## City of Hope

### Where the Power of Knowledge Saves Lives

#### Project Description

Founded in 1913, **City of Hope** is a world-renowned leader in the fight against cancer and life-threatening diseases. Located in Duarte, California, it brings together top physicians, researchers, and scientists to deliver **cutting-edge treatment, compassionate care, and groundbreaking research.**

Through its National Medical Center and Beckman Research Institute, City of Hope serves millions—advancing cures while providing hope to patients and families facing critical health challenges.

#### Why This Project Matters

Behind every diagnosis is a life, a family, and a future.

-  City of Hope is changing outcomes through innovation and compassion
-  Breakthrough research leads to life-saving treatments
-  Patients receive care that treats both the disease and the person
-  *This is where hope becomes healing—and where Lions help make that possible.*

#### How the Public Can Get Involved

You can be part of bringing hope to those who need it most:

-  Support through donations to advance research and patient care
-  Participate in Lions-led fundraising events
-  Share awareness within your community
-  Volunteer and engage in service opportunities

 *Every act of support helps turn research into real-life cures.*

#### CALL TO ACTION – LIONS CLUBS OF DISTRICT 4-L4
