Dear fellow Lions, Leos, Family and Friends

I have just returned from our 95th Lions International Convention in Busan, Korean. This was an exciting twelve days! The first four days were in the classroom with Lions from around the USA and World receiving instructions in being a District Governor. These four days were very enriching and gave us many tools to assist in our duties as District Governor throughout the year. We, as Lions at the club level, cannot imagine the magnitude of our organization at the global level. When fifty five thousand Lions get together you realize how great our organization really is with our common denominator being that of service to mankind regarding any humanitarian needs. When International President Wayne Madden administered the oath of office and Governor Ken removed my Governor Elect Ribbon, I felt many emotions and excitement flowing through my body. This was an extremely humbling feeling and I look forward to being your district governor with the help of all Lions in our district to accomplishing many great things this year. However, being installed was not the highlight of my trip. The true highlight was the presentation of International Lions of the year. There were three nominations for this extremely proclaimed award. When you think of our small district in the context of our world wide organization of over 1.35 million members, our very own Lions Jack and Wanda Tanaka were selected as International Lions of the Year. WOW, what an honor. Lions Jack and Wanda truly live up to our motto "We Serve". Congratulations to you both on a job well done.

As your District Governor, I will not reinvent the wheel but if change is necessary for the good of our District and Organization we will proceed as necessary to bring excellence to our great 4-L4 district.

As governor, one of my main concerns will be membership. As in real estate the key words are "Location, Location, Location" and with our Lions Organization it's "Membership, Membership, Membership". We as a district cannot reach out greatness and excellence without growth in membership as Lions and Leos. Our GMT (Global Membership Team) coordinated by PDG Norm MacKenzie and GLT (Global Leadership Team) coordinated by 2nd VDG Gil Smith will bring new ideas and creativity to our district to build new leaders and growth to District 4-L4. Clubs that are facing challenges in growth and new ideas should not hesitate to ask for help. We will not let you fail. Our teams are here to help and provide tools to assist any club in our district to achieve excellence. Part of my action plan is to grow our district by two new Lions Clubs anyone Leos club. I will not have a quota as in the past for each club to bring in two new members. The quota has been lifted and all clubs can encourage and bring as many new members as possible. Just remember, the more Lions we have the more service we can provide to our communities and world for humanitarian needs.

Our International President Wayne Madden's Theme is "IN A World Of Service". Our IP and his wife were both former educators and greatly value education. The IP winning formula is: Dedication+Preparation+Teamwork= EXCELLENCE. The IP will focus on literacy during his presidency. In today's world, there are one billion people that are illiterate and an incredible twenty-one million people in our country that are illiterate. The basic definition of literacy worldwide is the ability to write your name and read at a 10 year old level. We as Lions in our district will be able to assist our IP Madden by becoming involved in his Reading Action Program (RAP). There are many ways Lions can help in their communities. Consider the following:

- Donating books and/or computers to your local schools or library
- Volunteering as tutors through a local school

When I started my journey as 2nd VDG two years ago, I visited 35 clubs in five weeks to let everyone know who was PJ. My Motto then and still is "Service From The Heart". I'm a Lion because I want to serve my communities and mankind world- wide as do most Lions. It was never my intention to receive awards, accolades or points to facilitate our goals and mission. What we do as Lions should come from the heart. Therefore we will not be awarding any points for our work within our district for helping to promote literacy. When we as Lions read the Forum, please thank all your teachers and mentors for the gift of being able to read and write.

Our first Cabinet Meeting and installation of new officers will be coming up Saturday July 28, 2012. Please RSVP to Cabinet Secretary Dewey Linehan, (714) 846-2478 or Email dewdrm1@hotmail.com for reservations. Attending the cabinet meeting will earn each attendee five DG Paddy passes to win a stained glass window valued at \$1500.00 at convention in May 2013.

As your District Governor, I'm honored to serve and work for all Lions in Our District.

Newly installed District Governor P.J. Smith has returned from the 95th annual International Convention in Busan, Korea. Club officers have been installed. District officers will be installed at the first Cabinet Meeting of the year on July 28. It is clear that the 2012-2013 Lions Year has begun.

If you have not already done so, this is the time for clubs to plan and set goals. Part of these plans and goals should include membership. Increasing membership and strengthening existing membership. If you are not sure where to start, there is no need to strain your brain. Our association has a number of programs available to help make this your club's finest year. Your dues make these programs possible, so take advantage of them. Here are just a few.

- CEP or Club Excellence Process - This workshop is designed to help Lions clubs improve in areas of their choosing. A CEP Workshop can be customized to your club's needs.
- Mentoring Program - This is a program designed to help Lions achieve the goal of better serving his or her community. The Lions Mentoring Program is completed in two parts, basic and advanced.
- PR Tools - There are numerous FREE tools available through lionsclubs.org.

I am excited as we embark upon this new year in District 4-L4 and look forward to working with all the clubs in our District. We had solid membership growth last year and a GLT program that got off the ground. With so many opportunities this year for membership growth and leadership development I am confident we will have another successful year.

Our new International President's area of focus is Literacy. I cannot think of a better area for clubs to give their support this year. Without an educated population who can read and understand this increasingly complex world, more of our population will be left behind and we risk becoming less than a first class nation.

I can speak from experience that literacy coaching to the younger generation can be invaluable. My home club, Pomona Host, has provided literacy coaching in several Pomona Unified School District elementary schools this last two years for at risk students. Our members have seen students struggle with reading or math concepts, then break through and understand a teaching standard that is foundational to their future skills. These can truly be "ah ha" moments.

I look forward to engaging each club in the District and encourage you to call with any suggestion on how we, as District officers, might bring greater value to your club.

Your GLT Team is off and running for the new year. Our focus will be on bringing effective leadership training and the delivery of several specific leadership programs to the District.

Training Areas

Region Chair and Zone Chair training was conducted by PDG Dan Mayer on June 9th with a make-up session on June 30th. I believe almost all of the RCs and ZCs attended one of these sessions.

New club officer training by PDG Mike Scheafer (presidents, VPs and directors), Marianne Allen (secretaries), Gina Stansbury (treasurers) and Bill Hall (tail twisters) was held on June 30th. A total of 85 Lions participated, which has to be a recent record.

District Leadership Academy training will be conducted during the 8:10 a.m. – 8:50 a.m. time frame before each District cabinet meeting. PDG Dan Mayer is overall coordinator, with support from other skilled Lions trainers. Topics we will cover this year include: Conducting Effective Meetings (July cabinet meeting), Membership (November cabinet meeting) and Conflict Resolution (January cabinet meeting).

Club Excellence Process (CEP) Facilitator training should be held in September or October (in conjunction with Certified Guiding Lion Training).

Certified Guiding Lion training should be held in September or October (in conjunction with CEP training).

Programs Delivered to District Clubs

New Member Orientations will be promoted to all clubs who have added members in this last year. This will be facilitated through the Region Chairs and Zone Chairs. There have been several clubs who requested a club-wide orientation since it has been so long since the last one was conducted. Keep in mind you can also invite prospective Lions.

Club Excellence Process (CEP) Conducted at the Club Level will be promoted. Ontario Host and Tustin Host have already commenced or committed

Two Ronald McDonald
Family Rooms serve Orange County

At this time, there are two Ronald McDonald Family Rooms in Orange County. Manned almost entirely by volunteers, the first opened in 1999 at CHOC Children's at Mission Hospital in Mission Viejo. The newest Ronald McDonald Family Room came online in November 2007, inside of CHOC Children's in the city of Orange.

Ronald McDonald Family Rooms extend the services of the Orange County Ronald McDonald House (OCRMH), by serving as an oasis of calm inside the hospital. Here, parents with children in pediatric intensive care and cardiovascular intensive care units can relax a bit, eat and shower. The facilities feature a living room with plasma TV, games for children, a kitchenette, quiet reflection area, and a family resource library with computers so families can use e-mail and do research. Additionally, the facilities at CHOC Children's at Mission Hospital feature two rooms in which parents can nap and sleep while remaining just steps away from their child.

The Ronald McDonald Family Room helps alleviate stress by providing families with an escape inside of the hospital. Additionally, parents find relief and camaraderie by talking with and just being surrounded by others in similar circumstances, yet have the comfort of being down the hall from their hospitalized child. When families first walk into one of our two Ronald McDonald Family Rooms, they frequently forget they are still in a hospital. They see children playing or eating treats baked by volunteers, while parents look on and chat with each other.

"Our experience shows that parents with a seriously ill child who do not take care of themselves get worn down by stress and lack of rest," says Deborah Levy, Executive Director, OCRMH. "With the Ronald McDonald Family Room, families can find comfort and support just steps away from their children's hospital room."

HEARING & SPEECH ACTION NEWS

TESTS LINK HEARING LOSS AND DIABETES

Hearing tests at the recent American Diabetes Association Expo, sponsored by the Oregon Lions Sight & Hearing Foundation, showed that more than half of the 400 people tested had hearing loss. Nearly 100 percent were unaware that hearing loss was associated with diabetes, had never received a physician's recommendation for a hearing test, and were enthusiastic about knowing their results.

Researchers at Henry Ford Hospital in Detroit reviewed approximately 1,000 patient charts and found substantial differences in hearing in those with diabetes when compared with their counterparts. Derek J. Handzo, lead author of the study, said the same process responsible for changes to other organ systems in diabetes also undermine structures in the ear. Hearing loss in those with diabetes seem related to blood flow impairment in late-stage diabetes, said Kathleen Yaremchuk, MD. "Just as smoking cigarettes leads to lost lung function, the encroaching impact of diabetes on hearing may be imperceptible until it is irreversible.

A Federal health survey of several hundred U.S. adults four years ago discovered a higher rate of hearing loss in those with diabetes. The association, found at all frequencies, was strongest in the high frequency range. Bob Tysoe, Sonus Portland marketing manager, was struck by how treatable these men and women seemed and said that this information offers a potential powerful route to change. What is lost is lost, but the key lies in the technology for prevention.
