## SAVE THE DATE FOR A RARE OPPORTUNITY-PDG MIKE SMITH

The PDG Association also known as Past District Governors of Texas Lions annually invite the new Lions Clubs International President to meet with the Leaders of Texas Lionism and on the first Saturday in August every year The International President gets to meet with the LEOS and All Club Officers from across the State.

The International President makes appearances around the world based on where he or she interests are peaked. The Texas Lions Camp in Kerrville is just one of those places most of the past presidents have enjoyed coming and getting a firsthand look at, while it is in session. Our current International President Naresh Aggarwal was so impressed that he said he would be trying to establish a similar camp in India soon.

## DIABETES THE NEW GLOBAL SERVICE FOCUS

With the start of the new century of service two new areas of focus was added by Lions Clubs International. The focus areas added is Diabetes awareness and Pedatric Cancer. I am not certain at this time if our club knows how to serve in the Cancer efforts. We as a club have discussed getting involved in the Diabetes campaign within the last couple of years.

### **BREAKFAST LIONS CLUB IS GROWING**

Lion Boss Forrest Mcglothlin has conducted one new member induction since taking office in July. There is also another new member for this month I do believe at the last meeting this month. Lion Boss Forrest's goal was 4 new members. So we are well on our way to reach or exceed that goal.

As members we need to continue to ask others to check out what we are doing. The best way is to ask them to one of our service projects before they join. If you have any names to give to the Membership committee please submit them to the Chair Lion Greg Baumbach.
