

# NEW DAWN! BWAILA CLUB NEWSLETTER CHARTER DINNER 2013!!

President Roosevelt said and I quote "When you cease to make a contribution , you begin to die. Giving is the barometer of our love for others"

We serve was founded on the strategy of team spirit ....we share the same destiny in Lionism,.

& VOTE OF THANKS

# WELCOME REMARKS FROM THE PRESIDENT

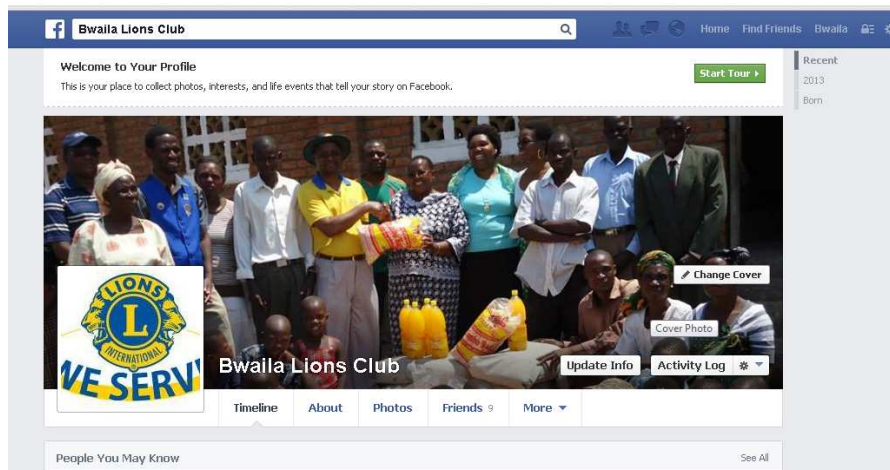

### Dear Lions, Leos & Prospective Lions,

We all agree that information communication technology (ICT) has evolved by leaps and bounds and in the present day one can rightly say that there is no human endeavour without the help of ICT. Some of you are reading this club newsletter from your smart phone, laptops, desktops etc you are part of a big family 'Information age' A large Corporate House, a business conglomerate, a trading house, a chemist shop or a restaurant at the corner has recognized the need of this growing technology that they have thought it wise to adapt to the changing needs.

Bwaila Lions Club is not left behind. Our committee understands the busy schedule of our members and hence we took this initiative to bring about an era of e-governance at all levels. Such a step would not only bring about paperless administration but also protect the environment.

Bwaila Lions Club appreciate the advantages and the speed of communication, we understand that our leaders at District levels constantly requires club activities update hence we decided to launch newsletters, facebook account and also tweet. Technologies has helped us organizing probably one of the blast charter dinner in our District 412. Our facebook account is <https://www.facebook.com/bwaila.lionsclub>

I am highly optimistic that the facebook, newsletter, tweets will be put to maximum use by our esteem members in obtaining all club activities information they need.
