up a beach, community space, or roadside area as a club.
- Hold an environment themed photo contest at a local school. Reward the winner with a tree planted in their honor or another green form of recognition.
- Challenge all Lions in your club or district to add at least one green habit to their daily lives. Inspire others by sharing your actions on social media. Habits might include:
 - Using a reusable water bottle or coffee mug rather than disposable products.
 - Changing to energy-saving lightbulbs.
 - Setting a time limit for your shower to reduce water consumption.
- Develop a Green Living Tip Sheet and share it electronically with members of your community or network.
- Recognize a local organization or community leader for their efforts in environmental conservation.
- Calculate your carbon footprint with an online calculator. If your footprint is bigger than you would like, purchase carbon credits that are Gold Standard Certified and brainstorm ways you can lower your carbon input.
- Volunteer with your local park service to maintain trails. You will help more people access and enjoy nature!
- Commit to “Meatless Mondays”, or not eating meat one day each week.
- Collect used cellphones and donate them to individuals in need.

ACT // INTERMEDIATE

- Lead an after school nature walk for young students. Encourage them to make observations and ask questions, then have them draw a picture of their experience afterwards.
- Host a community viewing of an environmental film or documentary.
- Save water by surveying your homes and community for leaks in sinks, communal spigots or water fountains. Contact relevant officials if repairs are needed.
- Work with city officials to paint “no dumping” signs near road drainage areas.
- Identify where to recycle toxic items and share/advertise its schedule of collection campaigns.
- **Organize an environmental mural competition. Paint the winner's artwork in an appropriate area to beautify your community and promote environmental awareness.**
- Implement a community recycling drive where people donate gently used items to charity organizations.
- Share a meal with students at your school. Afterwards, teach them how to sort their recyclables and trash.

ACT // ADVANCED

- Develop a demonstration garden or landscaping plot using native plant species to encourage restoration of the local natural habitat and water conservation.
- Sponsor a training program for small farmers on how to make and use organic fertilizers and pesticides.
- Produce a monthly nature program on the local public radio station. Feature environmental topics of local interest, interview environmental activists in your community and promote Lions environmental projects.
- Host a public debate on controversial environmental issues in your community. Share the results with government officials.
- Partner with a local carpenter (or use a DIY tutorial) to build a rain barrel. Then, hold a training with community members to promote using barrels for watering and irrigation.
- Organize an alternative transportation incentive program in your community to encourage walking, biking, public transportation and carpooling.
- Work with local schools to establish organic school gardens and a composting program to improve the quality of school meals and reduce waste.

Greetings Fellow Lions,

These are exciting times!!

Picture this!..Lions and Friends from all over the world converging in Boston for the 2023 Lions Clubs International Convention. Imagine, if you will, being able to attend a LCI Convention just a short drive away! Imagine further being a part of the planning and hosting of this event!!! Look no further!!

Boston, Massachusetts has been selected to host the 2023 Lions Clubs International Convention. This means that the Lions of Massachusetts will have a huge undertaking. We have taken on the challenge and we are up to the task.

To stage a first-class event, we will need to raise approximately \$150,000. Income will be generated from Corporate Sponsors, Host Committee Sales, and the Lions of Massachusetts.

We know that we can count on your support. We are asking the clubs and individual Lions to donate and/or pledge funds over the next three years to help defray the expenses.

The suggested donation for each club is \$200.00 per club, per year. Checks are to be made payable to **LCICON 2023 BOSTON**. If you would please, fill out the attached donation/pledge form and mail it to:

Global Membership Team (GMT)

NEWS from the Global Membership Team (GMT)

Reminder! Lions Clubs International has decided to continue its waiver of the \$35 entrance and charter fees through June 30, 2021. This is a great incentive to add new members now! Dg Sandy has a goal of plus 35 in members for the year. We are currently at a loss of 21, but we can turn this around!

Presidents, Secretaries, Membership Chairs, Lion members...reach out to your fellow club members with a telephone call or a note! Let's be sure our members are all in good shape and don't need us. We serve our communities, but we should also be sure we look out for our own!

Congratulations to these clubs who have **added members** this year: **Abington, Acushnet, Barnstable-Yarmouth, Bridgewater, Bridgewater Community, (Chatham) Nauset, Duxbury, Easton, Fall River Carousel, Kington, Lakeville, Mattapoisett, Nortn, Noton Community, Plymouth, Raynham SEMA Paws of Comfort, and West Bridgewater.** Well done! Eighteen clubs so far! Some of these clubs did it by reinstating former members, so consider calling a former member and seeing if they would like to rejoin.

Let's get all 48 of us into the positive by year's end! We can do it! JUST ASK! Our "Pride" is only as strong as the individual Lions in it.

Unfortunately, we are still awaiting the order of chevrons/rockers and PCST/ZC Lorraine Thompson and I will see to it that they are delivered to all who have earned them once we get them! Don't give up and don't forget to track your activities this year and submit them at the end of the year for next year's awards!

We are actively working on adding 2 new clubs to the district, but *how can we help your club keep its members and grow?* **Call or email me!**

Have you tried one of those membership ideas you've seen in the newsletters? How about encouraging a small group of people who would like to focus their efforts on an area of common interest, or people who have helped you or attended one of your events as potential members? You could have a specialty branch of your club.

Want help? JUST ASK!

Here to serve you,

Kathy Salem

Pride and Roar ~ Chair ZC Lorraine Thompson

Start Tracking Pride and Roar for next year!!!

Pride ~ the objective of the PRIDE program is to give those Lions who always go above and beyond what is necessary to be considered an active member the recognition that they deserve. At the same time the program is designed to lead long time members on a path that will continue and strengthen their commitment to both the District and their individual clubs. This program cannot be completed without being actively involved in your own club's functions as well as helping out at the District level. The PRIDE program for Lions is a tool that can be used to help focus members to become and remain involved with the club, district, and their community. A handsome lapel pin awaits the Lion who takes advantage of the PRIDE program.

Roar ~ The Roar Program is designed to help new members become familiar and take new roles in Club Activities. The objective of the ROAR program is to build quality into our membership upfront by ensuring that potential members understand what is expected of them and for clubs to understand what new members expect from Lions. Club membership chairs and sponsors have an obligation to sit and discuss benefits and responsibilities of membership in a Lions club. They also have a responsibility to get the new members actively involved in club activities and to help them understand the great work Lions do at all levels. The ROAR program for New Members and their sponsors is one tool that clubs can use to help new members get and stay involved with the club and their community. A handsome lapel pin awaits the New Lion and Sponsor who take advantage. Roar forms are due August 1st to lionlorraine33S@ymail.com.

LODA ~ Lions Organ Donation

The District has accepted the resignation of Paula Doherty as our LODA Chairperson and thanks her for her dedicated service. If you are interested in organ donation and would like to chair this committee please let DG Sandy know.

Lions Organ Donor Awareness is tasked to raise awareness of the importance of registration as an organ and tissue donor. You can register at the MA Registry website.

Lions wishing to get involved in spreading this message, please e-mail us at Lionsorgandonation@gmail.com to learn more.

Literacy Program ~ Lion Bev Saccocia Chairperson

Read Across America March 2nd ~ Contact Schools to see if you can do it virtual!! We celebrate Dr. Suess's birthday on March 2nd by joining with our schools to read. I have only received one club, Bridgewater Academy Lions club, that gave me books. I would ask that if any club has donations please let me know. I will come and get them. If no other clubs notify me, I will meet with Sharon to get the donations from her and start delivering them asap.
