

*Stokes Anderson
District Governor 6C*

Lions of 6C, this year has been a test of our desire, dedication, and willingness to serve our communities in spite of the road blocks presented to us by this Viral Pandemic. We began the year 2020-2021 on top of the mountain with hope and found ourselves deep in the valley with the light growing ever dimmer.

However as Lions, perseverance paid off and we are so to speak, "back in the saddle again," or did we ever leave it. It is with a great deal of love, pleasure, and pride that I am happy to report to you that District 6C has and is serving their respective communities and supporting Lions Clubs International Foundation (LCIF) extremely well. District 6C you deserve a very loud ROAR and congratulations for what you have accomplished during these trying times.

At our 6C convention on April 10, 2021, many of you were recognized for what you accomplished such as feeding the hungry, providing clothing for those in need, gifts for the kids during the Christmas holidays, and assisting our health professionals in vaccinating all of our people, just to name a few.

In spite of our limited ability to meet in person, we joined the 21st century by using social media and other means of communicating, zoom, go to meeting, and others to stay in touch with our members. Although things are better, we still must stay in touch with each other to ensure that all is well.

We had two major goals for the District: increase our membership and provide as much support as possible for LCIF. Although we lost some members, we still have the opportunity to gain new members and break even by the end of the year. Thanks to PDG Gwen Balk, we are doing great with our contributions and other support for LCIF.

Your cabinet officers, PDG Holly Rutherford- Allen, First and Second Vice District Governors Ted Peterson and Bob Storrs were great in supporting me and ensuring that you would achieve. District Secretary Barbara Guest, I could not get along without and our Treasurer Clella Newcomb kept us financially straight. A special shout out to the Zone and other committee chairs for all they accomplished. It goes without saying that Lion Pat Carlson, responsible for IT/News Letter, was absolutely essential in ensuring that we were able to keep up with all that was going on in the District. District Convention Chair Lion Janice Davis and her committee deserves a special thanks for a convention well done, not knowing whether or not we would have to cancel and go virtual. We had at least 68 Lion members at the convention including two speech contestants and the District Governors from 6-SE Betsy Denny and 6-W Paul Steinfort.

Unfortunately, many of you because of the limitations placed on us by the hotel and the pandemic plus medical issues were unable to attend. We missed you and wish you well and look forward to seeing you soon. I wish all a Happy Birthday to you for April, and a very special Happy Mother's Day to all Lions.

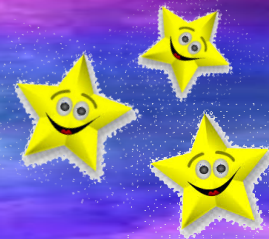

Yours in Service,

Stokes Anderson

District Governor 6C

Colorado Lions District 6C News Shooting for the Stars with Lions May 2021

District Governor Elect

I would like to thank the 6-C convention delegates for their vote of confidence as I was selected for the 2021-2022 District Governor in District 6-C. There is no other Lions district that I would want to serve in as Governor than District 6-C. We have come out of a tough year, yet we have become tougher through it all. I am so deeply touched how you have welcomed me into the district over the past four years. I am looking at greater things to happen in 6-C and continue the work our past district governors have started to build us back up.

I would like to spend some time talking about something that is dear to me, Leo Clubs. I have served as a Leo Advisor in the past. It was a fun and great opportunity for me to interact with young minds. To observe these young people grow and mature into young adults. Occasionally, you have the opportunity to help develop that unusual talented young person, who soars and flies as they lead their fellow Leo members.

“Leadership, Experience, Opportunity.” That is what Leo stands for. Leos are between the ages of 12-18 for the Alpha Leos and 18-30 for the Omega Leos. I want to concentrate on the Alpha Leos. The manual will do a better job explaining the program: (leo65_handbook) – just type this in the search on lionsclubs.org).

TYPES OF LEO CLUBS Whether community-based or school-affiliated, Leo clubs provide members with the camaraderie and growth that comes from participation in community service projects, social functions, and leadership development activities.

Community-based Leo clubs offer membership to any eligible young person within the local area of the Lions club. These clubs meet at a suitable location in the community and a member of the sponsoring Lions club serves as the Leo club advisor.

School-affiliated Leo clubs draw on members from one school. These clubs often require the appointment of a faculty-advisor - usually a teacher, counselor, or school administrator to act as a liaison between the school and the Leo club and also to assist the Leo club advisor, who is a Lion. The school must agree to fulfill Leo Club Program responsibilities and the Leo club must agree to follow the policies, insurance requirements, and regulations of the school. The Leo club is subject to the same rules established by the school authorities for all student organizations and extracurricular activities. Before the Leo club is organized, the Lions club and school should agree on procedures for organizing club activities on and off school property which adhere to school policies and Lions Clubs International board policy.

Alpha Leo clubs are designed for youth between 12 and 18 years of age. This track focuses on the individual and social development of teens and preteens.

I am looking to find a Leo Chair for my cabinet next year if anyone is interested. Please contact me about this vital opportunity to develop young leaders.

Serving with you to meet the needs of our communities,

Lion Ted Peterson

Going for the Gold

As DG Stokes Anderson pointed out recently, the District is within reach of an historic accomplishment. In the middle of a pandemic, it is possible for the District to show membership growth this year. It is, of course, not assured but can be reached if every club in the district dedicates itself to

Going for the GOLD!

I know we only have two months left in this year but with an all-out effort we can accomplish this goal which DG Stokes set out at the beginning of the year.

Will you dedicate the effort to find and sign up at least one new member before June 30?

I have a suggestion. Let's make Sunday, June 13 **Membership Picnic Day** for all clubs in the district. Many clubs have not been able to enjoy the company of other Lions; so, let's have club picnics in the local parks and come together as Lions. Maybe a Potluck.

Let's make it special. **Make it a Member Prospect Picnic.** Encourage every member to bring a prospect to the picnic. What if each club held a drawing for a gift card of \$50 to \$100 for all Lions who brought a real prospect? How many members have friends that would make great Lions, but they just never get around to inviting them to a meeting? Well, this should get them off their duff and get those friends to the picnic.

Do some advertising. Not too late for an article in the local paper and local Facebook pages. Be ready to sign up those prospects then and there. Also, remember LCI has waived the \$35 enrollment fee until June 30.

If you can't have a picnic on June 13, what will you do to attract new prospects this year?

Visits, Camera Updates and Training

Now that the virus is beginning to recede I will be doing some traveling over the next few months to speak with Lions, update cameras and provide training. If you would like to schedule a visit please contact me. Contact info is listed below. I am looking forward to seeing you all in person again!

Celebrating 20 years in 2021!

2021 marks our 20th year of providing vision screening throughout Colorado. During this time we have:

Screened more than 500,000 children

Identified more than 50,000 children with vision problems

Trained and certified more than 250 volunteers to conduct vision screenings

Upgraded to better technology three times allowing us to screen for more vision problems

Added a follow-up program

Stay tuned for more information on our celebration of 20 great years of the Colorado Lions KidSight Program.

New Website Option

New Lions Website Option – Google Sites

John Spice, MD-6 Information Technology Officer, has identified a new approach for Lions Club's websites.

The e-Clubhouse and e-District approaches have been the recommended approach by Lions Clubs International for some time, but many have come to realize it has many restrictions and is not easily customized to meet a club's needs. Google Sites is a new approach that overcomes these limitations but **requires no programming and is FREE.**

Below are a couple examples of websites.

Current Colorado Lions Foundation website <https://colionsfoundation.org/> using programming tools HTML, PHP and CSS - The Old Methods.

Google sites version of same website <https://sites.google.com/view/colionsfoundation/home>.

Woodland Park Pikes Peak Lions - <https://sites.google.com/view/woodland-park-pikes-peak-lions/home> (really nice)

In many school systems, Google Sites is used to teach kids in school how to develop personal websites within the school system. **If kids can do it, then maybe Lions can too.**

You can read John's [Lions Website Development Guidelines](#) here. (You may need to "allow" the download).

I, Bob Storrs, used Google Sites to develop the website for the new [Mile High Motorcycle Lions Club](#). Take a look at it. Several of the pages are Word documents that can be changed on your computer and then uploaded - Our Club and Calendar; others can be changed directly on the page.

The site also includes a Doodly video. If any club would like a similar video, let me know and I would be happy to develop for you.

One of the great features of Google Sites is that it automatically adjusts to the device being used to view it – PC, tablet, or smart phone. Look at one of the sites above on your phone to see how it works.

Here is a 35-minute YouTube video on Google Sites for beginners <https://www.youtube.com/watch?v=992Wj0mZkow>. John Spice has added a Google Sites Guidelines page on the MD6 website - <https://www.colions.org/googlesites.php>

If you would like to discuss Google Sites, either John or I would be pleased to help.

International Hearing Dog, Inc.
Since 1979

Jagger's Journey...

The Remarkable Tale of a Remarkable Pup

Welcome! International Hearing Dog invites you to join us over the next twelve weeks, across IHDI's email, website and social media platforms, as we chronicle #JaggersJourney, the incredible story of one shaggy little stray's amazing excursion from Street to Service. Each chapter of Jagger's remarkable journey will be released weekly on International Hearing Dogs social media pages, via email & chronologically on our website for your reading pleasure!

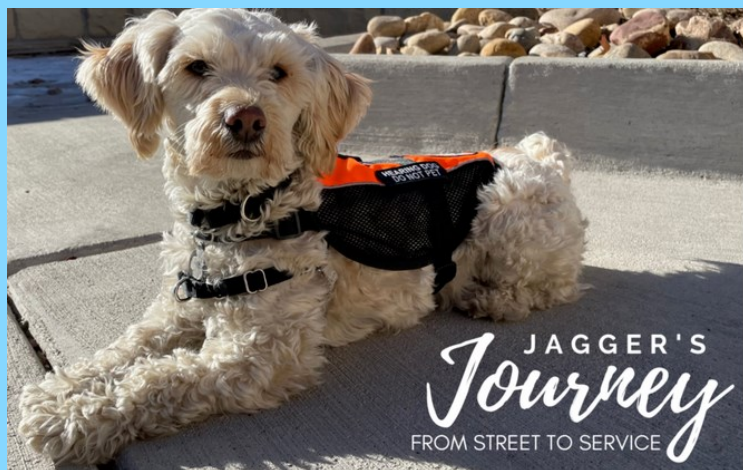

It takes a great deal of time, expertise, energy, effort and dedication on the part of many folks to nurture and train a service Hearing Dog. Every Hearing Dog is a Hero who makes their person's life safer, richer, and happier. Please join International Hearing Dog & Jagger's Journey as we campaign to raise \$20,000 in support of the making of Hearing Dog!

Hearing Dogs cont.

What a transformation! Can you believe these are the same pups?

Jagger's Journey... The Remarkable Tale of a Remarkable Pup

The big question...

For the next two weeks, while Jagger was on a Mandatory Hold, we concentrated on supporting him, slowly introducing him to the world, helping him build trust, and blanketing him with love and affection. At the end of his required two-week hold several things were abundantly clear:

No one was looking for this remarkable pup.

He was an exceptionally intelligent fellow.

His confidence was slowly beginning to grow.

He was one of the most delightful, sweet-natured, willing dogs any of us had ever had the joy to meet!

Jagger, and his traveling companion - who we had named Winnie which means Gentle Friend - were now free to take their next steps in their journeys. Since both were energetic, happy, responsive, and affectionate by nature – all important qualities for a hearing dog - we asked ourselves the obvious question:

“Could these two little strays, who literally wandered into our lives, have what it takes to become a highly trained service Hearing Dog?”

International Hearing Dog, Inc.

International Hearing Dogs Inc.

International Hearing Dog Report (IHDI)

4/28/21

PCC Andy Smith/IHDI State Chair

Hello Lions! International Hearing Dogs is doing well. Both the handler and the dog training are newly designed and adhere to ADI standards. The first graduation will be the first class for ADI Review towards IHDI's ADI certification process.

The training and graduation, provides many "Firsts" for IHDI.

- ◇ First time IHDI has implemented their practice of handlers coming to us
- ◇ First time handlers will have completed Pre-Match Training
- ◇ First time handler/dog teams will spend 10 days in training together
- ◇ First time handler/dog teams will be required to pass a Public Access Test
- ◇ First time handler/dog teams will be required to pass a Sound Alert Test
- ◇ First Time IHDI will have a Passing of the Leash and Graduation Ceremony

Their 2nd On-site Training and Graduation will be late August/early September. Four dog/handler teams may be in that class.

The Volunteer Foster Project is starting to take off. IHDI has two dogs in full-time Foster care 24/7. Rather than just on the weekends the dogs come to IHDI Monday through Friday so trainers can work with them. The dogs go home to fosters each afternoon/evening and also spend the weekends with their Fosters.

New adaptive technology is being used with IHDI clients to better serve them.

A new trainer had been hired to replace Karrisa. her name is Taylor Smith. She comes from Service Dogs Inc outside of Austin TX. She brings over 9 years of dog training experience with her. She is deaf and has trained a hearing dog for herself. She is also fluent in American Sign Language.

Staff Morale is high, and the staff is operating as a productive and effective team.

Thanks for all who are following Jaggers Journey. So far, the campaign has raised over \$10,000. The goal is \$20,000 with 8 more weeks to go. Thank You if you have donated and Thank You if you are planning to donate. Share and repost on Facebook. It really helps! Thank you for your interest and support!

9Health: 365 News (from email to vlunteers)

9Health:365

9Health:365 - The power to live full and well every day

From all of us at 9Health, we deeply miss seeing you at health fairs this spring! As you know, the COVID-19 pandemic required us to postpone our Spring health fairs to protect your health and the health of our communities.

The good news is, 9Health has weathered the worst of the pandemic and is coming out stronger than ever. Our community non-profit is refreshing and strengthening the essential community service that you have helped build over the years.

Because of your leadership and hard work, 9Health is one of the most impactful preventive health non-profits in the nation. And now, we are set to make an even greater impact by expanding our services to give Coloradans even more power to live full and well every day of the year.

You probably noticed our new logo as the header of this email. We have refreshed our brand to reflect our commitment to support your health 365 days of the year.

9Health:365 will offer the combination of preventive screening, primary and behavioral telehealth, and the know-how to use them wisely.

Every day: PROACTIVE

WE BELIEVE IN THE POWER OF KNOWING YOUR HEALTH INFORMATION, SCREENING FOR POSSIBLE PROBLEMS, AND HAVING THE TOOLS AND RESOURCES TO BE YOUR OWN BEST WELLNESS ADVOCATE.

We have already made 9Health screenings available at the same affordable prices as always at Quest Patient Service Centers across the state. And, hundreds of thousands of you have viewed and supported the growth of 9Health's motivation and education programming, inspiring us all in our health journey every day.

9Health: 365 News cont.

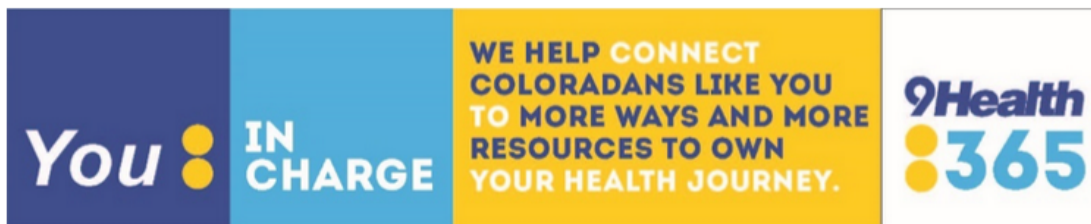

We have already made 9Health screenings available at the same affordable prices as always at Quest Patient Service Centers across the state. And, hundreds of thousands of you have viewed and supported the growth of 9Health's motivation and education programming, inspiring us all in our health journey every day.

Most importantly, we are ever more steadfast in our efforts to reach the communities who need us most. If the pandemic taught us anything, it reinforced the importance of our shared mission: to increase health awareness among our communities and connect people to the resources and tools that will help them take responsibility for their own health. The struggles of last year revealed vast disparities in access to health that made many in our communities more vulnerable to disease, and likely to delay their health care. [9Health:365](#) is a commitment – a movement - by us all to improve equitable preventive health access for an even healthier Colorado.

We invite you to join us in this commitment – to build on our foundation of 42 years of preventive health by continuing to focus on your health using [9Health:365](#) services. And, bring a friend or loved one, because together we are building a healthier Colorado – 365 days of the year!

In good health,

**Gary Drews, CEO &
Alex Andrews, Director of Volunteer Engagement**

LCIF.

6C LCIF Chair Report

April 10, 2021

To District Governor Stokes Anderson and Cabinet:

YOUR OPPORTUNITY TO HELP LCIF: Today, you can help District 6C first by social distancing and wearing your masks.....especially, the Lions logo mask you were provided **at this 6C District Convention**. Each mask in some way represents one of LCIF's global causes or our District Governor's theme of "Shooting for the Stars". The mask is technically free to you; however, we ask that you consider a donation a \$5 per mask or any other amount you would be willing to give LCIF.

STATUS OF HELPING! Your donations of time and money help our communities both locally and globally; and makes it possible for LCIF to address their 8 global causes which includes Disaster Relief, Vision, Humanitarian Efforts, Diabetes, Youth Childhood Cancer, Hunger, Environment. Today, each packaged Lions logo mask addresses one of these global causes.

STATUS of 6C GIVING to LCIF: Since the beginning of Campaign 100 starting with the lookback year beginning 7/1/2017 through 3/31/2021, the Lions of 6C have given a total **\$65,180.24** to LCIF or basically an average of **\$115** per Lion in our district.

Year 1 or 7/1/17 – 6/30/18 = \$16,368.52 (\$29/Lion)

Year 2 or 7/1/18 – 6/30/19 = \$15,701.10 (\$27/Lion)

Year 3 or 7/1/19 – 6/30/20 = 18,764.12 (\$33/Lion)

Year 4 or 7/1/20 – 6/30/21 = \$14,346.56 (\$25/Lion so far) (through 3/31/2021 only)

As a District, our giving through the third quarter of this Lions year is 8% ahead of the same period last year.

Zone Giving as a percent of \$65,180.24 for the period from 7/1/17 to 3/31/2021 is as follows:

Zone A = 7.7% ★ Zone B = 7.1% ★ Zone C = 37.1% ★ Zone D = 47.3%

Other Donations = .8% (includes District & cancelled Club donations in the timeframe)

Club Participation is high at 89.3% which means 25 of our 28 clubs have made donations so far this year. Let's see if we can reach 100% participation by 6/30/2021!

I am so very proud of all the 6C Lions who have made this possible - - we still have nearly 3 months left in this Lions year! Thank you all so very much! **ROAR!**

Colorado Lions District 6C News shooting for the Stars with Lions

May 2021

LCIF cont.

STATUS OF DISTRICT /COMMUNITY GRANTS (DCG) FUNDS: District 6C has a total of \$5,432.78 in DCG Funds waiting for us to request a grant at any time. I estimate that \$1,865 will be added to this balance at the end of this Lions Year. Funds do rollover from year to year so that we can save for a bigger project; however, we must request them before they expire. Here is a list of the 6C available DCG funds:

Year 1 Funds =	\$1,350.45	Expires 2034
Year 2 Funds =	\$2,355.17	Expires 2035
Year 3 Funds =	\$1,727.11	Expires 2036
Year 4 Estimated Funds =	\$1,865.00	Expires 2037

At today's convention, there are a few available copies of LCIF's Annual Report for 2019-2020.

I am available to visit your virtual or live club meetings. Please let me know if you want me to participate or provide a presentation to your club. Call me at my personal cell at 303.916.2775; at work at 303.218.2904; or e-mail me at gbalk@centennialairport.com.
