Used Eyeglass Recycling Program

I am sure everyone is interested in what is happening with the Used Eyeglass Recycling Program. On October 23rd at the Council of Governors meeting, the council agreed to send the 350,00 pairs of glasses to ReSpec Recycling Center in California that are in storage in Sterling. This way it cleans up the storage fees and space. The council is putting together guidelines for clubs to sort the used eyeglasses, so everyone is doing it the same way. Clubs will be asked to pre-sort, separate the good glass from the glasses that will be sent to be recycled. Then clubs will have to clean and dry the glasses that will continue to be processed to Sterling. I have delegated our district chair to form a committee to see if it is feasible for our district to have our own processing center. We still need to process the glasses we have in our district, and nothing can be sent to Sterling until their storage sheds are cleaned out. The other part of this is Sterling prison is no longer reading the lens, so we must decide what we are going to do that. I would like to thank every club that responded to my survey, I will give the committee everything you sent me. I will try to keep you inform on what is going on with this matter as we make progress.

Other News

I have held two President's Coffee Talks, August 14th and October 9th, the first coffee talk was well attended. We discussed a lot of different things dealing with Lions. The October coffee talk was virtual, there was only 5-6. I addressed the idea of Priority Clubs with a Certified Guiding Lion to assist the club leadership.

The district has training schedule for Lions Refresher on November 20th. We are looking at doing three workshops, STOP the Catch & Release Program, Club Membership: It's a TEAM Effort, and Lions Ladder Climbing. We are looking at another Midwinter Lions Learning in January or early February 2022.

The district is sitting at a -3 in membership gain/loss. That is good beings it started the year out with a -9. We are looking at starting two Club Branches in the next few months. More on these as the branches develop.

District 6 C had at least 9 Lions attend the USA/Canada Lions Leadership Forum in Des Moines Iowa in September. PDG Rick Argotsinger and Lion Janice Davis receiving their master's degree for Lions University. It was a tremendous time of learning and renewing friendship, beside making new friends.

We had three Lions attend the Paul Barbour Regional Lions Leadership Institute October 15-17. 2nd VDG Dianne Christian, Golden Lions; Lion Carol Young, Arvada Lions; and Lion Bill Lutz, Pleasant View Lions. Thank you all for attending this MD6 training.

Share your story

Every Lions Club has a story to tell. Maybe your last service project; maybe a social event; maybe an interesting speaker at your meeting; and certainly, all new members.

Are you sharing this story with the rest of the district and multi-district? In my visits to clubs in the past few months I have heard of great successes, but most of them I would never have known about if I hadn't been there. That means other Lions may not have heard the wonderful things your club is doing.

I ask you to put a little effort in communicating your story to the rest of the district, state, and LCI.

The first place to use in telling is the District 6C Newsletter. A simple article with a few pictures. It doesn't take much effort. Email your article to Pat Carlson patcarlson166@gmail.com by the 20th of the month.

Then make sure you are reporting your service to LCI.

Do you have a Lion in the club who usually takes pictures? Encourage him/her to post them to Social Media so we can all enjoy the activity. You might even suggest that they take some video also. They say a picture is worth a thousand words; then a video must be worth a thousand pictures.

Of course, the first place to post these pictures and videos in on your club's Facebook page. But to really share them, they should be posted to the district and state Facebook groups.

District 6C <https://www.facebook.com/groups/106491442706930>
MD6 <https://www.facebook.com/groups/271071005078>

These are both groups which means you must join before you can post, but each has a link to request to join the group. Mention which club you are part of, and Corky Carlson will let you in quickly.

Also, post to Twitter, Instagram, or YouTube with the same pictures or videos and include in the text description of the post hashtags that will allow other Lions to pick up that post.

#Lions MD6 will cause the post to appear on the MD6 website under social media.
#LionsDistrict 6C will cause it to appear on the district website (in the near future.)
#WeServe share the post with Lions around the world.

See Lion John Spice's page on the MD6 website <https://colions.org/hashtagguide.php> for more information and additional hashtags

I am anxious to see how many clubs will post to the District Facebook page in the next month and how many will have a Twitter/Instagram/YouTube post appear on the MD6 website.

Let's get busy Sharing Your Story

Fellow 6 C Lions.

What is a volunteer? This is an individual who gives of themselves freely, giving time and labor for community service without financial compensation. Traditionally speaking, volunteering can be broadly defined as donating your time – usually to or for a good cause. However, there are many ways you can volunteer. So many, in fact, that it can be hard to choose how, when, and what cause to volunteer your time to.

As Lions **"We Serve,"** unselfishly to aid those in need or show community support. We are **"volunteers."** We do not and should not be looking for that pat on the back but should be giving without reservation.

There are those Lions who are always in the front line, visibly volunteering. We need and appreciate all you do. However, there are those who work hard behind the scenes who never get the recognition they deserve and are not looking for recognition, but do it anyways. You know who they are. Be sure and thank them. Let them know they are important and appreciated.

Have you ever heard someone say "Marvin never seems to do his share?" Well, maybe Marvin gives what he honestly feels he is capable to give. We don't always know what goes on behind closed doors. That hour Marvin gave may be more of a hardship for him more than the 10 hours Susie gave. Don't get me wrong, I am not minimizing all the hours Susie gives. We need a lot of Susie's in our clubs, just don't be critical of those giving less VOLUNTEER time, but thankful for the time they give.

Let's remember **"We Are All Volunteers!"**

**Volunteers do not necessarily have the time,
they just have the heart. ~Elizabeth Andre**

In closing, don't forget to report your volunteer hours to your club secretary so he or she can report them on My Lion to LCI. This allows LCI, the District Governor, and other clubs to see what your club is doing. It is not only Lions volunteer hours that count, but any volunteering, whether at church, helping an elderly neighbor get groceries, etc. I know this sounds contradictory, but it is important that the powers that have a record of your clubs' activities, to assess the health of your club.

Wishing you all a productive November as we all strive to be the best Lions we can be.

God bless,
Yours in Lionism

Joint Project Anthem and Lions Clubs

Lions Clubs and Anthem Partner up at Lincoln Tech for the 6th year to help those in need. Together we put together 75 food boxes and handed out to seniors in the Denver area. Cake mix, corn bread mix, mac n cheese, lots of canned goods. Had a lot of smile as a lot of seniors still are not comfortable getting out doing shopping during the pandemic. We had 8 people over the age of 90 we delivered to. They were truly happy and very Thankful.

KidSight Colorado and Colorado Gives Day - Dec 7, 2021 Fraser River Valley Lions Will Match Donations Up to \$5,000! 24 Hours to Give Where You Live!..

Support the Colorado Lions KidSight Program for Colorado Gives Day! Your contribution to KidSight Colorado for Colorado Gives Day will help us meet our goal of raising \$5,000 and the Fraser River Valley Lions will then match that amount. This will allow us to screen and conduct follow-up for up to 5,000 children. You can make a donation by going to our website www.kidsightcolorado.org and clicking at the bottom of the home page to make a donation or you can send in a check to KidSight Colorado at the address below.

This year you will not find us on the Colorado Gives Day website - we are trying something new!.. Donations can be made beginning November 15 on our website at the bottom of the [Home](#) page. Mail in donations can be done anytime through December 31. Your donations help us to identify children in Colorado with vision problems and follow-up to make sure children receive the vision care they need...

Please Welcome our New KidSight Staff Member - Steve Welte!

Steve joined the KidSight Colorado staff in September. He is a Lion and a member of the Adams Centennial Lions Club. Steve works on vision screening and data entry. We were sad to see Michelle Ramsay, our previous staff member, move to Texas but Steve has been a wonderful addition to our KidSight program.

It Is Time For Holiday Shopping!

Are you a [hard core](#) Amazon shopper, especially during the holidays? Join the Amazon Smile program and designate KidSight Colorado as your organization for donations. Go to AmazonSmile.com for information on how to sign up. Do you buy just about everything online? There is a great way to get your holiday shopping done and give to KidSight Colorado without spending any extra money! As you make your online

purchases you can log in to a website called iGive.com and shop at participating online retailers. Companies donate a portion of your purchase simply because you purchased online with them through iGive. It doesn't cost you anything to participate in the program and KidSight benefits from your purchases. If you need more information about this program you can go to the iGive.com website or call me for additional information. Do you want to "double dip" with your Amazon purchases? Sign up for Amazon Smile and then shop at Amazon via the iGive website. We receive a donation from Amazon Smile AND iGive!

Best wishes to our Lions Family for a very Happy Thanksgiving from the KidSight Colorado staff, Holly, Kristine and Steve!

Ideas for Recruiting new Members

Some Ideas to help you get new members - A Signup sheet is so important

1) *Have a membership chair* then create a membership committee. This core group will develop and oversee your recruitment plan. Then find the natural connectors in your group, the folks who seem to know just about everybody. Appoint them as “ambassadors” to help get the word out about your group’s terrific programs and services.

V m

2) *Look for contact opportunities*

Try to determine how and where to easily contact potential members, either online, through snail mail or best of all, in person. Some great in-person options can include organizational and community events, local festivals & YOUR FUNDRAISER’S. Then make a specific plan for outreach and recruitment, with dates, methods of contact, and the specific information you want to share about your organization. Have a signup sheet to get **NAMES & PHONE NUMBERS**.

3) *Make it personal*

Whenever possible, contact potential members directly, meaning by phone or in person, so you have a chance to talk with them about membership. Extend a personal invitation to join your group and make sure to smile!

4) *Describe specific benefits*

After inviting them to join, begin to describe some of the specific benefits they will find appealing. Whether they admit it or not, they’re thinking “What’s in it for me?” Talk about well-known advantages of joining the group, whether it’s personal satisfaction for supporting a worthy cause, gaining valuable information to further one’s career, or meeting new friends or colleagues.

5) *Tailor it to the individual*

Mention one or two benefits that could be particularly meaningful to the potential member. If the person has some special areas of interest, emphasize how the group provides focused activities in those areas.

6) *Sprinkle in some fun with the facts*

Some people make decisions from a rational viewpoint, while others are more feeling-based. As you talk about the group’s benefits, don’t forget to mention some of the enjoyable social and relationship-building aspects of membership along with all of the impressive facts and figures about member programs and services. Talk with enthusiasm about some of the personal benefits you have derived from being a member.

Shine the Light of Service

November 2021

Ideas for Recruiting new Members cont.

7) Remove barriers

Make it easy for the new member to join the group. Point them to an online page for signing up or offer to have someone from the group call them to help them with their MEMBERSHIP APPLICATION. If there are dues, offer various payment methods and payment plans (e.g., affordable monthly installments). Many groups will also offer a new member discount. Right now Lions International is waiving the 35.00 fee to join.

8) Follow up

Certainly not everyone you approach will sign up to be a member the first time you contact them. Wait a little while and then check in to see if they have any questions about the group or would like further information. Make sure they know they can contact you at any time if questions arise. (Always the reason to get their name and number).

10) Send a thank you

After each contact with a potential member, remember to thank them for their time. If they do decide to join your group, be sure to follow-up with another word of appreciation. Again, do this in person if at all possible. Or, as one of my dear colleagues so often reminds me, a handwritten thank you note sent in the mail is definitely memorable, since you almost never see one of these any more.

Hopefully these tips will help you attract new members.
