

September 2016

**Membership Growth,
Leadership Development
and Effective Communications
Lead to Impactful Service**

A loud Roar and a prideful hats-off to the Pride of 6C.

We had a great Governor's Advisory Group meeting, also known as a cabinet meeting, AUGUST 20. Thanks to my home club of Idaho Springs for the hard hosting work and the fun program. We had some singing, we had Bob and Cammy from the International Hearing Dogs, Inc., we had some serious discussion. It could have been an all-day meeting, but as promised it was held to about 2- hours and lunch.

A special thanks to all the Lions club who were represented at the meeting. They all put up with Saturday morning I-70 and a complete construction mess.

The 6C Past District Governors' Association heard my call for help in getting leadership lined up for our district and the Multiple District. PDG Cathy Pergola spoke for the group and volunteered to visit clubs and zones to get more people to step forward and become zone chairs and committee chairs. PDG Cathy is our GLT Coordinator and at my request she will host a zone chair training culminating October 1 at the Lincoln Automotive College. Participants will be asked to do some pre-assignments on the LionsClubs.org website and will be asked to attend the training, which, in PDG Cathy's inimitable fashion, will be a delightful, interactive training. The Zone Chair is the lynchpin of local Lions organization. The Zone is the link between the club and the Governor and LCI. Our Zones have become too large and we are seeking to break it down to 4 or 5 clubs. Please consider the training. You do not have to consider this a step to DG. We need leaders with your skills in the trenches Look for emails and more information about the training.

A special thanks to Denver Den, working in collaboration with Inner City Health Center, for eye screening and eyeglasses distribution to some 420 or more folks on the day of the cabinet meeting. The Denver Den represents well the mission that Lions have adopted as Knights of the Blinds and are working hard on the pillar that International President Bob Corlew and Lions Clubs International have asked up to build, that being vision services. In 6C we take our promises seriously. I great Roar to Lions Club of Denver.

We discussed the unpopular idea of a potential consolidation with District 6SE. The idea has been urged by LCI because we have been a Transitional District for more than two years. That means 6C has less than 35 clubs and less than 1,250 members. GMT Coordinator Donna Sly-Redd has started her campaign to fix that problem. Each One, Reach One is a variation of Each One Ask One, a two-year effort by LCI. Our goal is that every member will ask a person to go to a Lions event with them, see what it is all about and become interested in the community service and become a Lion. It is not hard. It is in fact, fun. Try it. Take your spouse, or your neighbor or your co-worker to a Lions event. How much fun did the collaborators at Inner City Health event have?

I also want to commend the Five Points Lions Club for their work with the youth in the community. The annual Community Appreciation event served more than 400 young people by providing them school supplies and also fed countless community members. KidSight Screening was also offered.

This is all what Lions clubs are about. Thank you. I haven't even finished doing the math yet and I have already seen that Lions of 6C have served more than 1000 people in August and the moth is not over yet. ROAR.

Each One, Reach One. Thanks

DG Jack

1st VDG Steve Kinskey

Activities and plans

In July, while Susy and I were in Ecuador visiting her family in Quito, we found time to travel to Santo Domingo to deliver a check for \$2,300 to the Club de Leones de Santo Domingo, which has hosted our eyesight campaign in 2015. We gave the check to Lions Hernan and Myriam Vargas. Hernan is presently the District Governor of District G1 of Ecuador, so we were leaving it in good hands. They would in turn write a check to Foundation Yo Te Amo in Portoviejo, one of the hardest hit of all the cities in Ecuador by the April 2016 earthquake. It is a clinic run by two Denverites, who are friends of Susy's.

Early in August, we went to Western Welcome Week in Littleton, at which event the Littleton Lions Club year after year has provided a barbecue tent for hungry attendees. This year the Club had some new volunteers, six hardy young fellows from the new Littleton High School Leo Club. These guys helped with the set-up early that morning and then returned in the evening to dispense the food. In the words of Lion Phyllis Baker, they "couldn't have done it without the Leos." As a reward for their hard work, the Leos received T-shirts with Lions logos and \$400 towards their treasury.

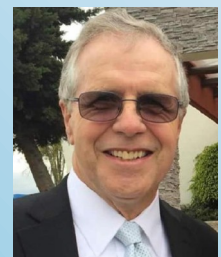

Still on the subject of new Clubs, Shauna Carter has done a bang-up job at getting the new Denver Stapleton Club on its feet and into second gear (to mix my metaphors). Among other things the Club has conducted a Cuts for Kids fundraiser, participated in the Dragon Boat festival, cooked for the Lions Camp, attended the Nepali Club's Charter Night and also helped out at 5 Points' Community Appreciation Day. Wow!

In a nutshell, here are a couple of my focuses for next year:

1. For the Centennial, I'll continue to work on a special Committee that our Club itself has organized to celebrate this year. So far, the Centennial Committee has chosen the following as possible projects:
 1. a special day downtown to collect eyeglasses from businesses and individuals and highlight this signature LCI project;
 2. a celebration, gala dinner on Saturday, October 14, 2017. There'll be a guest speaker from the community and likely one or two Lions dignitaries;
 3. fundraising, organized by a joint subcommittee to include trustees from the Denver Lions Club's Foundation;
 4. a special video, to include mention of other 6C and State Clubs, which highlights Lions' achievements over the 100 years and looks forward to the next 100;
 4. two more eye-screening events at the Inner City Health Center, like the one we conducted on August 20, at which we distributed 260 pairs of eyeglasses and handed out vouchers to cover 20 more pairs. I'd like to encourage more District participation at these next two events - more than just from the Denver Den;
- 2 New Club development, at CU's RMLEI and among the Latino community.

I'm looking forward to a great year in District 6C!

Steve Kinsky
1st Vice District Governor

LionsKidSight Colorado District 6C

KidSight Screenings Exceed 48,000 for 2015 – 2016 Year

As you know, our KidSight program would not exist without the dedicated work of all of our Lions volunteers throughout the state. The number of children screened in Colorado increased by 9 percent this year thanks to your efforts. Because of the Plusoptix screeners we were able to screen more accurately and identify even more types of vision problems. I want to express my sincerest THANKS to all who helped to make this program a tremendous success. With your help we will ensure that Colorado's young children are identified and treated for vision problems that can impede learning and prevent vision loss associated with amblyopia (lazy eye).

District	# Screened	# Referred	Rate of Referral
6C	29,374	3,840	13%

Total Screened in Colorado: 48,490

Total Referred: 5,839

Referral for the state: 12%

9 Family Health Fairs – KidSight Volunteers Needed this Fall

9 Family Health Fairs will be held all over the Denver Metro area on weekends from October 1 through November 19. If you work during the week this is a great opportunity to use our new Plusoptix screeners at a time that works for you. Please call Holly to find a site and a time that is convenient for you.

KidSight Colorado Numbers through August 29

Our fiscal year just began in July but volunteers are already hard at work screening. We have already screened 395 children and referred 55. September is a busy month for the schools and I have heard from many of you that you have lots of screenings scheduled.

How to Reserve a Screener for Vision Screenings

Please call or email me if you need a screener for a KidSight screening. Now that it is September we have lots of screenings taking place so reserve a screener as soon as you have your screening dates set up.

Information on KidSight USA

I will be attending a KidSight USA meeting while I am at the USA/Canada Forum in Omaha. I have also been asked to serve on the Database Development Committee for KidSight USA. This means that our KidSight program will be piloting the new data interface that will be developed with KidSight USA. I will be working on the development of the database to make sure it meets the needs of KidSight programs, clubs, districts and KidSight USA.

The KidSight USA Facebook page is a great way to find out about what other Lions Clubs and KidSight programs are doing across the country. Also, if you haven't already, please "like" our own KidSight Colorado Facebook page. Go to Facebook and type in KidSight Colorado and KidSight USA.

Golden Lions Meeting Locations and Dates Change

The new information is:

First Thursday at Table Mountain Inn, 1310 Washington, Golden 80401, social hour 5:30, dinner and business meeting 6:30

Fourth Thursday at American Legion, 500 9th St, Golden, CO 80401, social hour 5:30; business meeting 6:30 (Dinner not included but available from American Legion during social hour)

Contact Ed Dorsey at 303-829-5195 for more information.

Note from the Editor

Just a quick note to let you know, the deadline for submitting articles for this newsletter is the **25th** of the month. It is actually amazing how many of you do have articles! Please limit your article to one page and no more than three or four pictures of your choice. The pictures should be sent as attachments so that they can be arranged easily.

Please note: I am adding district and club events to District 6C website: <http://e-district.org/sites/6c/>

International Paw Prints

Lions of 6C, This morning I received this message from International President Bob Corlew who asked that I share it with you. DG Jack

PRESIDENT'S MESSAGE

Dear District Governor,

In my theme, "New Mountains to Climb," I encourage Lions around the world to help take Lions Clubs International to new heights by inviting new members. We strive to expand our association because the more members we welcome and clubs we charter, the more we can change lives at home and around the world.

Each new Lion impacts the lives of 70 people a year on average. That means each new club will serve as many as 1,400 more people in your district. Just imagine how many lives we can change when your Lions invite friends, family and neighbors to join us in service. Imagine how much stronger a community will be when you charter a new Lions club to serve it.

Please encourage your clubs to make membership growth a priority, and work with your district leadership team to achieve your goals. Building a strong membership will position us for success in our Centennial and our next century of service.

Very truly yours,
Chancellor Bob Corlew
Your International President

Lions Alert

We are almost past the flood season, are still on the closing part of the fire season and feeling the cool air that anticipates the snow season. And because we live in Colorado, the highest state in the Union, disaster can happen at just about any time. As LIONS, we are always prepared to assist other in the event of emergencies. We give millions each year to remediate disaster world-wide, but sometimes we are myopic and forget to take care of ourselves.

Lions has a great program, called ALERT, to help districts and multiple districts coordinate efforts to remediate and there is also a great checklist for self care. All the ALERT materials are on the LIONSCLUBS.ORG website but I have reproduced the self-care checklist here. If you have questions about ALERT, do not hesitate to call me

Jack Russalesi MD6 and 6C Alert Chair

Learning!!

Wow!! There are so many great opportunities for training at this time and you can take advantage of all of them if you so desire!!!!

My personal favorite is the Paul Barbour Regional Lions Leadership Institute being held at our camp in Woodland Park. Arrive on Friday, September 23rd and stay for 2 nights and 3 days and learn so much about Lionism. With a small class to instructor ratio, this is the perfect setting for you to learn and participate!! The cost is just \$75.00 for the entire weekend. The deadline is fast approaching so fill out the application (which can be found on the Colorado Lions website) and send it back to me. Get ready for a fun, exciting and jam-packed weekend, you will not want to miss out on.

Also in September is the USA/Canada Forum in Omaha, September 15th to the 17th. If you have never been to a Forum before, this is a great opportunity for learning. Three days of classes, meals, fellowship, fun and excitement. Just go to the LCI website for information on how you can attend.

If On-Line learning is your thing, you can take courses on the LCI website and get your degree. Learn at your own pace and in your own time!! LCI also offer more formalized training at the Advanced Lions Leadership Institute, ALLI, in Houston Texas, November 12th to the 14th. Space is limited so if this is something you are thinking about, the application can be found on-line, so just download, fill it out and send it me to send on to LCI. This class and the Emerging Lions Leadership Institute, ELLI, are held usually once every year, throughout the United States.

Also coming up in our District on the 1st of October is Zone Chair Training. This is not only for our current Zone Chairs, but if you are thinking of this in your future, please take advantage of this chance to learn what is a Zone Chair and how to fulfill the position. Information on this will be sent out soon.

**Please contact me with any questions on any of these opportunities:
cathy.peraola@gmail.com or 720-308-2969**

**PDG Cathy Pergola
GLT District Chair**

Lions Paw Prints

PERSONAL SAFETY CHECKLIST

Lions should prepare themselves and their families in the event of a natural, man-made, or healthcare emergency. The plan should include:

- ☐ Telephone numbers and e-mail addresses of family members. Contact information for an out-of-town person to be used as a central calling site.
- ☐ A familiar out-of-town meeting place for all family members.
- ☐ At least a half tank of gas in your car. An extra set of car keys.
- ☐ An emergency supply kit with:
 - ☐ Water - a gallon/liter of water per person for three days for drinking and sanitation
 - ☐ Food - a three-day supply of non-perishable food; a can opener
 - ☐ Radio - battery-powered or a hand-crank radio with extra batteries
 - ☐ Flashlight - extra batteries
 - ☐ First aid kit, first aid book, prescription medications, eyeglasses
 - ☐ A whistle to signal for help
 - ☐ A dust mask
 - ☐ Plastic sheeting and duct tape for sealing doors and windows
 - ☐ Moist towelettes
 - ☐ Garbage bags with plastic ties
 - ☐ A wrench or pliers to turn off household utilities
 - ☐ Local maps

Additional supplies may include:

- ☐ Infant formula and diapers
- ☐ Pet food and extra water
- ☐ Copies of identification papers, insurance policies, bank accounts
- ☐ Money, traveler's checks, credit card
- ☐ Sleeping bags or blankets
- ☐ A change of clothing and sturdy footwear
- ☐ Household chlorine bleach and a medicine dropper (an effective disinfectant is nine parts water to one part bleach; to treat water, use 16 drops of bleach per gallon or liter of water. Do not use scented or color safe bleaches with added cleaners.)
- ☐ Fire extinguisher
- ☐ Matches in a waterproof container
- ☐ Personal hygiene products
- ☐ Plastic utensils, paper cups, plates, and towels
- ☐ Paper and pencil
- ☐ Books, games, puzzles, and other activities for children.

Before mobilizing as a member of a Lions ALERT Team, Lions should fulfill this personal safety checklist for themselves and their families.

Club Paw Prints

Elevations Credit Union held a community service project at their 11 branch offices and collected 905 pairs of eyeglasses for the Lions Club and gave the Louisville Lions a donation as well. In the photo, Dennis Paul, VP of Business and Community Development hands a check to Louisville Lion's president, Norm Taylor.

Aira, Lions & You

Aira and Lions and you!

Do you want to serve? ... Do you want to make a difference in the visually impaired and blind community? ... Do you want to be a part of a leading-edge technology that is already empowering blind and visually impaired people to further experience their world like never before? If you have answered yes to any of these questions, then I have the perfect opportunity for you to serve as a lion. On August 4, 2016, the Englewood Lions Club of which I am president had [Suman Kanugantihe](#) (CEO) from Aira speak to us via web regarding a new start-up company he has for folks who are visually impaired or blind. Being blind, I had the opportunity to meet Suman while I attended the No Barriers Symposium in Copper Mountain, Colorado, in late June. Suman displayed and had me try out and experience his new product. Basically, the person who is blind wears a pair of glasses that has a camera hooked to the frame. The person who is blind connects to a live person (agent) via an app on the phone. Then, if the blind person wants to go shopping, walk through an airport, read a menu, etc. the agent on the other end of the ear phones can tell them the needed information. It is like having a person with sight right in your pocket.

After I tested the glasses with the sighted agent on the other end narrating and negotiating/navigating me through the town's square, I was ecstatic and felt like I could see again! I was told of all the shops as I passed by them with Vinnie, my Seeing Eye dog, and, as a bonus using a guide dog, the agent could assist me with directions without Vinnie becoming dependent on her verbal cues. ... This wouldn't replace a cane or dog, is merely a tool that would enrich and enhance the lives of visually impaired and blind around the world.

I was so excited to "see again" that I emailed Suman Kanugantihe the following morning and asked if he thought Aira could enroll the assistance of lions clubs around the world to provide the needed sighted agents to make the technology work. He agreed to a meeting with our club and now the partnership of the lions and Aira has begun.

To my great honor, I have been selected as one of the first 200 people who will have the chance to explore and experience this leading-edge technology. I can't wait to see what my neighborhood looks like, to travel places in the city I've never been, to go shopping by myself, and to sit down at a restaurant and order food from the menu. Not to mention how this technology would make it easier to meet and greet other lions at a convention, to find my way around the hotel, or even travel through an airport. The applications are endless—from mobility and travel, to overcoming isolation and social barriers, to enhancing and increasing the 90% unemployment rate in the visually impaired and blind community.

This technology is amazing; however, it is useless unless there is an agent on the other end of the ear phones. This is where you come in. Won't you help make a difference and sign up today to become an Aira agent?

"As an Aira Agent, you will assist blind and low-vision users with daily activities, such as navigating on the street or reading menus, using a real-time interactive dashboard to process live streaming data. Aira is focused on developing transformative remote assistive technology and services that bring greater mobility, independence and self-confidence to blind and visually impaired individuals by connecting them, in an Uber style, to a network of certified Agents. Aira's high-tech approach uses a real-time interactive cloud-based dashboard, built to create for the blind an augmented reality context with live data streams from cameras, GPS, and other sensor systems from wearable platforms such as Google Glass and Pivothead. This allows Aira's remote Agents to render live personalized assistance to users in a myriad of daily activities – ranging from navigating busy city streets and catching a bus, to ordering meals from menus at restaurants and literally traveling the globe."

The below website link states that Aira is only accepting agents in the state of California, this is not the case. After speaking with Suman, he is willing to accept lions from Colorado. He is also willing to work with lions regarding volunteering and/or working as an agent as few as three hours a week, not 20 as stated. What is important now is that we need to start the process of getting lions as agents trained first, and then we can work out the remaining details later.

To start the process, go to:

<https://jobs.lever.co/aira/fd26babf-13c9-4311-a1a4-35be6e4eeb0e>
